## **The Titanic Experience The Legend Of The Unsinkable Ship:**

The Titanic Experience Beau Riffenburgh, 2009      **The Unsinkable Titanic** Allen Gibson, 2012-02-28 Delving deep into Titanic's legacy Allen Gibson presents a comprehensive history with a refreshing argument that Titanic represented a considerable achievement in maritime architecture. He determines the true causes of the disaster, telling the story of the unsinkable ship against a backdrop of a tumultuous and rapidly emerging technological world. The book exposes the true interests of the people involved in the operation, regulation and investigation into Titanic and lays bare the technology so dramatically destroyed. Juxtaposing the duelling worlds of economics and safety, this study rationalises the mindset that wilfully dispatched the world's largest ship out to sea with a deficient supply of lifeboats. Using original material, this fascinating book explores not only how the sinking occurred but also examines the significance and allure of Titanic as well as boldly establishing a future for the wreck itself.

**The Titanic Experience** Beau Riffenburgh, 2008 2008 marks 100 years since the contract agreeing to build Titanic in Belfast was signed and even now the ship is regularly in the global news. There are frequent auctions of Titanic memorabilia with one such auction fetching 150,000 overall and a third class menu postcard alone selling for over 44,000. This book contains over 200 photographs ranging from publicity shots showing the decadence of the ship's interior to pictures taken by amateur photographers and images of the wreck taken with underwater equipment. It also features over 30 rare and newly researched removable facsimile documents of historic importance.

**Titanic: Ship of Lost Illusions** Kevin Brown,2025-05-30 A fresh exploration of the

Titanic disaster reveals how class gender and racial prejudices shaped contemporary responses When it set sail on its ill fated maiden voyage RMS Titanic was a marvel of modern technology and the latest in luxury providing a gilded setting and false sense of security for its passengers to act out their imagined ideal lives in a reflection of pre First World War society When disaster struck in the form of an iceberg four days into its maiden voyage that society was frozen in a moment of time revealing class gender and racial discrimination that pervaded contemporary social attitudes Kevin Brown takes a fresh approach in exploring the social attitudes to class manliness heroism and cowardice social redemption the proper role of women and the social religious and racial prejudices revealed by the sinking He re evaluates the code of women and children first revealing how attitudes glorifying manliness influenced the behaviour of passengers and crew during the sinking as well as suggesting a narrative of chivalry and self sacrifice to create heroes from the victims and brand the surviving men as cowards an interpretation that is challenged here Eyewitness accounts evoke the horror of the night and reveal the underlying ideas of the day They also show that women played a less passive role than expected of them The responses to the sinking by politicians across the spectrum the labour movement and suffragettes suffragists and anti suffragists is explored to show more critical contemporary responses to the disaster that challenge the heroic narrative It was a world that was never so confident in modernity after the disaster but yet still held on to illusions of chivalry     Ships Monthly ,1998
