The Trumps Three Generations Of Builders And A Presidential Candidate:

The Trumps Gwenda Blair, 2000 An entertaining chronicle now in paperback explores the turbulent history and extraordinary achievements of the Trump family from their first forays into real estate by Friedrich to the over the top ambitions of Donald Trump himself of photos **The Trumps** Gwenda Blair, 2015-10-06 The definitive family biography of President Donald Trump The revealing story of the Trumps mirrors America's transformation from a land of striving immigrants to a world in which the aura of wealth alone can guarantee a fortune The Trumps begins with a portrait of President Trump's immigrant grandfather who as a young man built hotels for miners in Alaska during the Klondike gold rush His son Fred took advantage of the New Deal using government subsidies and loopholes to construct hugely successful housing developments in the 1940s and 1950s The profits from Fred's enterprises paved the way for President Trump's roller coaster ride through the 1980s and 1990s into the new century With his talent for extravagant exaggeration he calls it truthful hyperbole President Trump turned the deal making know how of his forebears into an art form By placing this much publicized life within the context of family Gwenda Blair adds a new dimension to the larger than life figure who ascended to the American Presidency **The Strange Case of Donald J. Trump** Dan P. McAdams, 2020-02-17 The Strange Case of Donald J Trump provides a coherent and nuanced psychological portrait of Donald Trump drawing upon biographical events in the subject's life and contemporary scientific research and theory in personality developmental and social psychology Dan P McAdams renowned psychologist who pioneered the study of lives examines the central personality traits personal values and motives and the interpersonal and cultural factors that together have shaped Trump's psychological makeup with an emphasis on the strangeness of the case that is how Trump again and again defies psychological expectations regarding what it means to be a human being The book's central thesis is that Donald Trump is the episodic man The chapters structured as stand alone essays each riffing on a single psychological theme build on each other to present a portrait of a person who compulsively lives in the moment without an internal story to integrate his life in time With an emphasis on scientific personality research rather than political rhetoric McAdams shows that Trump's utter lack of an inner life story is truly exceptional This book is a remarkable case study which should be of as much interest to psychologists as it is to readers trying to reckon with the often confounding behavior and temperament of the 45th President of the United States

Unpresidential Martha Brockenbrough, 2018-12-04 A riveting meticulously researched and provocative biography of Donald J Trump from the author of *Alexander Hamilton Revolutionary* Born into a family of privilege and wealth he was sent to military school at the age of 13 After an unremarkable academic career he joined the family business in real estate and built his fortune His personal brand sex money and power From no holds barred reality TV star to unlikely candidate Donald J Trump rose to the highest political office President of the United States of America Learn fascinating details about his personal history including Why Trump's grandfather left Germany and immigrated to America Why Woodie Guthrie wrote a

song criticizing Trump's father How Trump's romance with Ivana began and ended When Trump first declared his interest in running for President Discover the incredible true story of America's 45th President his questionable political and personal conduct and his unprecedented rise to power Richly informed by original research and illustrated throughout with photographs and documents Unprecedented is a gripping and important read **Trump Revealed** Michael Kranish, Marc Fisher, 2017 Who is Donald J Trump To discover Trump in full the Washington Post assembled a team of award winning reporters and researchers to investigate every aspect of his life from his privileged upbringing in Queens to his hundreds of lawsuits his infamous womanizing his shifting position on abortion rights his dizzying seven changes in party affiliation and his astonishing disruptive election as president in November 2016 Page 4 of cover *Capital City* Samuel Stein, 2019-03-05 Our cities are changing Global real estate is now a 217 trillion dollar industry 36 times the value of all the gold ever mined It makes up 60 percent of the world's assets and the most powerful person in the world the president of the United States made his name as a landlord and real estate developer As Samuel Stein makes clear in this tightly argued book its through seemingly innocuous profession of city planners that we can best understand the transformations underway Planners provide a window into the practical dynamics of urban change the way the state uses and is used by organized capital and the power of landlords and developers at every level of government But crucially planners also possess some of the powers we must leverage if we ever wish to reclaim our cities from real estate capital **Donald Trump** Jill Sherman, 2017-01-01 On June 16 2015 Donald Trump announced his candidacy for president of the United States The celebrity businessman and reality TV show host went on to win the presidency in 2016 Trump has led a varied career from his many business enterprises to his role as host in the reality TV show The Apprentice As chairman of The Trump Organization his net worth is estimated at more than 4 billion Trump's outspoken personality caused controversy and even protests at his presidential rallies but he never let them slow him down Follow Trump's journey from Trump Tower to the White House and learn about the history of the man who promises to Make America Great Again *House of Trump, House of Putin* Craig Unger, 2019-09-03 THE NEW YORK TIMES BESTSELLER The story Unger weaves with those earlier accounts and his original reporting is fresh illuminating and more alarming than the intelligence channel described in the Steele dossier The Washington Post House of Trump House of Putin offers the first comprehensive investigation into the decades long relationship among Donald Trump Vladimir Putin and the Russian Mafia that ultimately helped win Trump the White House It is a chilling story that begins in the 1970s when Trump made his first splash in the booming money drenched world of New York real estate and ends with Trump's inauguration as president of the United States That moment was the culmination of Vladimir Putin's long mission to undermine Western democracy a mission that he and his hand selected group of oligarchs and Mafia kingpins had ensnared Trump in starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City This book confirms the most incredible American paranoias about Russian malevolence To most it will

be a hair raising revelation that the Cold War did not end in 1991 that it merely evolved with Trump s apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union In House of Trump House of Putin Craig Unger methodically traces the deep rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia He traces Donald Trump s sordid ascent from foundering real estate tycoon to leader of the free world He traces Russia s phoenix like rise from the ashes of the post Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower Without Trump Russia would have lacked a key component in its attempts to return to imperial greatness Without Russia Trump would not be president This essential book is crucial to understanding the real powers at play in the shadows of today s world The appearance of key figures in this book Paul Manafort Michael Cohen and Felix Sater to name a few ring with haunting significance in the wake of Robert Mueller s report and as others continue to close in on the truth

Lucky Loser Russ Buettner, Susanne Craig, 2025-09-23 An Instant New York Times Bestseller A Washington Post Notable Book A Financial Times Best Business Book of the Year A first rate financial thriller Lucky Loser is one of those rare Trump books that deserve even demand to be read Alexander Nazaryan The New York Times From the Pulitzer Prize winning reporters behind the 2018 bombshell New York Times expos of President Trump s finances an explosive investigation into the history of Donald Trump s wealth revealing how one of the country s biggest business failures lied his way into the White House Soon after announcing his first campaign for the US presidency Donald J Trump told a national television audience that life has not been easy for me It has not been easy for me Building on a narrative he had been telling for decades he spun a hardscrabble fable of how he parlayed a small loan from his father into a multi billion dollar business and real estate empire This feat he argued made him singularly qualified to lead the country Except None of it was true As his wealthy father s chosen successor Trump received the equivalent today of more than 500 million in family money He collected a second windfall thanks to Mark Burnett the revolutionary television producer who made Trump a star In truth Trump s empire was underwritten and at times saved by the equivalent of more than 1 billion that came his way without any of the business expertise he claimed Drawing on over twenty years worth of Trump s confidential tax information including the tax returns he tried to conceal alongside business records and interviews with Trump insiders New York Times investigative reporters Russ Buettner and Susanne Craig track Trump s financial rise and fall and rise and fall again A masterpiece of narrative reporting Lucky Loser is a meticulous examination spanning nearly a century filled with scoops from Trump Tower Mar a Lago Atlantic City and the set of The Apprentice Here for the first time is the definitive true accounting of Trump and his money what he had what he lost and what he has left and the myth of Trump the self made billionaire exposed

God and Donald Trump Stephen E. Strang, 2017 An award winning journalist who campaigned for President Trump during his election offers a powerful first person account of one of the most contentious races in American history with exclusive interviews and insightful commentary from the men

and women who were there
