The visit of the great Roosevelt has of course been an event of exceptional interest for the small country of Holland Not only because he is the late and probably the future head of the most powerful democracy in the world a fact in itself of very great significance to Her Majesty Queen Wilhelmina s little kingdom wrested from the sea but owing to yet another consideration which somewhat heightened our excitement For does not this ex president of the United States whose fame has already made him one of the central figures of the present day in the world s history more or less belong to the family in Holland He who according to President Taft is the most eminent citizen of the great nation of the New World is in reality our own distant cousin Teddy of Delft and it was this very relationship honoured though we felt by it that caused us to be somewhat nervously apprehensive of this yet so welcome exalted visit I daresay you have heard the story of the ugly duckling It just crossed my mind We the old family of ducks at the pool had some centuries ago owned a pure bred aunt who unwittingly had hatched not a swan s but far worse a condor s egg About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *With Roosevelt Through Holland* M J Brusse, 2015-08-12 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Roosevelt's Thrilling Experiences in the Wilds of Africa Hunting Big Game ...** Marshall Everett, 1910 **Franklin and Eleanor Roosevelt in Albany** Michael J. Burgess, 2023 Franklin and Eleanor Roosevelt changed America with a government on the side of the people that put Americans back to work and inspired confidence that the nation could overcome the Great

Depression This is the story of their progressive legacy when FDR was Governor during the era of Prohibition and the advent of radio in the Roaring Twenties a decade that ended with the Great Depression upending life for most Americans This is the story of how as Governor of New York he tried the programs that became the New Deal that transformed America It was the place where his warm easily relatable voice heard on the radio for the first time created a bond of trust with the public that inspired confidence at a time of great fear Author Michael J Burgess reveals the often overlooked history of Franklin and Eleanor Roosevelt in Albany at the helm of the Empire State

Four Centuries of Dutch-American Relations Hans Krabbendam,Cornelis A. van Minnen,Giles Scott-Smith,2009-09-09 Since Henry Hudson landed on Manhattan in 1609 the peoples of the Netherlands and North America have been inextricably linked Four Centuries of Dutch American Relations written by a team of nearly one hundred Dutch and American scholars is the first book to offer a comprehensive history of this bilateral relationship This volume covers the main paths of contacts conflicts and common plans from the first exploratory contacts in the early seventeenth century to the intense and multifaceted exchanges in the early twenty first Based on the most up to date research Four Centuries of Dutch American Relations will be for years to come a valuable and much used reference work for anyone interested in the history and culture of the United States and the Netherlands and the larger transatlantic interdependent framework in which they are embedded

The Pinkster King and the King of Kongo Jeroen Dewulf,2016-12-20 The Pinkster King and the King of Kongo presents the history of the nation s forgotten Dutch slave community and free Dutch speaking African Americans from seventeenth century New Amsterdam to nineteenth century New York and New Jersey It also develops a provocative new interpretation of one of America s most intriguing black folkloric traditions Pinkster Jeroen Dewulf rejects the usual interpretation of this celebration of a slave king as a form of carnival Instead he shows that it is a ritual rooted in mutual aid and slave brotherhood traditions By placing these traditions in an Atlantic context Dewulf identifies striking parallels to royal election rituals in slave communities elsewhere in the Americas and he traces these rituals to the ancient Kingdom of Kongo and the impact of Portuguese culture in West Central Africa Dewulf s focus on the social capital of slaves follows the mutual aid to seventeenth century Manhattan He suggests a much stronger impact of Manhattan s first slave community on the development of African American identity in New York and New Jersey than hitherto assumed While the earliest works on slave culture in a North American context concentrated on an assumed process of assimilation according to European standards later studies pointed out the need to look for indigenous African continuities The Pinkster King and the King of Kongo suggests the necessity for an increased focus on the substantial contact that many Africans had with European primarily Portuguese cultures before they were shipped as slaves to the Americas The book has already garnered honors as the winner of the Richard O Collins Award in African Studies the New Netherland Institute Hendricks Award and the Clague and Carol Van Slyke Prize
