Things That Fall From The Sky:

Things that Fall from the Sky Kevin Brockmeier, 2007-12-18 Weaving together loss and anxiety with fantastic elements and literary sleight of hand Kevin Brockmeier's richly imagined *Things That Fall from the Sky* views the nagging realities of the world through a hopeful lens In the deftly told *These Hands* a man named Lewis recounts his time babysitting a young girl and his inconsolable sense of loss after she is wrenched away In *Apples* a boy comes to terms with the complex world of adults his first pangs of love and the bizarre death of his Bible coach *The Jesus Stories* examines a people trying to accelerate the Second Coming by telling the story of Christ in every possible way And in the O Henry Award winning *The Ceiling* a man's marriage begins to disintegrate after the sky starts slowly descending Achingly beautiful and deceptively simple *Things That Fall from the Sky* defies gravity as one of the most original story collections seen in recent years

Falling Sky Ted Nield, Granta Books, 2011-10-18 Did an enormous collision in the Asteroid Belt orbiting the sun between Mars and Jupiter bombard Earth with meteorites 470 million years ago Astonishing new research suggests it did and a revolutionary theory is emerging that this bombardment resulted in the single greatest increase in biological diversity on the planet since the origin of life Introducing these discoveries to the general public for the first time Ted Nield challenges the view that meteorites are bad news Tracing the history of meteorites from the first recorded strike to the videos made routinely today he reveals the fascinating ways in which meteorites have transformed from omens of doom to a stepping stone to Mars in twenty first century space exploration *The Falling Sky* will shatter everything you thought you knew about one of the most terrifying forces in the universe
