The Ufo Disclosure Destruction Papers:

The UFO Disclosure Destruction Papers H. R. Phillips, 2016-12-01 H R Phillips is a top UFO blogger with nearly 1 400 posts on UFOlogy all since 2007 His intense examination of certain issues during that period provide an insight into what is referred to as UFO Disclosure Indeed Phillips specifically focuses on what issues the mainstream media missed covering this millennium before the official U S answer about UFO Disclosure in late 2011 An answer that in all likelihood amounts to suppression through disclosure Like other UFO books by Phillips this one too contains his best posts from his main UFO blog UFO Disclosure Countdown Clock and his esoteric blog The Heavy Stuff along with ADDITIONAL analysis and commentary Below are the chapter titles Unofficial Un Intentional Disclosure The Heaven And Hell Of UFO Disclosure True Anagrams For UFO Disclosure Vatican Blesses Believers Of Aliens Obama s it depends Answer To The Alien Disclosure Question Part Two The Actual Lack Of Thirst For UFO Disclosure Is UFO Disclosure Already Getting Boring U S UFO Disclosure Could It Be Done With Limited Impact Might Even FORCED Alien Disclosure Mean Virtually Nothing C SPAN Embarrasses Don t Worry The Aliens Are Friendly Exopolitics Greer Makes Disclosure Plea The Unthinkable Disclosure Happens Make sure to read also the LONG foreword to these chapters by reading a free sample of the book This is a book that finally explains what matters now AFTER the official U S answer about the extraterrestrial presence and human interactions **UFOs and Government**

Michael D. Swords, 2012 Governments around the world have had to deal with the UFO phenomenon for a good part of a century How and why they did so is the subject of UFOs and Government a history that for the first time tells the story from the perspective of the governments themselves It s a perspective that reveals a great deal about what we citizens have seen and puzzled over from the outside for so many years The story which is unmasked by the governments own documents explains much that is new or at least not commonly known about the seriousness with which the military and intelligence communities approached the UFO problem internally Those approaches were not taken lightly In fact they were considered matters of national security At the same time the story reveals how a subject with such apparent depth of experience and interest became treated as if it were a triviality And it explains why one government the United States government deemed it wise and perhaps even necessary to treat it so Though the book focuses primarily on the U S government s response to the UFO phenomenon also included is the treatment of the subject by the governments of Sweden Australia France Spain and other countries This large format fully illustrated book is the result of a team effort that called itself The UFO History Group a collection of veteran UFO historians and researchers who spent more than four years researching consulting writing and editing to present a work of historical scholarship on government response to the UFO phenomenon Michael Swords was the primary author of the United States chapters The work was coordinated and edited by Robert Powell Clas Svahn Vicente Juan Ballester Olmos Bill Chalker and Robert Powell contributed country chapters Jan Aldrich was the primary content consultant with additional content consultation and writing coming from Barry Greenwood and Richard Thieme Steve Purcell was the

primary photo illustration editor From the foreword by Jerome Clark While UFOs and Government revisits an often unhappy history the reading of it is far from an unhappy experience The authors eloquent intelligent sophisticated and conscientious provide us with the first credible comprehensive overview of official UFO history in many years Most of the current volume deals with U S military and intelligence responses to the UFO phenomenon but it also features richly informative chapters that expand the story across the international arena If you re looking for an example of a nation that dealt productively with the UFO reports that came its official way you will take heart in the chapter on the French projects From here on every responsible treatment of UFOs and government will have to cite UFOs and Government prominently among its sources this is the real story as accurately as it can be reconstructed in the second decade of the new century I expect to keep my copy close at hand and to return to it often While it cannot be said of many books UFO themed or otherwise this is among the essential ones Stray from it at your peril
