Never Forgotten Jodie Sloan, 2015-06-26 Sal has learned why Josh left her so long ago without any explanation It s not exactly what she thought it would be and in her mind it was another woman or a commitment issue What she learns instead is that he is a werewolf a man that turns into this creature once a month during the full moon Instead of shying away from it she embraced it and even asked him to change her into one of them He was reluctant at first but eventually her persistence paid off and they became more than just a couple they became a family They had no idea that a man was watching them as they changed for the first time showing off her baby bump and moving into the woods for her first hunt Josh has been very secretive about his past and even family life Sal believes that he is hiding something from her and has taken it upon herself to dig into his family tree Josh on the other hand feels that the past should be left where it is and never wants to speak of his family or of the past again Unfortunately these things tend to raise their ugly head at the wrong moments His love for her will be tested when she betrays him and brings to their doorstep a long lost family member It will be a sister named Sheila a woman that has been searching for her brother for a very long time It is a strained relationship between the two of them and even though Sal pries about their family neither one is willing to speak of it If she thought that becoming a werewolf was going to be her biggest obstacle she is about to find out that there is a lot more to Josh than just the change on the full moon

She will be living a luxurious life in order to satisfy the unusual clients of the brothel, and she obeys in the hopes that she will see her son again. Although frightened and concerned for her son, the first werewolf client that she ends up with is stunningly attractive, a billionaire, and she comes to realize that she might actually enjoy her new job.
