Sharon Ward,2016-04-01 In the current business climate the impact of the volume and nature of regulatory change and the regulatory risk arising from this is a significant business risk for regulated firms and regulators alike As a consequence management of this risk is increasingly high on the board agenda of regulated firms with those business functions whose activities support this such as Compliance facing increasing levels of challenge in their efforts to be effective The Changing Face of Compliance addresses core aspects of this challenge considering the relationship between regulation and compliance and key influences on both offering insight into the effectiveness of current approaches and addressing practical compliance challenges Sharon Ward explains how the role of Compliance might be strengthened and those who work within it further enabled to support the current focus on improving standards in business offering recommendations for enhancing this role The text includes a mix of hands on advice examples and research based on the experiences of practitioners educators and regulators drawn from across a wide range of jurisdictions and sectors This is a thoughtful and timely book whether you are concerned about the growing and changing implications of regulatory risk the benefit of leveraging additional value from your Compliance function or your own Compliance role or ways of transforming and sustaining the function to ensure its continued relevance to the business *Regulating (From) the Inside* Iris H-Y Chiu,2015-11-05 This book examines a key aspect of the post financial crisis reform package in the EU and UK the ratcheting up of internal control in banks and financial institutions The legal framework for internal controls is an important part of prudential regulation and internal control also constitutes a form of internal gate keeping for financial firms so that compliance with laws and regulations can be secured This book argues that the legal framework for internal control which is a form of meta regulation is susceptible to weaknesses and such weaknesses are critically examined by adopting an interdisciplinary approach The book discusses whether post crisis reforms adequately address the weaknesses in regulating internal control and proposes an alternative strategy to enhance the governance effectiveness of internal control **Global Politics and Violent Non-state Actors**

Natasha Ezrow,2017-03-13 Moving beyond terror groups to examine non state actors including warlords gangs and private security companies Violent Non State Actors Guides you through the core theories and concepts taking a multidisciplinary approach Examines different explanations for the emergence of violent non state actors as well as strategies for dealing with them Weaves in international case studies from groups including the Islamic State Los Zetas Hamas and Al Qaeda as well as discussion questions further reading and definitions of key terms A must read for upper level undergraduate and postgraduate students in politics international relations security and terrorism studies **The Changing Function of**

Compliance Sharon Ward,2023-09-18 As risks arising within the business environment grow in size and complexity so too do the regulatory requirements put in place to manage them The pace of regulatory change is itself a significant business risk

and compliance departments are under increasing pressure to keep up with the change and adapt their organisations accordingly This new edition of what has become an indispensable guide to regulation compliance brings readers up to date with changing areas of focus and provides guidance for regulated firms and regulators alike The Changing Function of Compliance considers the relationship between regulation and compliance as well as key influences on both offering insight into the effectiveness of current approaches and addressing practical compliance challenges It explains the purpose and development of regulatory risk management and the existing regulatory environment and provides a detailed exploration of the compliance function explaining how the role might be strengthened and how best to approach the role to enable it to be effective This practical and accessible handbook includes a mix of hands on advice examples and research based on the experiences of practitioners educators and regulators drawn from across a wide range of jurisdictions and sectors This book is an essential read whether you are concerned about the growing and changing implications of regulatory risk the benefit of leveraging additional value from your compliance function or your own compliance role or ways of transforming and sustaining the function to ensure its continued relevance to the business

Law Librarianship in the Digital Age Ellyssa Kroski, 2013-11-14 It is absolutely essential that today's law librarians are digitally literate in addition to possessing an understanding and awareness of recent advancements and trends in information technology as they pertain to the library field Law Libraries in the Digital Age offers a one stop comprehensive guide to achieving both of those goals This go to resource covers the most cutting edge developments that face today's modern law libraries including e Books mobile device management Web scale discovery cloud computing social software and much more These critical issues and concepts are approached from the perspective of tech savvy library leaders who each discuss how forward thinking libraries are tackling such traditional library practices as reference collection development technical services and administration in this new digital age Each chapter explores the key concepts and issues that are currently being discussed at major law library conferences and events today and looks ahead to what's on the horizon for law libraries in the future Chapters have been written by the field's top innovators from all areas of legal librarianship including academic government and private law libraries who have strived to provide inspiration and guidance to tomorrow's law library leaders

E-Commerce Law in China Cristiano Rizzi, 2013-09-01 This first book of its kind examines the framework regulating online sales protection of personal data and intellectual property use of e money e marketing and Internet security as they currently exist in China's market space The book's very useful information includes such items as the following detailed comparisons with European e commerce regulation business models for operating a website in China Chinese rules on online purchase contracts privacy and data security downloading and distributing software and other material protection against copyright infringements and computer fraud issues of jurisdiction and governing law advertising and spam use of cookies in online marketing taxation of e commerce existing gateways for online payment effect of the expansion of the so called social forums understanding Chinese

online consumers and their behavior importance of Chinese culture and heritage when applying copyright on the Internet and progress towards a freer and more secure cyberspace in China An appendix presents English texts of essential Chinese legislation affecting e commerce As a full fledged definition of this new channel of distribution its boundaries and functioning with a particular focus on China this book is an indispensable source of guidance and reference for counsel representing global marketers at any level of business Its importance for scholars and researchers in the critical field of data security goes without saying However this book is also a guide for all the enterprises wishing to do business in the online dimension in China and for all the consumers shopping online wishing to know what their rights are when buying products or services on the Internet and to know how to protect themselves if something goes wrong

Creative and Innovative Auditing Jeffrey Ridley, 2017-12-01 Bringing creativity and innovation into all professions and types of auditing today this book meets the needs of auditing practices in the future Recent criticisms of auditing practices by financial regulators the traditional expectation gaps between auditors and auditees and the continuing advances in technology make it even more important today to motivate creativity and innovation in the professions of auditors be they internal external quality environmental social clinical and so on In Creative and Innovative Auditing Jeffrey Ridley studies all auditing practices not just internal auditing using an innovation model he has developed through research which is applicable to all auditing organisations and professions He shows how motivating innovation in auditing practices will address the needs of today and tomorrow s auditing of governance risk management and control
