Taking Fiction Film Seriously Mario Slugan,2025-09-04 Fiction film has been and remains the privileged site of film studies with film history regularly being viewed as the rise of the narrative fiction film Taking Fiction Film Seriously argues that despite this privileged position the notion of fiction as it relates to cinema has yet to be properly interrogated Mario Slugan explores the significant misunderstandings concerning the categorisation of film audience experience and the real life effects of fiction He contends with the contradictory assumption that fiction films have tangible effects on audiences beliefs and behaviours while also intuitively being not true or not to be believed in Slugan analyses the notion of fiction from a theoretical and historical perspective considering how it manifests in a broad range of films from the past 110 years including The Arrival of a Train Lumi re brothers 1895 1897 The Blair Witch Project Myrick and S nchez 1999 and Waltz with Bashir Folman 2008 He supports his close readings with findings from philosophy psychology and literary studies and in doing so seeks to challenge the current state of film studies

You Win or You Die Ayelet Haimson Lushkov,2017-04-30 If the Middle Ages form the present day backdrop to the continents of Westeros and Essos then antiquity is their resonant past The Known World is haunted by the remnants of distant and powerful civilizations without whose presence the novels of George R R Martin and

the ever popular HBO show would lose much of their meaning and appeal In this essential sequel to *Carolyne Larrington's Winter is Coming: The Medieval World of Game of Thrones* Ayelet Haimson Lushkov explores the echoes from the Summer Islands to Storm's End of a rich antique history She discusses for example the convergence of ancient Rome and the reach, scope and might of the Valyrian Freehold She shows how the wanderings of Tyrion Lannister replay the journeys of Odysseus and Aeneas She suggests that the War of the Five Kings resembles the War of the Four Emperors 68-69 AD She also demonstrates just how the Wall and the Wildlings advancing on it connect with Hadrian's bulwark against fierce tribes of Picts This book reveals the remarkable extent to which the entire Game of Thrones universe is animated by its ancient past

Reimagining Masculinity and Violence in 'Game of Thrones' and 'A Song of Ice and Fire' Tobi Evans, 2022-11-15 In this examination of violence and masculinity in George R R Martin's fantasy series *A Song of Ice and Fire* and its television adaptation *Game of Thrones* Tobi Evans offers a queer reading that revises the idea that the texts glorify violence Moving from monstrous men characters and sovereigns to female disabled and genderqueer masculinities *Violent Fantasies* understands the novels and television series to offer a complex and ambiguous negotiation of different types of violence Deploying queer feminist poststructuralist and psychoanalytic approaches to the acts of violence that masculine characters use Evans views hegemonic violence as part of a destructive cycle wherein characters use violence to dominate others but have their violence turned against them in such a way that their bodies become disgusting and they are unable to enter into systems of patriarchal reproduction The only characters who succeed in proliferating their values and knowledges are those who use violence to care for others These characters are also threatened with a bodily undoing when they use violence but their bodily borders are secured because of their connections to others and their queer kinship bonds Violence transforms the body Evans argues in ways that are both circular and ideologically ambivalent

Management Lessons from Game of Thrones Moore, Fiona, 2022-07-01 This intriguing and absorbing book takes a look at aspects of Westerosi society and politics from an anthropological and organizational studies angle It shows both how management theory influenced the world building in the *Game of Thrones* franchise and also how students, academics and managers can draw on the series to further enhance their understanding of concepts in human resource management and organization theory

The Ultimate Game of Thrones and Philosophy Eric J. Silverman, Robert Arp, 2016-12-09 *The Ultimate Game of Thrones and Philosophy* treats fans to dozens of new essays by experts who examine philosophical questions raised by the *Game of Thrones* story This ultimate analysis provides the most comprehensive discussion to date and engages the *Game of Thrones* universe through the end of Season Six of the HBO series Ned Stark Tyrion Lannister Jon Snow Joffrey Cersei Brienne Arya Stannis and many other characters are used to apply the traditional philosophical questions that everyone faces How should political leaders be chosen in Westeros and beyond Is power merely an illusion Is it immoral to enjoy overly violent and sexual stories like *Game of Thrones* How should morally ambiguous individuals such as Jamie Lannister The Kingslayer and Savior of King's Landing

be evaluated Can anyone be trusted in a society like Westeros What rules should govern sexual relationships in a world of love incest rape and arranged marriage How does disability shape identity for individuals like Tyrion Bran and others How would one know whether there is a God in the Game of Thrones universe and what he is like
