Three Prophets Of Religious Liberalism Channing Emerson Parker:

Three Prophets of Religious Liberalism ,1969 **Three Prophets of Religious Liberalism** Conrad Wright,1996

Three Prophets of Religious Liberalism William Ellery Channing (II),1961 *Channing - Emerson - Parker* ,1961

Three Prophets of Religious Liberalism Conrad Wright,1986 Three landmark addresses in the history of American Unitarianism in one convenient volume Edited by one of the leading UU historians **Witnessing Their Faith** Jay Alan Sekulow,2007-12-13 When it was ratified in 1791 the First Amendment to the Constitution of the United States sought to protect against two distinct types of government actions that interfere with religious liberty the establishment of a national religion and interference with individual rights to practice religion Since that time no question has so bedeviled the U S Supreme Court as finding the best way to interpret and apply the Establishment Clause and the Free Exercise Clause of the First Amendment In this unique and timely book Jay Sekulow examines not only the key cases and their historical context that have shaped the law concerning church state relations but also for the first time the impact of the religious faith and practices of Supreme Court Justices who have ruled in each case Covering cases from the teaching of religion in public schools and the use of federal funds for parochial schools to today s debates about the Pledge of Allegiance and public displays of the Ten Commandments *Witnessing Their Faith* is essential reading for anyone interested in the history and future of religious freedom in America **Jesus Was a Liberal** Scotty McLennan,2025-03-14 For the millions of people who identify as liberal Christians In McLennan s bold call to reclaim ownership of Christianity he advocates a sense of religion based not on doctrinal readings of scripture but on the humanity behind Christ s teachings He addresses such topics as intelligent design abortion same sex marriage war torture and much much more As he says in the Preface We liberal Christians know in our hearts that there is much more to life than seems to meet the rational eye of atheists yet we find it hard to support supernatural claims about religion that fly in the face of scientific evidence **American Civil War** Spencer C. Tucker,2013-09-30 This expansive multivolume reference work provides a broad multidisciplinary examination of the Civil War period ranging from pre Civil War developments and catalysts such as the Mexican American War to the rebuilding of the war torn nation during Reconstruction The Civil War was undoubtedly the most important and seminal event in 19th century American history Students who understand the Civil War have a better grasp of the central dilemmas in the American historical narrative states rights versus federalism freedom versus slavery the role of the military establishment the extent of presidential powers and individual rights versus collective rights Many of these dilemmas continue to shape modern society and politics This comprehensive work facilitates both detailed reading and quick referencing for readers from the high school level to senior scholars in the field The exhaustive coverage of this encyclopedia includes all significant battles and skirmishes important figures both civilian and military weapons government relations with Native Americans and a plethora of social political cultural military and economic developments The entries also address the many events that led to

the conflict the international diplomacy of the war the rise of the Republican Party and the growing crisis and stalemate in American politics slavery and its impact on the nation as a whole the secession crisis the emergence of the total war concept and the complex challenges of the aftermath of the conflict

Sources of Our Faith Kathleen Rolenz,2012 *American Transcendentalism and Asian Religions* Arthur Versluis,1993 Arthur Versluis offers a comprehensive study of the relationship between the American Transcendentalists and Asian religions He argues that an influx of new information about these religions shook nineteenth century American religious consciousness to the core With the publication of ever more material on Buddhism Hinduism and Taoism the Judeo Christian tradition was inevitably placed as just one among a number of religious traditions Fundamentalists and conservatives denounced this influx as a threat but the Transcendentalists embraced it poring over the sacred books of Asia to extract ethical injunctions admonitions to self transcendence myths taken to support Christian doctrines and manifestations of a supposed coming universal religion

Scientific and Political Freedom in Islam Uriya Shavit,2017-02-24 This book critically explores the modernist apologetic Islamic approach to the relation between revelation and science and politics which for over a century has been a central part of Arab discourses on the future of Muslim societies The main thesis of the book is that the modernist apologetic approach has great potential to be a force for liberalization but also possesses inherent limitations that render its theory on the relation between revelation and freedom self contradictory

Faith Under Siege Anatole Browde,2009 Unknown to most Americans Thomas Jefferson John Quincy Adams and Benjamin Franklin were Unitarians Today their beliefs have been called heretic or Christian godless or liberal argumentative or religious or all of the above Anatole Browde an active Unitarian since 1948 uses history and theology to place these conflicting qualities into a unified liberal Judeo Christian context Browde is convinced that faith is besieged because Unitarian church goers have diverse belief systems The power of the original Unitarian idea that God is one is too close to a creed and is therefore often devalued Using sermons and essays by ministers and philosophers Browde shows how Unitarianism beliefs dating from the sixteenth century overcame the restrictions of Calvinist predestination and sin to become a worldwide free religion Unitarians are free to believe in God be humanists have faith in an unknown or in Christ as a prophet His narrative provides an insight to the controversies that plagued believers throughout Unitarian history and demonstrates that the concepts of God and faith can make every service a celebration of joy and love

Christian Thought in America Hannah Schell,Daniel J. Ott,2015 This book offers a short accessible overview of the history of Christian thought in America from the Puritans and other colonials to the beginning of the twenty first century Each chapter concludes with a short bibliography of recent scholarship for further reading

Teacher, Guide, Companion Erik Walker Wikstrom,2004 The Kingdom of the Cults Walter Martin,Ravi Zacharias,2003-10 Newly updated this definitive reference work on major cult systems is the gold standard text on cults with nearly a million copies sold

A Documentary History of Unitarian Universalism, Volume One Dan McKanan,2017 A panel of top scholars presents the first comprehensive collection

of primary sources from Unitarian Universalist history This critical resource covers the long histories of Unitarianism Universalism and Unitarian Universalism in the United States and around the world and offers a wealth of sources from the first fifty five years of the Unitarian Universalist Association From Arius and Origen to Peter Morales and Rebecca Parker this two volume anthology features leaders thinkers and ordinary participants in the ever changing tradition of liberal religion Each volume contains more than a hundred distinct selections with scholarly introductions by leading experts in Unitarian Universalist history The selections include sermons theologies denominational statements hymns autobiographies and manifestos with special attention to class cultural gender and sexual diversity Primary sources are the building blocks of history and A Documentary History of Unitarian Universalism presents the sources we need for understanding this denomination s past and for shaping its future *Building Your Own Theology* Richard S. Gilbert,2000 **Charles Fletcher Dole, Liberal Theology, and Reform** Paul T. Burlin,2023-09-05 Charles Fletcher Dole Liberal Theology and Reform A Life Well Lived is a historical look at the life and theology of Charles Fletcher Dole Dole was born into what he described as an ultra orthodox religious family He was unable to accept the severe quasi Calvinist theology of his relatives and when he attended Harvard College he was influenced by the intellectual currents set in motion by Darwinism He then tacked off to the radical wing of Unitarian theology It was incumbent on the faithful of any religious tradition to live in ways that helped further the divine plan This moral imperative prompted Dole as the long term minister in the Unitarian Church to advocate for reforms not unlike those of his parents and other relatives including temperance women s suffrage improved race relations anti imperialism and pacifism This historical recovery and interpretation of Dole argues that while Dole s radical theology was the source of his civic engagement his iteration of the social gospel was to some extent also shaped and delimited by the socio economic position he occupied *Universalists and Unitarians in America* John A. Buehrens,2011

Being Alive and Having to Die Dan Cryer,2025-10-16 One of the year s Top Ten Books on Religion and Spirituality Booklist Being Alive and Having to Die is the story of the remarkable public and private journey of Reverend Forrest Church the scholar activist and preacher whose death became a way to celebrate life Through his pulpit at the prestigious Unitarian Church of All Souls in New York Reverend Forrest Church became a champion of liberal religion and a leading opponent of the religious right An inspired preacher a thoughtful theologian and an eloquent public intellectual Church built a congregation committed to social service for people in need while writing twenty five books hosting a cable television program and being featured in People Esquire New York Magazine and on numerous national television and radio appearances Being Alive and Having to Die works on two levels as an examination of liberal religion during the past 30 years of conservative ascendancy and as a fascinating personal story Church grew up the son of Senator Frank Church of Idaho famous for combating the Vietnam War in the 1960s and the CIA in the 1970s Like many sons of powerful fathers he rebelled and took a different path in life which led him to his own prominence Then in 1991 at the height of his fame he fell in love

with a married parishioner and nearly lost his pulpit Eventually he regained his stature overcame a long secret alcoholism wrote his best books and found himself diagnosed with terminal cancer His three year public journey toward death brought into focus the preciousness of life not only for himself but for his ministry Based on extraordinary access to Church and over 200 interviews with family friends and colleagues Dan Cryer bears witness to a full fascinating at time controversial life Being Alive and Having to Die is an honest look at an imperfect man and his lasting influence on modern faith
