

3 ways to win a 3-strikes case...

- Beat it* Mount a successful defense to the underlying criminal charge. No conviction means no “strike out.”
- Reduce it* Have a felony “wobbler” reduced to a misdemeanor. Three strikes only applies to felony convictions.

Three Strikes Against Her:

The Return of Gabriel Richard V. Shriver, 2005-11 This collection of letters is a continuation of my earlier collection The Gabriel Letters I stumbled on the idea of writing imagined letters from an archangel advising a young guardian while reading an introduction to C S Lewis Screwtape Letters It has been a marvelous way perhaps delusional of standing back and imagining that I can see the world through angel eyes The amazing result for me has been a sense of objectivity and good will The intended purpose of the letters is to apply to all things the idea of God s complete love self sacrificing eternal parent like love This idea is the center of Christianity It is Jesus message and it is St Paul s good news If we desire to be Christian we should begin it seems to me by attempting to apply Jesus teachings to all things to our behavior to our human relationships especially family to our work and our business dealings to the way we run our churches and to the way we study the scriptures If we take Jesus seriously we must reevaluate much of the Bible the parts which are not specifically the teachings of Jesus Jesus Himself questioned much of the scriptures These letters cover a variety of subjects many of them Biblical Some Biblical passages need correction in light of Jesus ideas Some Biblical passages are so marvelous that we need to lift them to the sky and shout Look at this Some Biblical passages are confusing and we need to wrestle with them But in all we should be trying to see them through Jesus eyes To see through Jesus eyes is I suspect what the true Gabriel wants and it is the intent of this book Richard V Shriver

landing and supporting the ground offensive is all too often overlooked The naval forces involved included the US Task Force 58 and the British Pacific Fleet composed of ships from the Royal Australian Navy the Royal Canadian Navy and the Royal New Zealand Navy which together with those of the Royal Navy constituted the most powerful fleet Britain had ever put together The total firepower of the Allied force was staggering consisting of 18 battleships 27 cruisers 177 destroyers destroyer escorts 11 fleet carriers 6 light carriers and 22 escort carriers and various support and troop transport ships Pitted against this formidable array was the Japanese Combined Fleet with just one super battleship one light cruiser and eight destroyers But the Japanese had one other fearful weapon the kamikaze The resultant battle saw the Japanese fleet wiped out but the Allies lost twenty four support vessels and a further 386 ships were damaged many at the hands of the kamikaze pilots After the fighting the Admiralty called for a summary of the battle to be written for internal Royal Navy consumption It is that secret report which it was never intended would be seen by the general public that is published here for the first time

pressures from the media law enforcement lobbyists and the friends and families of the people involved Cordell's candid account of her years on the bench shines light on all areas of the legal system from juvenile delinquency and the shift from rehabilitation to punishment along with the racial biases therein to the thousands of plea bargains that allow our overburdened courts to stay afloat as long as innocent people are willing to plead guilty There are tales of marriages and divorces adoptions and contested wills some humorous others heartwarming still others deeply troubling Her Honor is for anyone who's had the good or bad fortune to stand before a judge or sit on a jury It is for true crime junkies and people who vote in judicial elections Most importantly this is a book for anyone who wants to know what our legal system for better or worse means to the everyday lives of all Americans

In Their Names Lenore Anderson, 2022-11-01 In Their Names busts open the public safety myth that uses victims' rights to perpetuate mass incarceration and offers a formula for what would actually make us safe from the widely respected head of Alliance for Safety and Justice When twenty-six-year-old recent college graduate Aswad Thomas was days away from starting a professional basketball career in 2009 he was shot twice while buying juice at a convenience store The trauma left him in excruciating pain with mounting medical debt and struggling to cope with deep anxiety and fear That was the same year the national incarceration rate peaked Yet despite thousands of new tough on crime policies and billions of new dollars pumped into justice Aswad never received victim compensation support or even basic levels of concern In the name of victims' justice bureaucracies ballooned while most victims remained on their own In In Their Names Lenore Anderson president of one of the nation's largest reform advocacy organizations offers a close look at how the political call to help victims in the 1980s morphed into a demand for bigger bureaucracies and more incarceration and cemented the long-standing chasm that exists between most victims and the justice system She argues that the powerful myth that mass incarceration benefits victims obscures recognition of what most victims actually need including addressing trauma which is a leading cause of subsequent violent crime A solutions-oriented paradigm-shifting book In Their Names argues persuasively for closing the gap between our public safety systems and crime survivors
