The Tenth Parallel Dispatches From The Fault Line Between Christianity And Islam:

The Tenth Parallel Eliza Griswold, 2010-08-17 A riveting investigation of the jagged fault line between the Christian and Muslim worlds The tenth parallel the line of latitude seven hundred miles north of the equator is a geographical and ideological front line where Christianity and Islam collide More than half of the world's 1.3 billion Muslims live along the tenth parallel so do sixty percent of the world's 2 billion Christians Here in the buzzing megacities and swarming jungles of Africa and Asia is where the two religions meet their encounter is shaping the future of each faith and of whole societies as well An award winning investigative journalist and poet Eliza Griswold has spent the past seven years traveling between the equator and the tenth parallel in Nigeria the Sudan and Somalia and in Indonesia Malaysia and the Philippines The stories she tells in *The Tenth Parallel* show us that religious conflicts are also conflicts about land water oil and other natural resources and that local and tribal issues are often shaped by religious ideas Above all she makes clear that for the people she writes about one's sense of God is shaped by one's place on earth along the tenth parallel faith is geographic and demographic An urgent examination of the relationship between faith and worldly power *The Tenth Parallel* is an essential work about the conflicts over religion nationhood and natural resources that will remake the world in the years to come

The Highest of All Mountains Samuel K. Sarpiya, 2021-03-18 This book is for people who believe that the gospel is a message of peace and this gospel of peace is relevant for our time Peacemaking is a core part of our Christian discipleship just as we learn how to pray just as we learn how to love our neighbors just as we learn how to feed the hungry We can also learn how to be peacemakers Sarpiya believes that peacemaking is central to the Christian faith and practice This book will serve as a guide that will offer a scriptural guide with practical stories and applications Readers will be challenged by Scripture to take the call to peacemaking into their communities The fact that numerous peace treaties have collapsed serves to show how difficult it is to transcend cycles of violence and foster a sustained durable peace The one place that one could look to for answers about how to move toward peace is within faith communities and sometimes not just one faith acting alone but working alongside other faiths in concert with other faiths taking an interreligious approach The Highest of All Mountains shows how Sarpiya s Christian peacemaking backed by the interreligious approach brings the monotheistic faiths together as they all agreed on one denominator to their faith s origin Abraham
