A NEW HISTORY OF THE EUROPEAN WITCH HUNTS

*Our Legacy
of Violence
Against Women*

"Thought-provoking. . . Gripping."—New York Times Book Review

Anne Llewellyn Barstow

Witchcraze A New History Of The European Witch Hunts

Andrew Sneddon

Witchcraze A New History Of The European Witch Hunts:

Witchcraze Anne L. Barstow, 1995-06-24 In the sixteenth century a rise in sexual violence in European society was exacerbated by pressure from church and state to change basic sexual customs As the centuries since have shown escalating levels both of violence general and sexual and of state control the witchcraze can be considered a portent even a model of some aspects of what modern Europe would be like Over three centuries approximately one hundred thousand persons most of whom were women were put to death under the guise of witch hunts particularly in Reformation Europe The shocking annihilation of women from all walks of life is explored in this brilliant authoritative feminist history Anne Llewellyn Barstow Barstow exposes an unrecognized holocaust the ethnic cleansing of independent women in Reformation Europe and examines the residual attitudes that continue to influence our culture Barstow argues that it is only with eyes sensitive to gender issues that we can discern what really happened in the persecution and murder of these women Her sweeping chronicle examines the scapegoating of women from the ills of society investigates how their subjugation to sexual violence and death sent a message of control to all women and compares this persecution of women with the enslavement and slaughter of African slaves and Native Americans Ultimately Barstow traces the current backlash against women to its gynophobic torture filled origins In the process she leaves an indelible mark on our growing understanding of the legacy of violence against women around the world

The Encyclopedia of Witches, Witchcraft and Wicca Rosemary Guiley, 2010-05-12 Presents a comprehensive reference guide with more than 480 entries on the subject of witchcraft

Postcolonial Imagination and Feminist Theology Pui-lan Kwok, 2005-01-01 The burgeoning field of postcolonial studies argues that most theology has been formed in dominant cultures laden intrinsically with imperializing structures An essential task facing theology is thus to decolonize the mind and free Christianity from colonizing bias and structures Here in this truly groundbreaking study highly respected feminist theologian Kwok Pui lan offers the first full length theological treatment of what it means to do postcolonial feminist theology She explains her methodological basis and explores several specific topics including Christology pluralism and creation

The European Witch-Hunt Julian Goodare, 2016-05-12 The European Witch Hunt seeks to explain why thousands of people mostly lower class women were deliberately tortured and killed in the name of religion and morality during three centuries of intermittent witch hunting throughout Europe and North America Combining perspectives from history sociology psychology and other disciplines this book provides a comprehensive account of witch hunting in early modern Europe Julian Goodare sets out an original interpretation of witch hunting as an episode of ideologically driven persecution by the godly state in the era of the Reformation and Counter Reformation Full weight is also given to the context of village social relationships and there is a detailed analysis of gender issues Witch hunting was a legal operation and the courts rationale for interrogation under torture is explained Panicking local elites rather than central governments were at the forefront of witch hunting Further chapters explore folk beliefs about legendary witches and

intellectuals beliefs about a secret conspiracy of witches in league with the Devil Witch hunting eventually declined when the ideological pressure to combat the Devil s allies slackened A final chapter sets witch hunting in the context of other episodes of modern persecution This book is the ideal resource for students exploring the history of witch hunting Its level of detail and use of social theory also make it important for scholars and researchers

Witch Hunts in Europe and America

William E. Burns,2003-10-30 From early sorcery trials of the 14th century associated primarily with French and Papal courts to the witch executions of the late 18th century this book s entries cover witch hunting in individual countries major witch trials from Chelmsford England to Salem Massachusetts and significant individuals from famous witches to the devout persecutors Entries such as the evil eye familiars and witch finders cover specific aspects of the witch hunting process while entries on writers and modern interpretations provide insight into the current thinking on early modern witch hunts From the wicked witch of children s stories to Halloween and present day Wiccan groups witches and witchcraft still fascinate observers of Western culture Witches were believed to affect climatological catastrophes put spells on their neighbors and cavort with the devil In early modern Europe and the Americas witches and witch hunting were an integral part of everyday life touching major events such as the Reformation and the Scientific Revolution as well as politics law medicine and culture

The Oxford Handbook of Witchcraft in Early Modern Europe and Colonial America Brian P. Levack,2013-03-28 A collection of essays from leading scholars in the field that collectively study the rise and fall of witchcraft prosecutions in the various kingdoms and territories of Europe and in English Spanish and Portuguese colonies in the Americas

The Witch-Hunt in Early Modern Europe Brian P. Levack,2013-11-05 Between 1450 and 1750 thousands of people most of them women were accused prosecuted and executed for the crime of witchcraft The witch hunt was not a single event it comprised thousands of individual prosecutions each shaped by the religious and social dimensions of the particular area as well as political and legal factors Brian Levack sorts through the proliferation of theories to provide a coherent introduction to the subject as well as contributing to the scholarly debate The book Examines why witchcraft prosecutions took place how many trials and victims there were and why witch hunting eventually came to an end Explores the beliefs of both educated and illiterate people regarding witchcraft Uses regional and local studies to give a more detailed analysis of the chronological and geographical distribution of witch trials Emphasises the legal context of witchcraft prosecutions Illuminates the social economic and political history of early modern Europe and in particular the position of women within it In this fully updated third edition of his exceptional study Levack incorporates the vast amount of literature that has emerged since the last edition He substantially extends his consideration of the decline of the witch hunt and goes further in his exploration of witch hunting after the trials especially in contemporary Africa New illustrations vividly depict beliefs about witchcraft in early modern Europe

Witchcraft and Magic in Ireland Andrew Sneddon,2015-08-25 This is the first academic overview of witchcraft and popular magic in Ireland and spans the medieval to the modern period Based on a wide range of un used and

under used primary source material and taking account of denominational difference between Catholic and Protestant it provides a detailed account of witchcraft trials and accusation **The Salem Witchcraft Trials** Peter Charles Hoffer, 1997

Historian Peter Charles Hoffer reexamines a notorious episode in American history and presents many of its legal details in true perspective for the first time Hoffer also shows how rights we take for granted today did not exist in colonial times and he demonstrates how these cases relate to current instances of children accusing adults of abuse *Making Magic* Randall Styers, 2004-01-15

Since the emergence of religious studies and the social sciences as academic disciplines the concept of magic has played a major role in defining religion and in mediating the relation of religion to science Across these disciplines magic has regularly been configured as a definitively non modern phenomenon juxtaposed to distinctly modern models of religion and science Yet this notion of magic has remained stubbornly amorphous In *Making Magic* Randall Styers seeks to account for the extraordinary vitality of scholarly discourse purporting to define and explain magic despite its failure to do just that He argues that this persistence can best be explained in light of the Western drive to establish and secure distinctive norms for modern identity norms based on narrow forms of instrumental rationality industrious labor rigidly defined sexual roles and the containment of wayward forms of desire Magic has served to designate a form of alterity or deviance against which dominant Western notions of appropriate religious piety legitimate scientific rationality and orderly social relations are brought into relief Scholars have found magic an invaluable tool in their efforts to define the appropriate boundaries of religion and science On a broader level says Styers magical thinking has served as an important foil for modernity itself Debates over the nature of magic have offered a particularly rich site at which scholars have worked to define and to contest the nature of modernity and norms for life in the modern world

Whispering the Strategies of Language: An Mental Journey through **Witchcraze A New History Of The European Witch Hunts**

In a digitally-driven earth wherever displays reign great and quick connection drowns out the subtleties of language, the profound techniques and psychological nuances hidden within words often get unheard. Yet, set within the pages of **Witchcraze A New History Of The European Witch Hunts** a fascinating literary prize pulsating with organic emotions, lies an exceptional journey waiting to be undertaken. Published by a talented wordsmith, this wonderful opus encourages readers on an introspective trip, delicately unraveling the veiled truths and profound affect resonating within the very material of every word. Within the mental depths with this moving evaluation, we can embark upon a sincere exploration of the book is core subjects, dissect their fascinating writing fashion, and fail to the powerful resonance it evokes heavy within the recesses of readers hearts.
