United We Fall Ending Americas Love Affair With The Political Center:

United We Fall Phil Neisser, 2008-06-30 **United We Fall** argues that today's harmful levels of polarization in American politics can be ratcheted down only by giving up the twin notions that the center is the sweet spot for political efficiency and that all differences deserve equal weight in the democratic balance. The American people need instead to embrace a political credo of civic engagement, confrontation with open ears and spirited debate. The commonplace **United We Stand** must be supplanted by the insight that democracy is strongest where it acknowledges and formalizes real division. But surely bipartisan rancor in America and extremist violence around the world are symptoms of too much disagreement, not too little. No asserts the author. The root cause of political violence of all stripes is the failure of opposing camps to engage each other openly and persuasively on their genuine and irreconcilable differences. In making the case for principled disagreement, **United We Fall** reviews the history of good and bad disagreement practices in American politics, analyzes our mass media through a pro-disagreement lens, and draws on studies of conformist group behavior to expose the manipulative dynamics of contemporary dialog initiatives. Neisser assesses best practices for conducting public debate at all civic levels on the most vexed issues in America today: terrorism, multiculturalism, religion in politics, social and family values, race, the media, education, and the environment.

You're Not as Crazy as I Thought (But You're Still Wrong) Phil Neisser, Jacob Hess, 2012-04 A social conservative. Provocative, informative exchanges for any one who is weary of hyperpartisanship sparked by the likes of pick your favorite from either end of the spectrum. This book provides a way forward during the 2012 election cycle.

God Is Just: A Defense of the Old Testament Civil Laws: Biblical Theocracy, Justice, and Slavery versus Humanistic Theocracy, "Justice," and Slavery Steve C. Halbrook, 2014-05-02 This 600 page book is a defense of biblical civil law on topics despised not only by humanists but by professing Christians. It is in short theonomic apologetics. **God is Just** takes our culture and its attacks on the Bible to task. It defends biblical theocracy, justice, and slavery and cuts humanistic opposition down to size by its own self-destructive foolishness and most importantly by the sword of God's word. The book includes appendices defending theonomy biblically and historically as well as appendices refuting alternative political philosophies. One appendix is written by Daniel F. N. Ritchie and there is also a forward by Buddy Hanson. The second edition includes a Scripture index and a new appendix by Vindiciae Legis who gives an excellent historical treatment of the theonomic views of the Westminster divines.

In Sickness and in Power David Owen, 2008-05-30 The course of modern world history has been critically shaped by the physical and mental illnesses of heads of state, sometimes in the public eye but usually in secrecy. Democratic politicians as diverse as Woodrow Wilson, Franklin D. Roosevelt, Churchill, Kennedy, Johnson, Nixon, Pompidou, Mitterrand, Blair, George W. Bush, Chirac, and Sharon all lied about their health. Between 1906 and 2008, seven Presidents are judged to have been mentally ill while in office: Theodore Roosevelt (bipolar disorder), Taft (breathing-related sleep disorder), Wilson (major depressive disorder), Coolidge (major depressive disorder), Hoover (major depressive

disorder Johnson bipolar disorder and Nixon alcohol abuse Many despots such as Hitler Stalin Saddam Hussein Pol Pot Idi Amin and Robert Mugabe have been branded by the press and public opinion as suffering mental illnesses Lord Owen argues neither Hitler nor Stalin were mad in any sense the medical profession recognizes whereas Mussolini and Mao had depression possibly bipolar disorder Something happens to some leaders mental stability while in power that is captured by Bertrand Russell's phrase the intoxication of power Hubristic behavior with excessive self confidence is almost an occupational hazard for heads of government as it is for leaders in other fields such as business and the military for it feeds on isolation and excessive deference Owen argues that a medically definable condition called Hubris Syndrome affects some heads of government the longer they stay in office or after a specific triggering event such as 9 11 Recent leaders such as George W Bush Tony Blair and Margaret Thatcher have developed Hubris Syndrome Symptoms include patterns of reckless behavior bad judgment and operational incompetence often compounded by delusions of personal infallibility and divine exemption from political accountability Lord Owen makes the cases that democratic societies need to implement new procedures for dealing with illness in their own heads of government and that they need to empower the United Nations to use new procedures and means for removing despots whose behavior becomes so hubristic as to pose a grave threat to their own people or the world

Senate editor Michele A Paludi and various contributors explain how women in Washington have redefined leadership and power by embracing a transformational leadership style a style that incorporates empowerment ethics nurturance inclusiveness and social justice transcending their own self interests for the good of the group or in the case of the shut down for the good of the nation A resource that will prove invaluable for anyone interested in politics and leadership as well as students taking courses in politics women s studies gender studies or management the chapters provide an in depth review of the ways women in Washington are striving to find lasting solutions to our nation s challenges The contributors document the mindset and methodologies women legislators are using to achieve their legislative goals and work toward creating gender equitable environments in Washington s well established climate where bullying harassment and sexual exploitation is perceived as normative Insights from interviews with women senators and congress members enhance the scholarship discussed in this book

Divided We Fall Alice M. Rivlin, Sheri Rivlin, Allan Rivlin, 2022-10-04 Partisan warfare and gridlock in Washington threaten to squander America s opportunity to show the world that democracy can solve serious economic problems and ensure widely shared prosperity Instead of working together to meet the challenges ahead an aging work force exploding inequality climate change rising debt our elected leaders are sabotaging our economic future by blaming and demonizing each other in hopes of winning big in the next election They are weakening America s capacity for world leadership and the case for democracy here and abroad Alice M Rivlin with decades of experience in economic policy making argues that proven economic policies could lead to sustainable American prosperity and opportunity for all but crafting them requires the tough time consuming work of consensus building and bipartisan negotiation In a divided country with shifting majorities major policies must have bipartisan buy in and broad public support Otherwise we will have either destabilizing swings in policy or total gridlock in the face of challenges looming at us Rivlin believes that Americans can and must save our hyper partisan politicians from themselves She makes the case that on many practical economic issues the public is far less divided than partisan politicians and sensationalist media would have us believe She draws attention to numerous hopeful efforts to bridge partisan and ideological divides in Washington in state capitols and city governments and communities around the country and advocates a major national effort to enable citizens and future leaders to learn and practice the art of listening to each other and working together to find common ground This book is a practical guide for Americans across the political spectrum who are agonizing over partisan warfare incivility and policy gridlock and looking for ways they can help to get our democratic policy process back on a constructive track before it is too late
