Three Kingdoms 13 The Unlikely Partners:

Unlikely Partners? Anna Michalski,Zhongqi Pan,2017-03-27 This book provides an in depth analysis of the relations between China and the EU tracing the development of this complex yet intriguing relationship between two substantially different actors To uncover a deeper understanding of this unlikely partnership the authors analyze the partnership through the prism of contending norms and worldviews The China EU strategic partnership has evolved through fits and starts but despite continuous trade disputes and severe diplomatic misunderstandings the EU and China pledge to uphold even deepen the partnership Policy experts and scholars will learn how such contending bilateral relationships can be managed and establish a better understanding of deep seated conceptual differences between these two entities Fearless Dialogues Gregory C. Reyes,2021-03-16 In The Purpose Gap Patrick Reyes reflects on a family member s death after a long struggle with incarceration and homelessness As he asks himself why his cousin s life had turned out so differently from his own he realizes that it was a matter of conditions While they both grew up in the same marginalized Chicano community in central California Patrick found himself surrounded by a host of family friends and supporters They created a different narrative for him than the one the rest of the world had succeeded in imposing on his cousin In short they created the conditions in which

Patrick could not only survive but thrive Far too much of the literature on leadership tells the story of heroic individuals creating their success by their own efforts Such stories fail to recognize the structural obstacles to thriving faced by those in marginalized communities If young people in these communities are to grow up to lives of purpose others must help create the conditions to make that happen Pastors organizational leaders educators family and friends must all perceive their calling to create new stories and new conditions of thriving for those most marginalized This book offers both inspiration and practical guidance for how to do that It offers advice on creating safe space for failure nurturing networks that support young people of color and professional guidance for how to implement these strategies in one s congregation school or community organization

No Innocent Bystanders Christopher Doucot, 2017-10-11 The struggle for justice is ongoing In answering the biblical call to act justly and love mercifully can Christians cross lines of privilege to walk humbly not only with God but with their marginalized neighbors as well No Innocent Bystanders looks at the role of allies in social justice movements and asks what works what doesn t and why It explains what allies legitimately can accomplish what they can t and what kind of humility and clarity is required to tell the difference This book is a start up guide for spiritual or religious people who are interested in working for social justice but don t know how or where to begin drawing on the lessons of history the framework of Christian ideas and the insights of contemporary activists It offers practical guidance on how to meaningfully and mindfully advocate alongside all who struggle for a more just society

Making of a Generation offers unique insight into the hopes dreams and trajectories of a generation Although children born in the 1970s were more educated than ever before as adults they entered new labour markets that were de regulated and precarious Lesley Andres and Johanna Wyn discuss the consequences of education and labour policies in Canada and Australia emphasizing their long term impacts on health well being and family formation They conclude that these young adults bore the brunt of policies designed to bring about rapid changes in the nature of work Despite their modest hopes and aspirations for security those born in the 1970s became a vanguard generation as they negotiated the significant social and economic transformations of the 1990s
