Vitamix blenders work so fast they can crush or grind ingredients directly into each other without any heat. This means that you can add ingredients like chia seeds, a great source of omega 3 fatty acids, which will not only add an interesting texture to your drink but also help to improve its nutritional profile with its powerful antioxidants. This book covers Vitamix Quick Start Guide, Why Whole Foods, Breakfast and Brunch Appetizers, Soups, Salads and Sides, Entrees, Desserts, Drinks, and much more. The difference between a Vitamix blender and other blenders is that it is equipped with its own personal juice extractor, meaning it can make its own juice to drink. You don't have to buy bottles of pre-made juice or juices from concentrate, which are much more expensive because they are high in sugar, artificial sweeteners, colorings, flavors, etc. The extracts created by your home-made Vitamix serve as the part of the concoction. This book will show you that even the ingredients that are the most natural and nutritious available to us all can be made into a delicious drink. Click the buy now button **Vitamix**
