Exploiting Agility for Advantage David L. Francis, 2020-09-07 Many argue that all organisations should strive to be agile Exploiting Agility for Advantage takes a radically different view The author's research shows that requisite agility is required meaning not too much not too little of the right type and delivering wanted agility deliverables This is a book for managers who want their enterprise to be intelligently agile but don't know how to achieve this Part One shows why agility is a strategic option for commercial and not for profit enterprises Part Two describes in detail a seven step agility orientated development programme for work groups or entire organisations Part

Three provides academic underpinning on organisational agility for researchers and students of management Agility isn't easy and developing it is going to need much more than a simple slogan This book offers very helpful insights into the detailed mechanisms that underpin this capability and practical guidance around how to build and embed them Prof John Bessant Author videos <https://vimeo.com/449735611> <https://vimeo.com/461491774> **On the Role of the Actuary in a Changing World** John Gordon,2015-07-01 The 2008 financial crisis was a reminder to people both inside and outside the Actuarial Profession of just how complex the Financial Services industry has become and just how tied the World economy presently is to its fortunes This wide ranging non technical book examines our present economic model the industry's present function and the appropriateness of the Actuarial Profession's present strategy and direction in the aftermath of that crisis and in the context of the challenges that lie ahead The book's central premise is that far from being a one off the 2008 crash is merely a portent of things to come and that the Profession the industry it serves and even the political and economic models under which both presently operate are in need of fundamental reform if they are to equip our society to withstand the challenges that are going to be visited upon it This book seeks to explore the reasons why and to open the debate about what shape that reform ought to take As such it should be of interest not just to actuaries but to anyone who has an interest in our collective future
