

WITNESSES TO THE WORD

NEW TESTAMENT STUDIES
SINCE VATICAN II

DANIEL J. HARRINGTON, SJ

Witnesses To The Word New Testament Studies Since Vatican II

**Edited by Richard Lennan and Nancy
Pineda-Madrid**

Witnesses To The Word New Testament Studies Since Vatican II:

Witnesses to the Word Daniel J. Harrington, 2012 Harrington's goal is to show that scholarly study of the New Testament is both necessary and fruitful and that a simplistic reading of Scripture does not do justice to its richness and will only impoverish the text and the reader This book is truly a roadmap to New Testament study over the past fifty years Throughout the author maintains a positive and constructive tone long having been convinced that there need not exist an ugly ditch between the academic study of the Bible and the believer Rather in keeping with the Catholic Church in its recent official statements about the Bible and its interpretation he believes that serious study of the Bible should both inform and enrich the life of the believer

The Word of God at Vatican II Ronald D. Witherup, 2014-05-20 The Vatican II's Dogmatic Constitution on Divine Revelation is universally acclaimed as one of the council's most important documents Published in 1965 after a long and circuitous route throughout all four years of the council Dei Verbum sets forth the Catholic Church's official teaching about divine revelation and the complex interrelationship between Scripture and Tradition With the approach of the fiftieth anniversary of the constitution this book intended for general audiences summarizes the history and principal teaching of this groundbreaking document Accompanying the text of The Word of God at Vatican II is a paragraph by paragraph commentary and an exploration of the impact the constitution has had in the church's life Readers will be amazed at how influential Dei Verbum continues to be even today

How the Qur'an Interprets the Bible Kaltner, John, Frechette, Christopher G., 2020 The Bible and the Qur'an are arguably the most frequently cited and most misunderstood books in history This book treats an important element of their commonality by exploring how the Qur'an offers new interpretations of some of the characters and stories it shares with the Bible

Abba Isn't Daddy and Other Biblical Surprises William L. Burton O.F.M., 2019-03-08 Fr William L Burton O F M doesn't want you to be intimidated by studying the Bible In fact as a scripture scholar he believes reading God's Word is not only educational but also fun and entertaining The Bible is filled with surprises he says In Abba Isn't Daddy and Other Biblical Surprises Burton answers a number of fascinating questions that help you become more familiar with the Bible and your Catholic faith Have you ever wondered whether Christ is Jesus last name Did you know that when Jesus called God Abba he didn't really mean the familiar Daddy as you may have been taught Could the Our Father have originally been a Jewish prayer Burton answers these questions and many others in Abba Isn't Daddy and Other Biblical Surprises What Catholics Really Need to Know about Scripture Study The book will satisfy your curiosity about biblical subjects you've heard of and passages you've wondered about but never really pondered deeply nor understood Burton a renowned scripture introduces you to basic principles of scripture study and aids in your exploration of intriguing questions about the life of Jesus In part 1 Burton examines the history of the Bible tools for scripture study and the importance of archaeological cultural and linguistic discoveries for understanding the Bible He also offers a fascinating explanation of how the geography of Israel played a crucial role in the

Bible's content and development In part 2 Burton addresses interesting questions related to the origin and meaning of topics in the New Testament Abba Isn't Daddy and Other Biblical Surprises is a perfect resource to encourage you to learn the principles of scripture study and undertake a deeper reading of the Bible Apostle Paul Robert Orlando, 2015-02-26 The Apostle Paul's dramatic and much discussed conversion on the road to Damascus radically changed the course of his life as well as the Christian religion Can a new narrative and a new perspective be brought to this two thousand year old story and centuries of critical thought and study The writer and filmmaker Robert Orlando believes it can Apostle Paul A Polite Bribe is a dramatic and challenging book inspired by his controversial film of the same name This ground breaking look at Paul's life draws on extensive research into Paul's letters and the book of Acts to reveal his human attitudes and insecurities Orlando constructs a fresh take on Paul's life especially his collection for the Jerusalem church and proposes that Paul as one of Christianity's most celebrated converts may have needed more than faith and fervour to convince the other apostles to accept his vision of ministry Apostle Paul A Polite Bribe illustrates how a vision of promise eventually led to a hopeless prison cell and ultimately a new religion challenging the traditional perspective and inspiring new thought about one of the best known founders of the Christian religion **Hope: Promise, Possibility, and Fulfillment** Edited by Richard Lennan and Nancy Pineda-Madrid, 2013 Crafting a theology of hope this book addresses both the possibility that hope offers and the capacity of hope to respond to the challenges that life presents to us all Receiving the Bible in Faith David M. Williams, 2004-09 The book should prove helpful to students as an overview of some of the issues involved while more advanced readers will appreciate its analysis of recent scholars as well the attempt to integrate and adapt their insights

Righting Relations after the Holocaust and Vatican II Procario-Foley, Elena G., Cathey, Robert A., 2018 This volume is inspired by the pioneering work of John T M Pawlikowski in social ethics Jewish Christian relations and Holocaust studies and intends to explore the cutting edge of these areas in his honor **The Oxford Handbook of Johannine Studies** Judith M. Lieu, Martinus C. de Boer, 2018-07-19 The contribution of the Johannine literature to the development of Christian theology and particularly to Christology is uncontested although careful distinction between the implications of its language especially that of sonship in a first century Jewish context and in the subsequent theological controversies of the early Church has been particularly important if not always easily sustained Recent study has shaken off the weight of subsequent Christian appropriation of Johannine language which has sometimes made readers immune to the ambiguities and challenging tensions in its thought The Oxford Handbook of Johannine Studies begins with chapters concentrating on discussions of the background and context of the Johannine literature leading to the different ways of reading the text and thence to the primary theological themes within them before concluding with some discussion of the reception of the Johannine literature in the early church Inevitably given their different genres and levels of complexity some chapters pay most if not all attention to the Gospel whereas others are more able to give a more substantial place to the letters All the

contributors have themselves made significant contributions to their topic. They have sought to give a balanced introduction to the relevant scholarship and debate but they have also been able to present the issues from their own perspective. The Handbook will help those less familiar with the Johannine literature to get a sense of the major areas of debate and why the field continues to be one of vibrant and exciting study and that those who are already part of the conversation will find new insights to enliven their own on going engagement with these writings.

The Inspiration and Truth of Scripture Aaron Pidel, Aaron Pidel, SJ, 2023-05-05

What does it mean to say that Scripture is God's Word? And just how true is the Bible? Though sometimes dismissed as fundamentalist concerns, these questions also sent twentieth century Catholic theology searching for a new paradigm of biblical inspiration. Theologians repeatedly attempted to reconcile the traditional conviction that the Bible shares in the omniscience of its divine author with scholarly findings that suggested otherwise. Joseph Ratzinger contributed both negatively and positively to this project: deconstructing the regnant manualist models of inspiration and constructing an alternative inspired by St Bonaventure. The result is an ecclesial model of surprising comprehensiveness and balance. Indeed, *The Inspiration and Truth of Scripture* concludes that Ratzinger's alternative provides the least inadequate paradigm currently on offer today. *The Inspiration and Truth of Scripture* breaks new ground in several ways. First, it situates Ratzinger within a broader Catholic quest for a theology of inspiration, showing his model offers advantages even relative to those proposed by modern theology's most eminent minds: John Henry Newman, Pierre Benoit, Karl Rahner, and David Tracy. Secondly, this book shows how Ratzinger's paradigm generates tests for identifying the perennially valid affirmations of Scripture and thus an approach to resolving disputed biblical questions: Must one who accepts the authority of Scripture believe in the Devil? Are the Marian dogmas really in Scripture? To what extent does Jesus's prohibition of divorce still apply in today's changed social circumstances? Just how historical are Gospel narratives like the Last Supper intended to be? The result is a book that bridges the gap between normative theology and historical exegesis. Overall, *The Inspiration and Truth of Scripture* presents Ratzinger not as an unimaginative enforcer of doctrinal conclusions but as a creatively faithful theologian whose reconfiguration of inspiration should serve as the point of departure for all future reflection on the subject.

Thank you for reading **Witnesses To The Word New Testament Studies Since Vatican II**. Maybe you have knowledge that, people have search hundreds times for their favorite readings like this Witnesses To The Word New Testament Studies Since Vatican II, but end up in harmful downloads.

Rather than reading a good book with a cup of coffee in the afternoon, instead they are facing with some malicious virus inside their computer.
