The Last Panda George B. Schaller, 2024-05-31 Dependent on a shrinking supply of bamboo hunted mercilessly for its pelt and hostage to profiteering schemes once in captivity the panda is on the brink of extinction Here acclaimed naturalist George Schaller uses his great evocative powers and the insight gained by four and a half years in the forests of the Wolong and Tangjiahe panda reserves to document the plight of these mysterious creatures and to awaken the human compassion urgently needed to save them No scientist is better at letting the rest of us in on just how the natural world works no poet sees the world with greater clarity or writes about it with more grace Anyone who genuinely cares for wildlife cannot help being grateful to Schaller both for his efforts to understand the panda and for the candor with which he reports what has gone so badly wrong in the struggle to save it from extinction Geoffrey C Ward New York Times Book Review Schaller s book is a unique mix of natural history and the politics of conservation and it makes for compelling reading Having been in giant panda country myself I found some of the descriptions of the animals and habitats breathtaking Schaller describes the daily routines and personalities of the giant pandas he studied as well as their fates thereafter as though they were his blood relatives Schaller s brilliant presentation of the complexities of conservation makes his book a milestone for the conservation movement Devra G Kleiman Washington Post Book World George Schaller s most soulful work written in journal style with many asides about a creature who evolved only two to three million years ago about the same time as humans Here conservation biology confronts an evil that grinds against hope and shatters the planet s diversity Written with hope Whole Earth Catalog A nicely crafted blend of wildlife observation and political cultural analysis The Last Panda is a sad chronicle of our failure so far to stem the decline of the animal that may be the most beloved on the planet Donald Dale Jackson Smithsonian

[The Panda Chronicles: a mythology](#) Paul Bowers, [The Courageous Panda's Bamboo Forest](#) Mohammed Ayya, 2024-05-29 Bedtime Stories For Kids Short Bedtime Stories Series Do you want to make your child fall asleep faster at night Do you want your child to learn mindfulness while reading beautiful short stories In this book you will find a collection of stories written to help children enter a place of dreams and eventually drift off to sleep These stories are intended to stir their imaginations in such a way that the transition from fantasy and adventure into dreamland will be a seamless one Best of all your children will be able to get a good night s sleep and wake up feeling refreshed and happy The chapters are designed to take you and your family on an exciting adventure through different situations laden with

imagination and surprises while also attempting to disseminate valuable lessons about important principles such as family home wrongdoing and numerous other themes While each story is unique the underlying purpose of each remains the same to confer on readers some degree of insight into moral behaviour and proper conduct Through the careful application of allegory the stories contained herein are intended not only to engage and captivate but also to serve as thought provoking tools by which your children might avail themselves of one of mankind s most powerful attributes thoughtfulness and self reflection In addition each story uses colourful and imaginative characters settings and situations to create an environment that will not only help children become interested in the story itself but also serve as a vehicle to convey a moral lesson Plus the stories in this book seek to create traditions and memories that will create everlasting moments that your children will treasure for the rest of their lives These are the kind of moments that your children will surely love to share with their children someday too So let s jump right in and take a trip into a magical world from which your children will drift off in their sleep Don t be surprised if they don t want to wake up after having such beautiful dreams Dreamland is a cherished place for children of all ages After all it is a place where kids can truly let their imaginations flourish This book includes Bedtime stories that will truly captivate the young mind of your child Fun stories about animals adventures and legends A valuable lesson for each story In addition They will put down their phones This is a good way to encourage your child to go to sleep by listening to the scripts Each story will enhance your child s imagination and thinking And Much More Are you excited Do you want to read more Would you like your child to learn and relax falling asleep in peace Get our book now

A Chance for Lasting Survival Pan Wenshi, 2014-03-04 From 1984 through 1995 a small band of ecologists led by Pan Wenshi from Peking University conducted a study of wild giant pandas in the Qinling Mountains of Shaanxi Province This project was the first Chinese led conservation project in China and was conducted during a significant transition period in Chinese history as the country opened its society and science to the world The project focused on behavioral observation of wild giant pandas but evolved to include physiology nutrition ecology land use policy and population biology as the staff became more aware that the issues with captive pandas assisted reproduction unusual diet and genetic inbreeding were not the most critical to survival of wild populations It is evident in this work that as the scientists gained knowledge they came to see giant panda conservation as wrapped in landscape ecology and human wildlife interactions The group was seminal in the Chinese government s enactment of a logging ban to their study area by advocating for pandas at the national level The project was summarized in a 2001 volume but its publication in Mandarin limited its influence on the greater conservation community This English version of the original work translates condenses and refines the original volume with added contextual chapters on the importance of this volume and how our understanding of giant panda conservation is shaped by this pioneering field work

Panda and Goose Have Fun Pasquale De Marco, Panda and Goose are two best friends who love to explore the world around them They are always up for an adventure and they never let anything stop them from having fun

Whether they are playing in the park going on a hike or just spending time together at home Panda and Goose always find ways to make the most of their time They are always learning new things and they are always making new friends Panda is a curious and playful panda bear He loves to learn new things and try new things He is always full of energy and he always has a smile on his face Goose is a wise and kind goose He is always there for Panda and he always knows how to make him feel better He is a great listener and he always has good advice Together Panda and Goose are an unstoppable team They can do anything they set their minds to They are always there for each other and they always have each other s backs Panda and Goose are the best of friends and they will be friends forever They are always there for each other and they always have each other s backs They are an inspiration to us all and they show us that anything is possible if you have a good friend by your side In this book Panda and Goose share their adventures with us They teach us about the importance of friendship kindness and having fun They also show us that the world is a big and beautiful place and that there is always something new to learn Panda and Goose are two special animals and they have a lot to teach us about friendship and life They are a reminder that we should always be kind to each other and that we should always be there for our friends
