Daniel Joseph Polikoff

The Thought Of The Heart And The Soul Of The World:

The Thought of the Heart and the Soul of the World James Hillman, 1998-05-20 Two groundbreaking essays *The Thought of the Heart* and *Anima Mundi The Return of the Soul to the World* by James Hillman that launched Archetypal Psychology and began the renaissance of a psychology that returns psychic reality to the world Following Marsilio Ficino who was the first to place the soul in the center of his vision Hillman argues for a psychology that reflects the world it works in **A**

Wandering Dance through the Philosophy of Graham Parkes David Jones, 2024-07-25 Inspired by the philosopher Graham Parkes this collection provides a distinctive study of aesthetics and the climate crisis Engaging with continental European and East Asian traditions it challenges our definition of self in the West and asks us to re evaluate our conventional perspectives Expert authors present a timely reflection on contemporary issues explicating the relationship between the human species and the natural world through its connection to the arts dance and music Showcasing Parkes s cross cultural views on Japanese rock gardens Buddhism Daoist dance and musical ecology while drawing on the philosophies of Nietzsche Heidegger and the Zhuangzi they demonstrate a diversity of comparative perspectives ranging from the structure of consciousness to discourses of climate change Through a valuable and systematic treatment of the thought of Parkes **A**

Psychological Inquiry into the Meaning and Concept of Forgiveness Jennifer Sandoval, 2017-02-17 This book explores the psychological nature of forgiveness for both the subjective ego and what Jung called the objective psyche or soul Utilizing analytical archetypal and dialectical psychological approaches the notion of forgiveness is traced from its archetypal and philosophical origins in Greek and Roman mythology through its birth and development in Judaic and Christian theology to its modern functional character as self help commodity relationship remedy and global necessity Offering a deeper understanding of the concept of true forgiveness as a soul event Sandoval reveals the transformative nature of forgiveness and the implications this notion has on the self and analytical psychology *Essays on "The Soul's Logical Life" in the Work of Wolfgang Giegerich* Jennifer M Sandoval, Colleen EL-Bejjani, Pamela J Power, 2023-12-22 *Essays on The Soul s Logical Life in the Work of Wolfgang Giegerich* Psychology as the Discipline of Interiority is the second collection of essays dedicated to the study and application of psychology as the discipline of interiority a new wave within analytical psychology which pushes off from the work of C G Jung and James Hillman Reflecting upon the notion of psychology developed by German psychoanalyst Wolfgang Giegerich whose Hegelian turn sheds light on the notion of soul or the objective psyche and its inner logic and thought forms a radical new basis from which to ground a modern psychology with soul The book explores the theme of the soul s logical life as it displays itself in various modern phenomena from overwhelming anxiety cryptocurrency the dreams of Japanese college students and contemporary psychoanalysis to myth music social movements and the question

and relevance of truth in psychology and consciousness The authors comprising clinical psychologists teachers Jungian analysts and international scholars aim to reveal and convey the dialectical inner workings and speculative logic of the modern soul Essays on The Soul s Logical Life in the Work of Wolfgang Giegerich Psychology as the Discipline of Interiority will be essential reading for depth and clinical psychologists Jungian psychoanalysts and academics and students of post Jungian studies and for all those interested in what it means to think in the highly sophisticated and technological world of the twenty first century *In the Image of Orpheus - RILKE: A Soul History* Daniel Joseph Polikoff, Yearnings of the Soul Jonathan Garb,2015-11-23 In *Yearnings of the Soul* Jonathan Garb uncovers a crucial thread in the story of modern Kabbalah and modern mysticism more generally psychology Returning psychology to its roots as an attempt to understand the soul he traces the manifold interactions between psychology and spirituality that have arisen over five centuries of Kabbalistic writing from sixteenth century Galilee to twenty first century New York In doing so he shows just how rich Kabbalah s psychological tradition is and how much it can offer to the corpus of modern psychological knowledge Garb follows the gradual disappearance of the soul from modern philosophy while drawing attention to its continued persistence as a topic in literature and popular culture He pays close attention to James Hillman s archetypal psychology using it to engage critically with the psychoanalytic tradition and reflect anew on the cultural and political implications of the return of the soul to contemporary psychology Comparing Kabbalistic thought to adjacent developments in Catholic Protestant and other popular expressions of mysticism Garb ultimately offers a thought provoking argument for the continued relevance of religion to the study of psychology Love and the Soul Robert Sardello,2011-06-28 With economies in peril war in the Middle East genocides global warming and a host of other grim phenomena the world has never seemed so besieged The solution says Robert Sardello lies with the individual In this timely thoughtful book he explains how the soul can engage with the outer world to produce radical change Because we think of the world as a vast mechanism and behave as mechanical objects in it the results are devastation and dysfunction The key is to learn to identify with the plight of the Earth by developing a true sense of individual imagination and conscious awareness of inner purpose and beauty in conjunction with the soul of the world Sardello shows how to achieve this awareness and bring what is inside out into the world inspiring balance and stability Using the Grail legend and the myth of Sophia known as the Soul of the World as well as writings by Jung James Hillman and Rudolf Steiner *Love and the Soul* helps readers imagine a revitalized Earth by exploring the significance of grieving the transformative power of radical receptivity the creative power of dreaming and a new basis for community
