Character Templates

There are a number of character types that recur frequently in comics, and comic book RPGs. I've made a few templates that make generating these types of characters quicker and easier. Just follow the basic instructions included with each template. Need a quick group? Roll one of each! These templates work equally well for both player characters and NPCs, except for the Master Criminal. For use with the Rules Upgrade, just use the same rules that apply for rolling random characters.
