Unexpected News Reading The Bible With Third World Eyes:

Unexpected News Robert McAfee Brown, 1984-01-01 Describes the ways that Asian African and South American Christians interpret the Bible especially the story of Jesus life

Missiological Education for the Twenty-first Century J. Dudley Woodberry, Charles E. Van Engen, Edgar J. Elliston, 2005-06-07 Thoughtful and original contributions from twenty one of the world's foremost missiologists in a volume dedicated to Fuller Seminary's former dean Paul E. Pierson outline an agenda for mission education that will provoke lively discussion for years to come Fuller Theological Seminary's School of World Mission is the locus of some of the most creative thought and scholarly reflection on Christian mission in today's world Edited by the School's dean and two professors a score of authors respond to the question How should missiological education be carried out to prepare men and women to work in the twenty first century Contributors Andrew F. Walls, Gerald H. Anderson, Paul G. Hiebert, Kenneth Mulholland, L. Grant McClung, Jerald D. Gort, Mary Motte, Michael James Oleksa, Tite Tienou, Samuel Escobar, Ken R. Gnanakan, Wilbert R. Shenk, Darrell Whiteman, Roger S. Greenway, Philip C. Stine, Stuart Dauermann, Ralph D. Winter, J. Dudley Woodberry, Viggo Sogaard, Charles Van Engen, Edgar J. Elliston

The Zimbabwe Council of Churches and Development in Zimbabwe Ezra Chitando, 2020-05-22 There is a growing realization that religion plays a major role in development particularly in the Global South Whereas theories of secularization assumed that religion would disappear the reality is that religion has demonstrated its tenacity In the specific case of Zimbabwe religion has remained a positive social force and has made a significant contribution to development particularly through the Zimbabwe Council of Churches This has been through political activism contribution to health education women's emancipation and ethical reconstruction This volume analyzes the contribution of the Zimbabwe Council of Churches to development in the country

African American Religious Studies Gayraud S. Wilmore, 1989 This anthology provides a coherent interdisciplinary theoretical base for students of African American religious studies and will assist in the design of programs and courses for lay theological education and training To this end the editor has assembled material from Old and New Testament studies, theology, church history, pastoral counseling, worship and social action

Pastor William H. Willimon, 2010-09-01 Ordained ministry says Willimon is a gift of God to the church but that doesn't mean that it is easy Always a difficult vocation changes in society and the church in recent years have made the ordained life all the more complex and challenging Is the pastor primarily a preacher a professional caregiver an administrator Given the call of all Christians to be ministers to the world what is the distinctive ministry of the ordained When does one's ministry take on the character of prophet and when does it become that of priest What are the special ethical obligations and disciplines of the ordained In this book Willimon explores these and other central questions about the vocation of ordained ministry He begins with a discussion of who pastors are asking about the theological underpinnings of ordained ministry and then moves on to what pastors do looking at the distinctive roles the pastor must fulfill The book also draws on great teachers of the Christian

tradition to demonstrate that while much about Christian ministry has changed its core concerns preaching the word the care of souls the sacramental life of congregations remains the same Ordained ministry is a vocation to which we are called not a profession that we choose To answer that call is to open oneself to heartache and sometimes hardship yet given the one who calls it is to make oneself available to deep and profound joy as well *Discovering Luke* Joel B. Green,2021-09-16 This interpretation of Luke encourages in depth study of the text and genuine grappling with the theological and sociohistorical questions it raises It draws on a range of methodological interests author text and reader centered as complementary rather than mutually exclusive ways of understanding the text It also recognizes the importance of the reception history of biblical texts increasingly viewed as a vital aspect of interpretation rather than an optional extra Throughout *Discovering Luke* Joel Green gives readers strategies for reading the Gospel of Luke and guides them through Luke's world in its historical ideological political and economic contexts Green reviews key issues raised by the Gospel and connects these issues to questions of how Luke should be interpreted today **The Jesus I Never Knew** Philip Yancey,2002-01-23 In this fresh look at Jesus family teachings miracles death and resurrection Yancey helps readers put aside preconceptions and discover a Master who is far more than many have ever imagined more disturbing more comforting and infinitely more satisfying

Scripture and Ethics Jeffrey S. Siker,1997 Siker brings together the history of biblical interpretation and the study of uses of the Bible in Christian ethics to examine how the Bible has actually been used in Christian theological ethics and in the process profiling eight influential twentieth century theologians *Now We Read, We See, We Speak* Victoria Purcell-Gates,Robin A. Waterman,2000-04-01 *Now We Read We See We Speak* compellingly captures eight women's progress toward empowerment through a Freirean based literacy class in rural El Salvador and in the process provides telling lessons for literacy and adult educators around the world This book fills a real gap in the educational literature on critical theory and literacy teaching and learning For the first time we have a multi layered description and analysis of a literacy class based on Freirean precepts and principles through the perspective of traditional literacy theory and as interpreted through a literacy development lens This allows us to consider how the adult students learned to read and write within a classroom context that embodies such Freirean precepts as dialogic teacher student relations respect for and knowledge of the learners lives language and culture and intentionality about social political change Thus this book is directed toward literacy practitioners teachers and researchers who may have heard or read about critical theory but have a need for concrete examples of the methodological implications of such theory Enlivening this account is the compelling description of the histories and lives of the students in the literacy class campesinos women who have survived a brutal and devastating civil war in El Salvador and who nevertheless stepped forward to work with a U S trained literacy teacher Robin Waterman to learn to read and write for purposes of personal and sociocultural empowerment The authors provide a highly readable presentation of the historical and cultural contexts for the women and the literacy class They also raise issues of socioeconomic marginalization unequal

power relationships and gender as they relate to literacy development Basing their account on meticulously gathered and analyzed ethnographic data Purcell Gates and Waterman go beyond the presentation of the study to suggest implications and issues for adult literacy education in the United States linking their findings to current topics in adult education as well as literacy development in general

Religion and Violence ,1987-01-01 Robert McAfee Brown s Religion and Violence is a comprehensive introduction to the ethical and moral questions that abound at the intersection of violence and religion Brown discusses such important issues as nuclear war terrorism capital punishment and revolution
