soul A century later you can find yoga in gyms malls and even hospitals and the arrival of a yoga studio in a neighborhood is a signal of cosmopolitanism How did it happen It did so Stefanie Syman explains through a succession of charismatic yoga teachers who risked charges of charlatanry as they promoted yoga in America and through generations of yoga students who were deemed unbalanced or even insane for their efforts The Subtle Body tells the stories of these people including Henry David Thoreau Pierre A Bernard Margaret Woodrow Wilson Christopher Isherwood Sally Kempton and Indra Devi From New England the book moves to New York City and its new suburbs between the wars to colonial India to postwar Los Angeles to Haight Ashbury in its heyday and back to New York City post 9 11 In vivid chapters it takes in celebrities from Gloria Swanson and George Harrison to Christy Turlington and Madonna And it offers a fresh view of American society showing how a seemingly arcane and foreign practice is as deeply rooted here as baseball or ballet This epic account of yoga s rise is absorbing and often inspiring a major contribution to our understanding of our society
