Understanding Semantics Second Edition

Carlos Gussenhoven, Haïke Jacobs

Understanding Semantics Second Edition:

Understanding Semantics Sebastian Loebner, 2014-04-23 This series provides approachable yet authoritative introductions to all the major topics in linguistics. Ideal for students with little or no prior knowledge of linguistics, each book carefully explains the basics, emphasising understanding of the essential notions rather than arguing for a particular theoretical position. **Understanding Semantics** offers a complete introduction to linguistic semantics. The book takes a step by step approach, starting with the basic concepts and moving through the central questions to examine the methods and results of the science of linguistic meaning. **Understanding Semantics** unites the treatment of a broad scale of phenomena using data from different languages with a thorough investigation of major theoretical perspectives. It leads the reader from their intuitive knowledge of meaning to a deeper understanding of the use of scientific reasoning in the study of language as a communicative tool, of the nature of linguistic meaning and of the scope and limitations of linguistic semantics. Ideal as a first textbook in semantics for undergraduate students of linguistics, this book is also recommended for students of literature, philosophy, psychology and cognitive science.

Understanding Semantics Sebastian Löbner, 2013 **Understanding Semantics** Second Edition provides an engaging and accessible introduction to linguistic semantics. The first part takes the reader through a step by step guide to the main phenomena and notions of semantics, covering levels and dimensions of meaning, ambiguity, meaning and context, logical relations and meaning relations, the basics of noun semantics, verb semantics and sentence semantics. The second part provides a critical introduction to the basic notions of the three major theoretical approaches to meaning: structuralism, cognitive semantics and formal semantics. Key features include: A consistent mentalist perspective on meaning; Broad coverage of lexical and sentence semantics, including three new chapters discussing deixis, NP semantics, presuppositions, verb semantics and frames; Examples from a wider range of languages that include German, Japanese, Spanish and Russian; Practical exercises on linguistic data; Companion website including all figures and tables from the book; an online dictionary; answers to the exercises and useful links at routledge.com/cw/loebner. This book is an essential resource for all undergraduate students studying semantics. Sebastian Löbner is a Professor of Linguistics at the Institute for Language and Information at the University of Düsseldorf, Germany.

Understanding Child Language Acquisition Caroline Rowland, 2013-10-23 Taking an accessible and cross linguistic approach, **Understanding Child Language Acquisition** introduces readers to the most important research on child language acquisition over the last fifty years, as well as to some of the most influential theories in the field. Rather than just describing what children can do at different ages, Rowland explains why these research findings are important and what they tell us about how children acquire language. Key features include: Cross linguistic analysis of how language acquisition differs between languages; A chapter on how multilingual children acquire several languages at once; Exercises to test comprehension; Chapters organised around key questions that summarise the critical issues posed by researchers in the field, with summaries at the end; Further reading suggestions to broaden

understanding of the subject With its particular focus on outlining key similarities and differences across languages and what this cross linguistic variation means for our ideas about language acquisition Understanding Child Language Acquisition forms a comprehensive introduction to the subject for students of linguistics psychology and speech and language therapy Students and instructors will benefit from the comprehensive companion website that includes a students section featuring interactive comprehension exercises extension activities chapter recaps and answers to the exercises within the book Material for instructors includes sample essay questions answers to the extension activities for students and a Powerpoint including all the figures from the book www.routledge.com/cw/rowland **Understanding Syntax** Maggie

Tallerman,2014-11-13 Assuming no prior knowledge Understanding Syntax illustrates the major concepts categories and terminology associated with the study of cross linguistic syntax A theory neutral and descriptive viewpoint is taken throughout Starting with an overview of what syntax is the book moves on to an explanation of word classes such as noun verb adjective and then to a discussion of sentence structure in the world s languages Grammatical constructions and relationships between words in a clause are explained and thoroughly illustrated including grammatical relations such as subject and object function changing processes such as the passive and antipassive case and agreement processes including both ergative and accusative alignments verb serialization head marking and dependent marking grammars configurational and non configurational languages questions and relative clauses The final chapter explains and illustrates the principles involved in writing a brief syntactic sketch of a language enabling the reader to construct a grammatical sketch of a language known to them Data from approximately 100 languages appears in the text with languages representing widely differing geographical areas and distinct language families The book will be essential for courses in cross linguistic syntax language typology and linguistic fieldwork as well as for basic syntactic description Understanding Pragmatics Gunter

Senft,2014-01-21 Understanding Pragmatics takes an interdisciplinary approach to provide an accessible introduction to linguistic pragmatics This book discusses how the meaning of utterances can only be understood in relation to overall cultural social and interpersonal contexts as well as to culture specific conventions and the speech events in which they are embedded From a cross linguistic and cross cultural perspective this book debates the core issues of pragmatics such as speech act theory conversational implicature deixis gesture interaction strategies ritual communication phatic communion linguistic relativity ethnography of speaking ethnomethodology conversation analysis languages and social classes and linguistic ideologies incorporates examples from a broad variety of different languages and cultures takes an innovative and transdisciplinary view of the field showing linguistic pragmatics has its predecessor in other disciplines such as philosophy psychology ethology ethnology sociology and the political sciences Written by an experienced teacher and researcher this introductory textbook is essential reading for all students studying pragmatics **Understanding Phonology** Carlos

Gussenhoven,Haike Jacobs,2017-03-27 Understanding Phonology Fourth Edition provides a clear accessible and broad

introduction to Phonology Introducing basic concepts it provides a comprehensive account of phonological issues such as segmental contrasts syllables and moras quantity tone intonation and stress feature geometry and prosodic constituent structure This new edition has been reorganized and revised with key features including A brand new eResource at www.routledge.com/9781138961425 which contains a full answer key for all exercises and audio recordings of illustrative examples Illustrations in languages from all six continents and all major language families including Arabic Mandarin Finnish Zulu and Hawaiian Over 140 exercises to test understanding including new exercises involving larger data sets Revised coverage of tone stress and opacity in OT Understanding Phonology is essential reading for students coming to this topic for the first time

Understanding Language Change Kate Burridge, Alexander Bergs, 2016-11-03 The Understanding Language series provides approachable yet authoritative introductions to all the major topics in linguistics Ideal for students with little or no prior knowledge of linguistics each book carefully explains the basics emphasising understanding of the essential notions rather than arguing for a particular theoretical position Understanding Language Change offers a complete introduction to historical linguistics and language change The book takes a step by step approach first by introducing concepts through English examples and building on this with illustrations from other languages Key features of this introductory text include up to date and recent case studies at the end of each chapter chapter summaries and exercises that feature a wide range of languages coverage of application of historical linguistics in each chapter glossary of terms This book is essential reading for any students studying Historical Linguistics for the first time

Understanding Corpus

Linguistics Danielle Barth, Stefan Schnell, 2021-11-18 This textbook introduces the fundamental concepts and methods of corpus linguistics for students approaching this topic for the first time putting specific emphasis on the enormous linguistic diversity represented by approximately 7 000 human languages and broadening the scope of current concerns in general corpus linguistics Including a basic toolkit to help the reader investigate language in different usage contexts this book Shows the relevance of corpora to a range of linguistic areas from phonology to sociolinguistics and discourse Covers recent developments in the application of corpus linguistics to the study of understudied languages and linguistic typology Features exercises short problems and questions Includes examples from real studies in over 15 languages plus multilingual corpora Providing the necessary corpus linguistics skills to critically evaluate and replicate studies this book is essential reading for anyone studying corpus linguistics

Understanding Discourse Analysis Bernadette Vine, 2023-03-10 Understanding Discourse Analysis provides students with an accessible and well illustrated introduction to discourse analysis Explaining the main terminology and frameworks and presenting key findings of discourse studies this book Explores the development of discourse analysis Covers four key approaches to analysing discourse Uses authentic spoken or written texts in all examples Features data from the Wellington Language in the Workplace Project database Includes examples from a wide range of languages from around the world such as Chilean Spanish Korean and Serbo Croatian Written by an active researcher this

textbook is a fascinating and engaging introduction to discourse analysis and is ideal for students studying this topic for the first time Understanding Linguistic Fieldwork Felicity Meakins, Jennifer Green, Myfany Turpin, 2018-03-19 Understanding Linguistic Fieldwork offers a diverse and practical introduction to research methods used in field linguistics Designed to teach students how to collect quality linguistic data in an ethical and responsible manner the key features include A focus on fieldwork in countries and continents that have undergone colonial expansion including Australia the United States of America Canada South America and Africa A description of specialist methods used to conduct research on phonological grammatical and lexical description but also including methods for research on gesture and sign language acquisition language contact and the verbal arts Examples of resources that have resulted from collaborations with language communities and which both advance linguistic understanding and support language revitalisation work Annotated guidance on sources for further reading This book is essential reading for students studying modules relating to linguistic fieldwork or those looking to embark upon field research

Getting the books **Understanding Semantics Second Edition** now is not type of challenging means. You could not abandoned going in the same way as books gathering or library or borrowing from your links to gate them. This is an definitely easy means to specifically get lead by on-line. This online message Understanding Semantics Second Edition can be one of the options to accompany you when having further time.

It will not waste your time. acknowledge me, the e-book will totally ventilate you additional thing to read. Just invest tiny epoch to gate this on-line statement **Understanding Semantics Second Edition** as with ease as evaluation them wherever you are now.
