Wolves Of War An Anthology Of Werewolves:

Wolves of War Eric S. Brown, Jodi Lee, 2009-11 Werewolves have been around a long time Longer than my beloved flesh eating zombies that George Romero created with Night of the Living Dead Werewolves however seemed to have lost the popularity in the horror genre that vampires and zombies still have today So how does a zombie guy end up editing a werewolf book I really am not sure but it was certainly an honor to do so The stories in this book are far from your old school werewolf tales To me the coolest take on werewolves in recent years was the film Dog Soldiers It was my inspiration for this anthology Werewolves are by nature violent monsters so why not upgrade them for the modern world and turn them into real monsters of war That is what I have attempted to do with this book The tales range from werewolves fighting in World War II to wolves in outer space and even gang wars in the streets against rival gangs of shape shifters These tales may not be Shakespeare but they are FUN They are filled with blood guns and outright terror So let the war begin and the blood and bullets fly

Cthulhu's Daughter and Other Horror Tales Rhiannon Frater, 2012-11-28 From the depths of the darkest waters of the ocean to the eternal darkness of space Rhiannon Frater crafts taunt tales of terror to enthrall avid readers of the genre Each short story explores a different type of monster from the shambling undead to devourers of worlds In Cthulhu's Daughter explore madness and terror as a young woman's mind slowly unravels as a hurricane bears down on her hometown Step back in time to witness one man's flight from the ravages of war only to encounter a pack of werewolves in Fleeing and slink through the shadows of a mansion where an archaeologist obsesses over the mummy queen residing in her sarcophagus in Amunet Encounter a sentient nanny robot hoping to escape deletion while struggling to keep her ward safe from her abusive employer in Flesh and Circuits or rush along city streets as a seeing eye dog tries to save her blind master in Stop Requested Witness the struggle between a mortal mother and the vampire who wants to take away her ailing child and turn him into a creature of the night in The Two Mothers And finally discover what terrors lurk beyond the reflective surface of a mirror in The Key Each tale carries Rhiannon Frater's distinctive stamp of stunning action coupled with realistic characters that the reader either cheers for or fears

The Literary Werewolf Charlotte F.
