Reading the Material Theatre Richard Paul Knowles,2004-05-13 *Reading the Material Theatre* develops and demonstrates a method of theatrical performance analysis that takes into account the entire theatre experience from production to reception Beginning with semiotic and cultural materialist theory Knowles quickly moves into detailed politicized analysis of the ways in which specific aspects of theatrical production and specific contexts of reception shape the audience s understanding of what they experience in the theatre It concludes with five case studies of the cultural work performed by a major Shakespearean repertory theatre a small nationalist theatre devoted to new play development a major New York based avant garde touring theatre company a British socialist company dedicated to the work of Shakespeare and a range of international festivals This accessible 2004 volume provides a first step introduction to key terms and areas of performance theory including reception history performance analysis and production analysis *Disappearing Men* Carole Jones,2009 *Disappearing Men* examines the complex and rebellious representations of gender in the work of several writers of devolutionary Scottish fiction in the period 1979 to 1999 The study focuses on the context of a crisis in masculinity accompanying the rapidly changing male role in the period concluding that men often disappear from sight in this writing highlighting issues of male insecurity and female disorientation in a new gender landscape Hence the novels examined here by authors James Kelman Jancie Galloway Jackie Kay A L Kennedy and Alan Warner strongly challenge the stereotype of the Scottish hardman and his dominance in 20th century Scottish fiction *Disappearing Men* dissects this challenge by giving major consideration to the relationship between the innovative literary forms often found in this writing and the concepts of selfhood they give rise to The possibilities inherent in these texts of reimagining gender identity and relations make them important contemporary documents of our struggles with realising selfhood and relations with others A sustained and intimate analysis this monograph will be of crucial interest to those concerned with issues of gender and representation in our rapidly changing era
