Spies in Congress Frank Miniter, 2018-10-16 When Imran Awan an IT aide for Congresswoman Debbie Wasserman Schultz D FL was arrested by the FBI as he tried to fly away to Pakistan the media didn't know what to make of the story Was this just a bank fraud case or something more Why was this team of congressional IT administrators paid chief of staff level salaries Why did they provide fraudulent data to Capitol Police How had they evaded background checks As facts emerged it became frighteningly clear this case was really about a spy ring that operated in the offices of more than 40 members of Congress all Democrats By following the digital tracks of this group of IT aides *Spies in Congress* uncovers a real life international spy thriller and unearths a shocking reality the U S government would rather we didn't know Much of the media clearly wants to protect the party they favor and the members of Congress involved don't want to pay a political price Even the Republican leadership in Congress has been reluctant to hold hearings or to ensure that an ethics investigation take place We can still insist on an honest ending but to do that we need to come to terms with what's in this book
