The Unwanted Great War Letters From The Field:

The Unwanted John McKendrick Hughes, 2005-05-20 *The Unwanted* is the personal memoir of John McKendrick Hughes a Canadian farmer who also happened to be an Major in the local militia who joined the army in 1915 Upon his arrival in England in the fall of 1916 John discovered that the British Army did not want Canadian militia officers whom they considered to be rank amateurs Unwanted by the British Army but not allowed by the Canadian government to return home John determined to serve his country in any way he could He did this by becoming an Agricultural Officer for the British 2nd Army one of many unwanted Canadian officers who served in ways they could not have imagined when they enlisted Working at Army Headquarters John rubbed shoulders on a daily basis with dozens of high ranking officers many of whom were members of the British upper class As an outsider he was able to see them simply as men not as lords dukes and earls yet by virtue of his HQ posting and his own skills as a farmer and organizer he was often treated as an insider one of the club The work John was doing raising food for the Army immediately behind the front lines was new to everyone involved There were no regulations detailing how it was to be done and he often had to improvise as he went along breaking the rules that applied to other military operations aided and abetted by his commanding officers who often made sure he didn't know the rules After the war John was seconded to the Armistice Commission and posted to Cologne Germany where he inspected agricultural equipment and enjoyed a season of opera He returned to Canada in 1919

The Canadian Experience of the Great War Brian Douglas Tennyson, 2013-05-01 Although the United States did not enter the First World War until April 1917 Canada enlisted the moment Great Britain engaged in the conflict in August 1914 The Canadian contribution was great as more than 600 000 men and women served in the war effort 400 000 of them overseas out of a population of 8 million More than 150 000 were wounded and nearly 67 000 gave their lives The war was a pivotal turning point in the history of the modern world and its mindless slaughter shattered a generation and destroyed seemingly secure values The literature that the First World War generated and continues to generate so many years later is enormous and addresses a multitude of cultural and social matters in the history of Canada and the war itself Although many scholars have brilliantly analyzed the literature of the war little has been done to catalog the writings of ordinary participants men and women who served in the war and wrote about it but are not included among well known poets novelists and memoirists Indeed we don't even know how many titles these people published nor do we know how many more titles were added later by relatives who considered the recollections or collected letters worthy of publication Brian Douglas Tennyson's *The Canadian Experience of the Great War A Guide to Memoirs* is the first attempt to identify all of the published accounts of First World War experiences by Canadian veterans

Unwanted Warriors Nic Clarke, 2015-10-01 *Unwanted Warriors* uncovers the history of Canada's first casualties of the Great War men who tried to enlist but were deemed unfit for service by medical examiners Condemned as shirkers for not being in uniform rejected volunteers faced severe ostracism Nagging guilt coupled with self doubt about

their social and physical worth led many of these men to divorce themselves from society or worse Nic Clarke draws on the service files of 3 400 rejected volunteers to examine the deleterious effects that socially constructed norms of health and fitness had on individual men and Canadian society He considers the mechanics of the military medical examination the psychical and psychological characteristics that the authorities believed made a fighting man and how evaluations changed as the war dragged on He also brings to light the experiences of those who deliberately claimed disability to avoid service a minority within the large population of rejected volunteers who felt denigrated if not emasculated by their exclusion from duty

Nights in Flanders. Joseph Alfred Bradney, Latin Poet of the Great War Tom Deneire, Bertin Deneire, 2019 It is a little known fact that during the Great War of 1914 1918 a handful of people wrote war poetry in Latin Not from the safety of their book laden desks but very much with their boots in the mud The most prolific of these Latin war poets was Colonel Sir Joseph Alfred Bradney 1859 1923 who in 1919 even published a booklet *Noctes Flandricae* or *Nights in Flanders* with war poetry written in Belgium and France This book tells the story of both his Latin poetry and his involvement in the Great War

The Little Third Reich on Lake Superior Ernest Robert Zimmermann, 2015-07-22 Accessible history of the controversial POW camp run during World War II in northern Ontario

Behind the Front Craig Gibson, 2014-03-27 Until now scholars have looked for the source of the indomitable Tommy morale on the Western Front in innate British bloody mindedness and irony not to mention material concerns such as leave food rum brothels regimental pride and male bonding However re examining previously used sources alongside never before consulted archives Craig Gibson shifts the focus away from battle and the trenches to times behind the front where the British intermingled with a vast population of allied civilians whom Lord Kitchener had instructed the troops to avoid Besides providing a comprehensive examination of soldiers encounters with local French and Belgian inhabitants which were not only unavoidable but also challenging symbiotic and uplifting in equal measure Gibson contends that such relationships were crucial to how the war was fought on the Western Front and ultimately to British victory in 1918 What emerges is a novel interpretation of the British and Dominion soldier at war

Scandalous Conduct Matthew Barrett, 2022-04-01 Drunken disorderliness Cowardice in battle Writing bad cheques Vulgarity Sexual indecency Adultery Following courts martial for such disgraceful deeds hundreds of Canadian officers lost their commissions during the First and Second World Wars *Scandalous Conduct* investigates the forgotten experiences of these dismissed ex officers to offer a new critical perspective on constructed notions of honour and dishonour Matthew Barrett explores how changing definitions of scandalous behaviour shaped the quintessential honour crime known as conduct unbecoming an officer and a gentleman As symbolized by the loss of commissioned rank dishonour represented a direct challenge to the discredited officer's prestige livelihood and sense of manhood Drawing on fascinating court cases that have never before been studied *Scandalous Conduct* convincingly demonstrates a surprising conclusion The scope of officer misconduct revealed that the ideal of military honour was not nearly as stable as leaders preferred to believe instead it

Greenfield, 2008-10-20 The Second Battle of Ypres was by any definition a brutal event in a brutal war The already terrible conditions of trench warfare punctuated by the unimaginable horror of shell fire that turned men into pink mist became even worse when the Germans introduced chlorine gas But despite the terror the battle marked a key moment in the formation of Canadian identity and pride After the Germans initial gas attack opened a 12 kilometre long hole in Allied lines it was the heroic 1st Canadian Division men who had been in the trenches for just over a week who rushed to fill the gap and block the enemy advance Drawing on never before published material Nathan M Greenfield author of *The Battle of the St Lawrence* presents a gripping new account of the Second Battle of Ypres Here are the voices of the soldiers themselves both Canadian and German reaching across more than 90 years with a stunning immediacy **Stand To!** , 2006
