Black Journalists, White Media

by Pamela Newkirk

Private Dilemmas, Public Strife

Dorothy Gaiter was at her desk in the Miami Herald newsroom, reading, as she did each week, the city's black weekly newspaper when she spotted her name in a column. The director of the Urban League of Greater Miami wrote in his weekly Miami Times column that he had created the "Nigger of the Year Award" and that Gaiter was one of his five nominees.

Gaiter, a columnist and member of the Herald's editorial board, was stunned. The nomination stemmed from a column she had written criticizing City Commissioner Walter Dawkins, the city's lone black on the city commission who was seeking reelection. In the column dated September 4, 1993, Gaiter had quoted T. Willard Fair, long a prominent fixture in Miami's black community, saying that Dawkins's seat

was a "black seat" and that the Miami electorate "has always played fair in assisting us in retaining our seat."

Gaiter pointed out that since blacks comprised only a quarter of Miami's population, they needed to build bridges with whites and Hispanics. But, she said, "the words 'playing fair' and 'giving us victory' convey a disturbing sense of dependency. They imply a sense of selflessness by Hispanics and 'Anglos' to vote with us, to do us a favor. While that selflessness may be a necessary component of community building, it cannot be expected always to carry the day for a black candidate. I'm not sure that it should."

Gaiter noted that Dawkins had made it difficult to win white or Hispanic support, and reminded readers that he had refused to allow a white representative of the NAACP to address the city commission, insisting on a black member. She noted that he

had also threatened to burn down a Hispanic-run AIDS referral center planned for a black neighborhood. "And how about the time that he traded his vote for better Orange Bowl seats? Will performances like these hurt him? Probably, particularly because they can't be balanced against a record of good or strong leadership."

In nominating Gaiter for this dubious award, she said that Gaiter had acted against the interests of Miami's black community by publicly criticizing the commission's lone black incumbent. Over the weeks to come, Gaiter was, like the other four nominees, skewered in a series of devastating profiles in the Miami Times. For Gaiter, the attention the award generated was brutally humiliating.

"I would run into well-respected black people in the supermarket and they would say, 'We're just so sorry about what happened,'" she said. Ri-

Within The Veil Black Journalists White Media:

Within the Veil Pamela Newkirk, 2000 A candid front line report on the continuing battle to integrate America's newsrooms and news coverage now available in paperback

African American Journalists Calvin L. Hall, 2009-07-01 In the last decade of the 20th century during a time when African Americans were starting to take inventory of the gains of the civil rights movement and its effects on the lives of black professionals in the public sphere the memoirs of several journalists were published a number of which became national bestsellers *African American Journalists* examines select autobiographies written by African American journalists in order to explore the relationship between race class gender and journalism practice At the heart of this study is the contention that contemporary memoirs written by African American journalists are quasi political documents _manifestos written in reaction to and against the forces of institutionalized racism in the newsroom The memoirs featured in this study include Jill Nelson's *Volunteer Slavery My Authentic Negro Experience* Nathan McCall's *Makes Me Wanna Holler A Young Black Man in America* Jake Lamar's *Bourgeois Blues An American Memoir* and Patricia Raybon's *My First White Friend Confessions on Race Love and Forgiveness* The exploration of these works increases our understanding of the problems that members of other underrepresented groups may face in the workplace

Media & Minorities Stephanie Greco Larson, 2006 *Media Minorities* looks at the media's racial tendencies with an eye to identifying the system supportive messages conveyed and offering challenges to them The book covers all major media including television film newspapers radio magazines and the Internet and systematically analyzes their representation of the four largest minority groups in the U S African Americans Native Americans Latinos and Asian Americans Entertainment media are compared and contrasted with news media and special attention is devoted to coverage of social movements for racial justice and politicians of color

The Press Geneva Overholser, Kathleen Hall Jamieson, 2005 With the guidance of editors Geneva Overholser and Kathleen Hall Jamieson this superb collection of essays written by the nation's leading authorities on journalism illuminates the role of the press in a democracy investigating alternative models used throughout world history to better understand how the American press has evolved into what it is today The book also examines the history identity roles and future of the American press with an emphasis on topics of concern to both practitioners and consumers of American media

Chasing Newsroom Diversity Gwyneth Mellinger, 2013-03-16 Social change triggered by the Civil Rights Movement in the 1960s sent the American Society of Newspaper Editors ASNE on a fifty year mission to dismantle an exclusionary professional standard that envisioned the ideal journalist as white straight and male In this book Gwyneth Mellinger explores the complex history of the decades long ASNE diversity initiative which culminated in the failed Goal 2000 effort to match newsroom demographics with those of the U S population Drawing upon exhaustive reviews of ASNE archival materials Mellinger examines the democratic paradox through the lens of the ASNE an elite organization that arguably did more than any other during the twentieth century to institutionalize professional standards in journalism and

expand the concepts of government accountability and the free press The ASNE would emerge in the 1970s as the leader in the newsroom integration movement but its effort would be frustrated by structures of exclusion the organization had embedded into its own professional standards Explaining why a project so promising failed so profoundly Chasing Newsroom Diversity expands our understanding of the intransigence of institutional racism gender discrimination and homophobia within democracy

Profiles in Journalistic Courage Lisa DeLisle, 2018-04-27 Some of the bravest actions of journalists are unknown obscured by the passage of time hidden by veils of anonymity or buried by systematic repression Profiles in Journalistic Courage corrects this imbalance With few exceptions the stories told in this collection are unfamiliar In the words of Richard Whelan on Robert Capa's vision of the Spanish Civil War these tales are drawn from the edge of things Most of the people highlighted here are journalists who worked on the margins of popularity who blazed new and solitary paths and who left fleeting legacies Courageous journalists were not always thanked for their pioneering efforts Jealousy political disagreements and differing conceptions of journalism sometimes fueled criticism of some of those dealt with in this volume To complicate the subject further brave journalists do not always act for reasons that win popularity or acclaim Actions with laudable consequences are sometimes the result of egoism stubbornness and ignorance no less than selflessness prudence and principle These psychological dimensions are not avoided in these profiles In Yesterday David Copeland examines the tangled legacy of the trial of John Peter Zenger Graham Hodges unearths the story of David Ruggles an African American journalist and abolitionist Pamela Newkirk recalls the life and work of Ida B Wells Barnett Pierre Albert explores the journalism of the French Resistance Bernard L Stein and Hank Klibanoff describe the work and motives of the civil rights movement The volume covers the journalism of commitment from Northern Ireland to Native American tribes It closes with an extended essay by James Boylan on varied perspectives on different aspects of courage in journalism from the capacity to resist threats to the courage to tell people what they may not want to hear or read

The Heart of Whiteness Robert Jensen, 2020-06-29 An honest look at racism in the United States and the liberal platitudes that attempt to conceal it This book offers an honest and rigorous exploration of what Jensen refers to as the depraved nature of whiteness in the United States Mixing personal experience with data and theory Jensen faces down the difficult realities of race racism and white privilege He argues that any system that denies non white people their full humanity also keeps white people from fully accessing their own The Heart of Whiteness is both a cautionary tale for those who believe that they have transcended racism and also an expression of the hope for genuine transcendence Very few white writers have been able to point out the pathological nature of white privilege and supremacy with the eloquence of Robert Jensen In The Heart of Whiteness Jensen demonstrates not only immense wisdom on the issue of race but does so in the kind of direct and accessible fashion that separates him from virtually any other academic scholar or journalist writing on these subjects today Tim Wise author of Dear White America With radical honesty hard facts and an abundance of insight and compassion Robert Jensen lays out

strategies for recognizing and dismantling white privilege and helping others to do the same This text is more than just important it s useful Jensen demonstrates again that he is a leading voice in the American quest for justice Adam Mansbach author of *Angry Black White Boy* and *Go the F to Sleep* Jensen s spotlight on the gaps separating the American promise of liberty and justice from the reality is accessible powerful and moving In short it is a terrific piece of anti racist writing Eleanor Bader *The Brooklyn Rail* **Black Celebrity, Racial Politics, and the Press** Sarah J. Jackson,2014-05-23 Shifting understandings and ongoing conversations about race celebrity and protest in the twenty first century call for a closer examination of the evolution of dissent by black celebrities and their reception in the public sphere This book focuses on the way the mainstream and black press have covered cases of controversial political dissent by African American celebrities from Paul Robeson to Kanye West Jackson considers the following questions 1 What unique agency is available to celebrities with racialized identities to present critiques of American culture 2 How have journalists in both the mainstream and black press limited or facilitated this agency through framing What does this say about the varying role of journalism in American racial politics 3 How have framing trends regarding these figures shifted from the mid twentieth century to the twenty first century Through a series of case studies that also includes Eartha Kitt Sister Souljah and Mahmoud Abdul Rauf Jackson illustrates the shifting public narratives and historical moments that both limit and enable African American celebrities in the wake of making public politicized statements that critique the accepted racial economic and military systems in the United States **Performing the News** Elia Powers,2024 *Performing The News Identity Authority the Myth of Neutrality* explores how journalists from historically marginalized groups have felt pressure to conform when performing for audiences and are increasingly challenging restrictive supposedly neutral forms of self presentation Through in depth interviews this book suggests ways to make journalism more inclusive and representative of diverse audiences *Pastoral Misconduct* Janelle M. Eliasson-Nannini,2017-09-08 In the past clergy malfeasance was mentioned only in passing by group members or adherents The subject was invisible and those who studied it were often stigmatized as hostile to religion itself Today clergy misconduct is acknowledged as a social problem with growing conceptual and theoretical implications In *Pastoral Misconduct* Anson Shupe and Janelle M Eliasson Nannini argue that the history and traditions of black pastoral leadership coupled with the close identity of many black congregants with their pastor congregation and racial subculture creates opportunity structures that facilitate predatory behavior Familiarity and mutual identity frequently leads victims to drop their normal levels of wariness Major denominations and minor sects have been studied but this unique study by Shupe and Eliasson Nannini pursues nuances of pastoral bad behavior in a new context This book is not a tabloid treatment of the American black church In fact the black church becomes the vehicle for a major new sociological development a theory of clergy misconduct in any minority religion
