Thoth Architect Of The Universe:

Thoth, Architect of the Universe Ralf Ellis, 1997-01-14 What was the purpose of all the megalithic architecture that was created all around the world during the Stone Age Ralf has developed a theory that each of these structures represents a map of the world a map that may have been designed to pinpoint the location of the mythical Hall of Records There is no difficulty in seeing these maps at Stonehenge and Giza one just needs a little lateral thinking In fact a six year old is more likely to spot them than an adult Ralph also demonstrates how important the metrology of Giza was to the ancients In fact we still use these units today for the Great Pyramid measures 1760 cubits around the base and the Imperial Mile measures 1760 yards Thus America in particular is still using Egyptian metrology The Megalithic Map series Latest version v5 4 Stonehenge Avebury Silbury Henge Great Pyramid Giza Meidum Pyramid Precession Thoth Ralph Ellis, 1998 Thoth Ralph Ellis, 2001 While researching the metrology of the megalithic monuments of Britain and Egypt Ellis made an important and previously unnoticed observation Many of the megalithic monuments of the world including Stonehenge and the Great Pyramid can be viewed as being maps of the earth These maps are verifiable as being designed in this fashion because they include within their structure the latitudes of specific topographical features on the surface of the earth The architect of these monuments was making maps the only thing now to be found is where the X marks the spot was placed The ancient monument builders were constructing technical messages for the future messages like the mathematical constant pi above Thoth Architect of the Universe has gone beyond this simple observation and found evidence of maps carved into the very fabric and design of these great megalithic monuments Structures like the great henge of Avebury are quite obvious in their cartographical design others like the Great Pyramid of Giza are less obvious Nevertheless all of these monuments can be seen to be maps of our Earth maps that date from the Neolithic age *Thoth* Ralph Ellis, 1997 *Thoth, Architect of the Universe* Ralf Ellis, 1997-11-01 New revised and expanded 2015 edition Megalithic Maps What was the purpose of all the megalithic architecture that was created all around the world during the Stone Age Ralf has developed a theory that each of these structures represents a map of the world a map that may have been designed to pinpoint the location of the mythical Hall of Records There is no difficulty in seeing these maps at Stonehenge and Giza one just needs a little lateral thinking In fact a six year old is more likely to spot them than an adult Ralph also demonstrates how important the metrology of Giza was to the ancients In fact we still use these units today for the Great Pyramid measures 1760 cubits around the base and the Imperial Mile measures 1760 yards Thus America in particular is still using Egyptian metrology Followed by K2 Quest of the Gods v5 4 *Guardians of the Holy Grail* Mark Amaru Pinkham, 2004 Presenting the ancient Holy Grail lineage from Asia and how the Knights Templar were initiated into it this book reveals how ancient Asian wisdom became the foundation for the Holy Grail legend *The Giza Death Star Deployed* Joseph P. Farrell, 2003 Physicist Joseph Farrell is amazing sequel to The Giza Death Star which takes us from the Great Pyramid of Giza to the asteroid belt and the so called Pyramids of Mars

Farrell expands on his thesis that the Great Pyramid was a chemical maser designed as a weapon and eventually deployed with disastrous results to the solar system The Great Pyramid as a weapon Evidence of the Use of Weapons of Mass Destruction in Ancient Times The Astonishing Technology used in the Giza Death Star Evidence of a similar Death Star Pyramid built on Mars The mystery of the Asteroid Belt solved Topics in this amazing book include Exploding Planets The Movie the Mirro and the Model Dating the Catastrophe and the Compound A Brief History of the Exoteric and Esoteric Investigations of the Great Pyramid No Machines Please The Stargate Conspiracy The Scalar Weapons Message or Machine A Tesla Analysis of the Putative Physics and Engineering of the Giza Death Star Cohering the Zero Point Vacuum Energy Flux Synopsis of Scalar Physics and Paleophysics Configuring the Scalar Pulse Wave Inferred Applications in the Great Pyramid Quantum Numerology Feedback Loops and Tetrahedral Physic

K2, Quest of the Gods Ralf Ellis, The Great Pyramid in the Himalaya In Thoth Architect of the Universe Ralf discovered evidence for megalithic maps But if these megalithic maps are to be of any use in a quest for the mythical Hall of Records then they need to be a little more detailed than a simple representation of continents Luckily the shaft angles inside the Great Pyramid can refine these maps down to just a few tens of meters And so Ralf embarked on a long trek into the high Himalaya to see what lay at the heart of the Giza map Strangely enough what he found there was a giant snow white pyramid aligned with the cardinal points with a causeway aligned at 14 from its base exactly the same as the Great Pyramid itself Sequel to Thoth Architect of the Universe v3 6

The Return of the Serpents of Wisdom Mark Amaru Pinkham,1997-09 According to ancient records the patriarchs and founders of the early civilisations in Egypt India China Peru Mesopotamia Britain and the Americas were colonised by the Serpents of Wisdom who arrived in these lands after abandoning their beloved homelands and crossing great seas While bearing names denoting snake or dragon these Serpents of Wisdom oversaw the construction of magnificent civilisations within which they and their descendants served as the priest kings and as the enlightened heads of mystery school traditions This book recounts the history of these Serpents and why they are returning now

Catastrophobia Barbara Hand Clow,2001-05-01 Bestselling author Barbara Hand Clow examines legendary cataclysms and shows how we are about to overcome the collective fear they have instilled in us The long awaited follow up that continues the revelations begun in The Pleiadian Agenda which has sold more than 60 000 copies Explains why contrary to many prophets of doom we are actually on the cusp of an era of incredible creative growth The recent discovery of the remains of ancient villages buried beneath the Black Sea is the latest instance of mounting evidence that many of the mythic catastrophes of history the fall of Atlantis the Biblical Flood were actual events In Catastrophobia Barbara Hand Clow shows that a series of cataclysmic disasters caused by a massive disturbance in the Earth s crust 11 500 years ago rocked the world and left humanity s collective psyche permanently scarred We are a wounded species and this unprocessed fear passed from generation to generation is responsible for our constant expectations of apocalypse from Y2K to the famed end of the Mayan calendar in 2012 Catastrophobia reveals the insidious global forces that have used these collective fears to control humanity for thousands of years But we are in the midst of a tremendous shift in the Earth s 26 000 year precessional cycle and there is every indication that the changes in consciousness over the last 30 years are the beginnings of a collective healing from these deep fears heralding a new age where we will see that the era of cataclysms is ending and a time of extraordinary creative activity is at hand

Mystery in Acambaro Charles H. Hapgood,1999-12 The Acambaro collection comprises hundreds of clay figurines that are apparently thousands of years old however they depict such bizarre animals and scenes that most archaeologists dismiss them as an elaborate hoax The collection shows humans interacting with dinosaurs and various other monsters such as horned men Both Hapgood and Earl Stanley Gardner were convinced that the figurines from Acambaro were authentic ancient artifacts that indicated that men and dinosaurs had cohabited together in the recent past

and that dinosaurs had not become extinct many millions of years ago as commonly thought David Hatcher Childress writes a lengthy introduction concerning Acambaro the latest testing and other evidence of living dinosaurs Ophiolatrea Edward Sellon,2022-05-28 Edward Sellon s Ophiolatrea presents a provocative exploration of the intersection between spirituality and snake worship in the context of ancient cultures Through a blend of meticulous historical research and vivid prose Sellon delves into the significance of serpents in various mythologies examining their roles as symbols of wisdom healing and transformation The work is characterized by its analytical literary style weaving together interdisciplinary perspectives from theology anthropology and history thereby situating snake veneration within the broader discourse of human belief systems Edward Sellon an influential 19th century writer and scholar in the fields of theology and comparative religion draws upon his background to craft this ambitious text His exposure to diverse cultural practices and esoteric traditions informed his understanding of the profound influence that serpent symbolism wields across different civilizations Sellon s scholarly pursuits reflect a deep curiosity about the primal instincts that shape human spirituality making Ophiolatrea not just a book about snakes but an inquiry into the very essence of religious expression This scholarly treatise is recommended for anyone interested in the intricate tapestry of mythology and religion particularly those who wish to understand how ancient beliefs persist and evolve in contemporary contexts Ophiolatrea serves as an invaluable addition to the libraries of students historians and those fascinated by the complex interplay of nature and spirituality **Ophiolatrea: an account of the rites and mysteries connected with serpent worship in various parts of the world** Ophiolatrea,1889 Ophiolatrea ,1889 Jesus, Last of the Pharaohs Ralph Ellis,1997-04-21 It is a little known fact that the exodus of the Hyksos pharaohs from Egypt to Jerusalem is an incredibly similar event to the exodus of the Israelites from Egypt to Jerusalem Classical historians and theologians will not entertain any connection between the two because this infers that the Israelite leaders were actually pharaohs of Egypt However Ralph Ellis has taken this obvious comparison and demonstrated the royal Egyptian ancestry of the Judaic patriarchs and also of Jesus Ralph has also uncovered evidence for the New Testament Saul St Paul in the historical record a discovery that brings with it several new accounts of the life of Jesus Saul the inventor of Christianity was actually Josephus Flavius a well known historian Jesus was the governor of Tiberias and owned a castle there and he may have died during the siege of Jerusalem in about AD70 rather than AD 33 crucified along with two of his compatriots Followed by Tempest Exodus and Eden to Egypt Latest version v5 6 Hyksos Shepherd Kings Jacob Sea People Jesus Saul Jerusalem Egyptian False Prophet historical Jesus **The Conspiracy Rhetoric of Mankind** Paul J. Linke,2012-09 When we think we learned something new we are quite proud of it But it wears off quickly for an unknown reason So what is wrong with what we do When you start to think about the things you learn and what the reason or purpose actually is then you have to wonder sometimes is it really something new we just learned Because having in mind to learn something new can be quite exhausting at times Maybe we have to start to think about this in a different way and take a

different approach in discovering new things It is like a treasure hunt imagine that we are all pirates looking for an adventure or treasures Obviously our life is about searching for something but most of the time we don't even know what we are looking for We do this quite instinctively maybe we are preprogrammed in a way and we are not aware of it But when you find out who we are then everything seems to make sense Our entire world Universe stands on myth and mythology including our history making us wonder if it is real Lets look at life in a different way Learn more about our history maybe we can learn from old things our ancestors already new and then set that aside and try to find your own way You most certainly will see things with different eyes This is what our life is all about it is a soul search where the experience we have along the way is the reward treasure In Australia the Aboriginal people are most likely a candidate for such an idea They go on a regular Walkabout which literally means looking for something They might find something which can be worth bringing home as an idea for which the whole community can benefit from This is what a walkabout is all about looking for something which is useful and has a value in the community After all we are constantly occupied by making a living or providing for our needs The westerners actually practice the same thing we call them the Backpackers People who go and see other parts of the world enjoy the diversity and beauty of nature as well as other cultures and traditions Yes we can learn something old have a lot of fun and it can be quite rewarding This book was taking shape based on an ironic thought How much knowledge there is and we know so little How come we know so little We know all the most complicated things there can be but we know very little of what life is about What is the cause for all things How does it all work What is the reason And last but not least How do we fit into everything Is it possible that we have taken valuable information from ancient Greek knowledge but ignored one of their most important practices the philosophy of all things Has everything to us become scientific or important because sciences can explain the real world Have we forgotten that this real world we live in comes from a mystical source something unseen Something we call a different dimension because we can't possibly explain it It is such an exotic source that it would take a lot of ancient knowledge to discover the truth Do you want to discover the truth This book might have some answers
