Imagine a high impact low profile nonpartisan government institution located across the street from the White House
Imagine that it plays a central role in shaping our technology industries in overseeing globalization and in holding the federal government responsible for its commercial activities
Imagine that only Congress and the Supreme Court can correct its mistakes
Such an institution exists
The United States Court of Appeals for the Federal Circuit was born in the early 1980s as part of the drive to liberalize and reinvigorate the American economy
Over the past twenty five years it has earned its nickname as the patent court by revolutionizing American patent law but it also oversees international trade law and government business law
Taken together its docket covers the rules guiding innovation globalization and much of government
Are these rules impelling the economy forward or holding it back
Are the policies we have the policies we want
How are we faring as the economy transitions from the industrial age to the information age
What responsibility does the Federal Circuit bear in shaping America s current economic policies in these three critical areas
The Secret Circuit demystifies this Court s work and answers these questions Criminal Tax Manual United States. Department of Justice.
