Third Series** Library of Congress. Copyright Office,1961 Includes Part 1 Number 1 2 Books and Pamphlets Including Serials and Contributions to Periodicals January December *Permissible Progeny?* Sarah Hannan,Samantha Brennan,Richard Vernon,2015 This volume contributes to the growing literature on the morality of procreation and parenting About half of the chapters take up questions about the morality of bringing children into existence They discuss the following questions Is it wrong to create human life Is there a connection between the problem of evil and the morality of procreation Could there be a duty to procreate How do the environmental harms imposed by procreation affect its moral status Given these costs is the value of establishing genetic ties ever significant enough to render procreation morally permissible And how should government respond to peoples motives for procreating The other half of the volume considers moral and political questions about adoption and parenting One chapter considers whether the choice to become a parent can be rational The two following chapters take up the regulation of adoption focusing on whether the special burdens placed on adoptive parents as compared to biological parents can be morally justified The book concludes by considering how we should conceive of adequacy standards in parenting and what resources we owe to children This collection builds on existing literature by advancing new arguments and novel perspectives on existing debates It also raises new issues deserving of our attention As a whole it is sure to generate further philosophical debate on pressing and rich questions surrounding the bearing and rearing of children **Research Handbook on Energy, Law and Ethics** Malik R. Dahlan,Rosa M. Lastra,Gustavo Rochette,2022-11-22 This Research Handbook offers crucial ethical perspectives on navigating the increasingly complex and contested landscape of contemporary energy law Taking an interdisciplinary approach it brings together diverse scholarship and expertise from academia international organizations legal practice and the judiciary to address wide ranging issues linking energy and law to ethical drivers such as wealth peace and war development climate change and use and abuse of natural resources Break all the Borders Ariel I. Ahram,2019-01-09 Since 2011 civil wars and state failure have wracked the Arab world underlying the misalignment between national identity and political borders In Break all the Borders Ariel I Ahram examines the separatist movements that aimed to remake those borders and create new independent states With detailed studies of the Islamic State in Iraq and Syria the federalists in

eastern Libya the southern resistance in Yemen and Kurdish nationalist parties Ahram explains how separatists captured territory and handled the tasks of rebel governance including managing oil exports electricity grids and irrigation networks Ahram emphasizes that the separatism arose not just as an opportunistic response to state collapse Rather separatists drew inspiration from the legacy of Woodrow Wilson and ideal of self determination They sought to reinstate political autonomy that had been lost during the early and mid twentieth century Speaking to the international community separatist promised a more just and stable world order In Yemen Syria Iraq and Libya they served as key allies against radical Islamic groups Yet their hopes for international recognition have gone unfulfilled Separatism is symptomatic of the contradictions in sovereignty and statehood in the Arab world Finding ways to integrate instead of eliminate separatist movements may be critical for rebuilding regional order **The American School Board Journal** William George Bruce, William Conrad Bruce, 1894
