The New Leviathan David Horowitz, Jacob Laksin, 2012-06-12 At a time when the national political debate is about inequality and fairness bestselling author David Horowitz and coauthor Jacob Laksin have written an unsettling book about the distribution of power in America Thoroughly researched and amply documented The New Leviathan overturns the conventional wisdom about which end of the political spectrum represents the rich and powerful and which represents the people The Democratic Party presents itself to the electorate as the party of working families and the poor In the 2000 election campaign Democrat Al Gore ran on the slogan The People vs the Powerful while President Obama describes himself as a grassroots organizer and a spokesman for fairness and progressive change Such is the world of political myth In reality the Democrats and the Obama progressives represent the richest and most powerful political machine in American history Backed by a near trillion dollar treasury in America's oldest and largest tax exempt foundations progressives outspend conservatives by a factor of seven to one In The New Leviathan David Horowitz and Jacob Laksin examine this growing financial power of left wing organizations and politicians They show how left wing foundations underwrote the political career of Barack Obama and how massive funding advantages for progressive proposals have disenfranchised American voters and shifted the national policy debate dramatically to the left The New Leviathan draws connections between the Obama administration and progressive organizations from labor unions to media outlets to nonprofits to political groups and shows how on key policy fronts national security immigration citizenship environment and health care the sheer force of left wing financial resources has reconfigured the nation's political agenda
