The Troubles In Ballybogoin Memory And Identity In Northern Ireland:

The Troubles in Ballybogoin William F. Kelleher, Jr., 2010-02-09 A fascinating exploration of how social memory serves to hinder communication and foster disorder in Northern Ireland *Belfast punk and the Troubles: An oral history* Fearghus Roulston, 2022-07-26 Belfast punk and the Troubles is an oral history of the punk scene in Belfast from the mid 1970s to the mid 80s The book explores what it was like to be a punk in a city shaped by the violence of the Troubles and how this differed from being a punk elsewhere It also asks what it means to have been a punk how punk unravels as a thread throughout the lives of the people interviewed and what that unravelling means in the context of post peace process Northern Ireland In doing so it suggests a critical understanding of sectarianism subjectivity and memory politics in the North and argues for the importance of placing punk within the segregated structures of everyday life described by the interviewees Adopting an innovative oral history approach drawing on the work of Luisa Passerini and Alessandro Portelli the book analyses a small number of oral history interviews with participants in granular detail Outlining the historical context and the cultural memory of punk the central chapters each delve into one or two interviews to draw out the affective imaginative and political ways in which punks and former punks evoke their memories of taking part in the scene Through this method it analyses the punk scene as a structure of feeling shaped through the experience of growing up in wartime Belfast Belfast punk and the Troubles is an intervention in Northern Irish historiography stressing the importance of history from below and will be compelling reading for historians of Ireland and of punk as well as those interested in innovative approaches to oral history

Ireland Joseph Coohill, 2014-03-06 From the first prehistoric inhabitants of the island to the St Andrews Agreement and decommissioning of IRA weapons this uniquely concise account of Ireland and its people reveals how differing interpretations of history ancient and modern have influenced modern Irish society Combining factual information with a critical approach Coohill covers all the key events including the Great Famine Home Rule and the Good Friday Agreement Updated with two new chapters expanding the discussion of pre modern Ireland as well as developments in the 21st century this highly accessible and balanced account will continue to provide a valuable resource to all those wishing to acquaint themselves further with the complex identity of the Irish people **Media and Past Conflict in Europe** Eugenia Siapera, Anke Fiedler, Kenneth Andresen, 2025-10-31 Focusing on how the history of past conflicts is mediated in the present and recent past in six European countries this book explores media processes as they intersect with power dynamics and hegemonic narratives of history and historical memory The analysis centers around six countries that have experienced past conflict and traumatic past histories Bosnia and Herzegovina Cyprus Germany Greece Ireland and Kosovo selected based on the type of conflict emanating from WWII authoritarian past colonial past interethnic conflict or communist past and its ongoing relevance Focusing on the mediation of past conflict the book revolves around the following questions How do countries that have gone through historical trauma mediate this troubled past How do they navigate processes of production representation

and reception How do journalists negotiate the competing demands of professional values political tensions and the emotional fallout of conflict and trauma How do audiences publics engage with content that may misrepresent their community or experiences How do representations of past conflict change over time How are the mediations of the past involved in present day politics Setting out in each chapter the implications of their analysis for journalistic education and practice the book will attract readers among academics in the area of media and conflict and media and memory students of media communications and journalism and journalists who write on past conflict and commemoration as well as those writing and researching on the six countries that form the case studies The Multicultural Dilemma Michelle Hale Williams, 2013

This work seeks to explore the contemporary challenge of government in multicultural societies drawing together a wide range of contributors to examine how ethnic difference could better understood and mediated by modern nation states Divided into three sections the book centres round the notion that changing patterns of migration bring escalating obstacles to integration or assimilation In the first section contributors focus on the theory that immigrants are the actors that catalyze contemporary multicultural dilemmas within states with a particular focus on diaspora and how a diaspora community may differ in some ways from other kinds of immigrant community Section two identifies key factors in shaping ethnic identity before moving on to examine the state of the debate over whether identity can be changed or manipulated The contributors to this section provide valuable insights into the catalysts and causes of ethnic division and tension by showing factors in the development of ethnic identity In the third section the focus turns to strategies for mediating multicultural challenges and managing internal diversity in multicultural society offering structural and institutional solutions with evidence of application in specific cases and country contexts Offering a comprehensive overview of this pressing issue and drawing on a wide range of case studies this work will be of interest to students and scholars of migration political sociology race and ethnic studies

Power, Politics and Territory in the 'New Northern Ireland' Elizabeth DeYoung, 2023-10-15 Winner of the ACIS Donald Murphy Prize for Distinguished First Book 2023 In the wake of the Good Friday Agreement the redevelopment of the former Girdwood Army Barracks in North Belfast was hailed as a symbol of hope for Northern Ireland It was a major investment in a former conflict zone and an internationally significant peacebuilding project Instead of adhering to the tenets of the Agreement sectarianism dominated the regeneration agenda Throughout the process politicians community groups and paramilitaries wrangled over the site s future and territorial contest won out over housing need After eleven years of negotiation and 11 7 million the EU funded Girdwood Community Hub opened its doors to the public in 2016 but its impact has been underwhelming The Hub s redevelopment is a microcosm of the peace process itself and the ways in which post Agreement politics have failed to deliver a shared future for the people of Northern Ireland twenty five years on This ethnography provides a lively account of Girdwood s redevelopment and a wry critique of the fractious political context around it Through fl nerie and encounter the author brings us across peace walls into community meetings and behind the

scenes of decision making in Northern Ireland Girdwood's story also sheds light on how power politics and territory intersect in divided cities globally *The Gender Politics of Contemporary Performance in Northern Ireland* Alexander Coupe, 2024-12-07 This book examines theatre and performance produced since the 1998 Belfast Good Friday Agreement in the context of growing discontent with the failure of the peace in Northern Ireland to deliver genuinely transformative forms of social justice The economic expansion that attended the peace accord propelled the growth of the region's theatre and performance sector and assisted in increasing the representation of women and LGBTQ people across the arts Despite this much of the performance work produced since 1998 has illuminated the darker social consequences of Northern Ireland's embrace of a specifically neoliberal vision of a post conflict society Existing scholarship has already highlighted the role of theatre and performance in drawing attention to the misogyny and homophobia that has underwritten political antagonism in the North since partition Instead this book offers a sustained examination of contemporary performance makers that have engaged specifically with the reconstruction of gender norms amidst the region's political and economic transformation The story it tells is of an emerging current in theatre performance art and dance consisting of work concerned not only with uncovering the morbid symptoms of the neoliberal peace but also embodying those messy and everyday conditions of co dependency vulnerability and solidarity that both patriarchal nationalisms and androcentric individualism seek to deny

Lullabies and Battle Cries Jaime Rollins, 2018-08-17 Set against a volatile political landscape Irish republican culture has struggled to maintain continuity with the past affirm legitimacy in the present and generate a sense of community for the future *Lullabies and Battle Cries* explores the relationship between music emotion memory and identity in republican parading bands with a focus on how this music continues to be utilized in a post conflict climate As author Jaime Rollins shows rebel parade music provides a foundational idiom of national and republican expression acting as a critical medium for shaping new political identities within continually shifting dynamics of republican culture *Historical Dictionary of Ireland* Frank A. Biletz, 2013-11-14 All places undergo change but in few has this change been quite as sweeping as Ireland both the independent Republic of Ireland and dependent Northern Ireland so it is good to see where it is heading at present Obviously that has to be judged on the background of where it is coming from not only over the past decade or so but over centuries and indeed millennia This new edition of *Historical Dictionary of Ireland* is an excellent resource for discovering the history of Ireland This is done through a chronology an introductory essay and an extensive bibliography The cross referenced dictionary section has over 600 entries on significant persons places and events political parties and institutions including the Catholic church with period forays into literature music and the arts This book is an excellent resource for students researchers and anyone wanting to know more about Ireland **Ireland and Dysfunction** Asier Altuna-García de Salazar, 2017-01-06 This collection of critical essays finds itself at the intersection of cultural literary and film studies and explores the various ways in which dysfunction is expressed in Irish studies Dysfunction can be regarded as part and parcel

of a portrayal of a landscape of trauma and crisis that may have been traditionally repressed in Ireland at large. However, dysfunction also envisages mediation, managing, transcending, and healing. As such, this volume examines how Ireland tackles dysfunction at large but more importantly how mediation, managing, healing, and transcending help in the understanding of the ever-changing and on-going process of the construction of an Irish identity today, sometimes looking back at the past but always creating the need of inventing new ways to understand the future of Ireland. The collection presents essays which tackle dysfunction from different and multifarious perspectives that range from sociological, historical, and literary discourses to more contemporary insights into dysfunction in today's Ireland. It encompasses theory and analysis and includes the works of both senior academics and emerging scholars as well as those outside academia.
