Viva Manual:

National Union Catalog ,1973 Includes entries for maps and atlases Context in Computing Patrick Brézillon,Avelino J. Gonzalez,2014-12-09 This volume explores how context has been and can be used in computing to model human behaviors actions and communications as well as to manage data and knowledge It addresses context management and exploitation of context for sharing experience across domains The book serves as a user centric guide for readers wishing to develop context based applications as well as an intellectual reference on the concept of context It provides a broad yet deep treatment of context in computing and related areas that depend heavily on computing The coverage is broad because of its cross disciplinary nature but treats topics at a sufficient depth to permit a reader to implement context in his her computational endeavors The volume addresses how context can be integrated in software and systems and how it can be used in a computing environment Furthermore the use of context to represent the human dimension individually as well as collectively is explained Contributions also include descriptions of how context has been represented in formal as well as non formal structured approaches The last section describes several human behavior representation paradigms based on the concept of context as its central representational element The depth and breadth of this content is certain to provide useful as well as intellectually enriching information to readers of diverse backgrounds who have an interest in or are intrigued by using context to assist in their representation of the real world **Vauxhall Cars of the 1960s and 1970s** James

Taylor,2021-02-22 Vauxhalls held a special place in the British motoring scene of the mid twentieth century Solid reliable and respectable they were carefully designed to meet the expectations of buyers and also to meet the global ambitions of General Motors in America the company that owned the Vauxhall marque The book covers just over two decades of Vauxhall history between the late 1950s and the late 1970s that saw Vauxhall producing a succession of fondly remembered models including some genuine classics This new book features the styling engineering and specification changes introduced over the lifetime of the Victor Cresta and Viva ranges and their offshoots It gives full technical specifications of each model and includes a special examination of engine development in this period Finally there is advice about buying each of these models
