With God There Is Hope For Humanity:

The Hope of Life After Death M. Jeff Brannon, 2022-11-15 In a world full of suffering and death humans long for abundant life In this ESBT volume Jeff Brannon explores how the hope of life after death is woven throughout Scripture As we follow the biblical themes of creation fall and redemption we begin to understand the doctrine of resurrection and what it means for Christian faith and discipleship

Jürgen Moltmann's Ethics of Hope Dr Timothy Harvie, 2013-05-28 This book develops a thorough account of the sphere of human moral action in sustained dialogue with Jürgen Moltmann By examining God's role as promise giver particularly in the Christian understanding of resurrection this work describes the occupancy of both history and space in moral terms This leads to an understanding of Jesus' description of the kingdom of God to feature prominently in describing both the possibility and content of human moral action By offering an account of each of the main doctrines found in Moltmann's corpus the role of the future the Trinity the Holy Spirit and anthropology this book locates how each contributes to the understanding of ethics from a Christian perspective and subsequently applies these findings to the contemporary issue of poverty and global economics

A Philosophy of Human Hope J.J. Godfrey, 2012-12-06 Few reference works in philosophy have articles on hope Few also are systematic or large scale philosophical studies of hope Hope is admitted to be important in people's lives but as a topic for study hope has largely been left to psychologists and theologians For the most part philosophers treat hope en passant My aim is to outline a general theory of hope to explore its structure forms goals reasonableness and implications and to trace the implications of such a theory for atheism or theism What has been written is quite disparate Some see hope in an individualistic often existential way and some in a social and political way Hope is proposed by some as essentially atheistic and by others as incomprehensible outside of one or another kind of theism Is it possible to think consistently and at the same time comprehensively about the phenomenon of human hoping Or is it several phenomena How could there be such diverse understandings of so central a human experience On what rational basis could people differ over whether hope is linked to God What I offer here is a systematic analysis but one worked out in dialogue with Ernst Bloch Immanuel Kant and Gabriel Marcel Ernst Bloch of course was a Marxist and officially an atheist Gabriel Marcel a Christian theist and Immanuel Kant was a theist but not in a conventional way

[The Fabric of Hope](#) Glenn Tinder,2001 This superb new volume is addressed to everyone interested in hope regardless of their religious or philosophical beliefs Glenn Tinder one of our most astute and creative thinkers probes the failure of modern secular hope and shows with great sensitivity and openness why the tenets of Christian faith offer a true and meaningful source for hope amid the widespread distress confusion and despondency of contemporary life From *The Critics* Jean Bethke Elshtain Glenn Tinder argues compellingly that modern despondency flows from a collapse of unreasonable optimism about our individual and collective prospects By contrast to despondency and brittle optimism Tinder calls for a renewal of hope Framed by Christian belief Tinder s elegant essay reaches out to appeal to all men and women troubled by our current condition A beautifully written and touching work Michael Novak Tinder s weighty essay on the nature spirituality and politics of hope offers an illuminating perspective on a central pillar of civilization Mary Ann Glendon A pristine intellectual and spiritual achievement by one of the most penetrating thinkers of our day Richard John Neuhaus With this essay Tinder once again vindicated his reputation as one of the most incisive thinkers and graceful writers working today His is a most powerful argument that only a hope that has come to terms with all the reasons for despair can sustain us into a future that we do not and cannot control Tinder s wisdom is in knowing that attention to first things requires facing up to last things

A World of Grace Leo O'Donovan,1995-09-01 Organized as a companion volume to Karl Rahner s master work *Foundations of Christian Faith* this book now again available also provides the most useful introduction to his theology as a whole Each chapter presents a broad commentary on the corresponding chapter of *Foundations* beginning with Rahner s method and anthropology and concluding with his theology of the church and eschatology It includes a separate chapter on Rahner s moral thought Valuable for classroom or individual use this volume provides questions for discussion suggestions for further reading and an extensive glossary of specialized terminology

The Hope and Despair of Human Bioenhancement Paschal M. Corby,2019-12-23 *The Hope and Despair of Human Bioenhancement* is a virtual dialogue between Transhumanists of the Oxford School and the thought of Joseph Ratzinger Set in the key of hope and despair it considers whether or not the transhumanist interpretation of human limitations is correct and whether their confidence in the methods of human enhancement especially through biotechnology corresponds to genuine hope To this end it

investigates the philosophical foundations of transhumanism in modernity's rejection of metaphysics the triumph of positivism and the universalism of the theory of evolution which when applied to anthropology becomes the materialist reduction of the human person Ratzinger calls into question this absolutization of positive reason and its limitation of hope to what human beings can produce naming it a pathology of reason a mutilation of human dignity and a facade of a world without hope In its place he offers a richer concept of hope that acknowledges our contingency and limitations *To Believe in God? To Hope . . . Maybe* Giorgio Agretti, 2021-08-05 A meditation over the existence of God conceived in a sacred doubtfulness but which does not overshadow though religious hope A bird's eye flight over man's need for spirituality from ancient times to today's society with a non-academical approach which makes it suitable for the everyday reader An insight on how and why Christian religion came to us the way we know it and on the dichotomy between faith and reason through the centuries Finally a reflection about hope as the answer to the doubts and uncertainties that most Christians experience at some point in their lives **God, the World, and Hope** Harald Hegstad, 2018-10-31 Who is Jesus Christ What does it mean to say that we are created in the image of God What does salvation mean What is the meaning of baptism What characterizes the Christian fellowship What hope does a Christian faith give for the future These are only a few of the questions that this textbook on dogmatics takes up This book begins the discussion of the various topics by looking at what the Bible has to say Hegstad then examines how the church's doctrine has developed over the course of history and discusses how the Christian faith can best be formulated today This book understands the Christian faith as an answer to universal existential questions that challenge all religions and worldviews Dogmatics is understood here as the expression of a Christian interpretation of life Hegstad himself belongs to the Lutheran church tradition but his perspective is consistently ecumenical This introduction to dogmatics will interest not only students but everyone who is looking for a deeper insight into the Christian faith
