

UNDERSTANDING THE CONTEMPORARY

Middle East

third edition

edited by

Jillian Schwedler & Deborah J. Gerner

Understanding The Contemporary Middle East

Jens Hanssen, Amal N. Ghazal

Understanding The Contemporary Middle East:

Understanding the Contemporary Middle East Jillian Schwedler, 2020 The previous edition of *Understanding the Contemporary Middle East* was published soon after the Arab uprisings and the authors writing across disciplines captured those moments of possibility Now more than six years later the Middle East is substantially changed with three protracted civil wars several retrenched authoritarian regimes possibly one emerging democracy and social and economic conditions that have been profoundly affected by the new political environment This thoroughly revised and updated edition explores both the impact of recent events in shaping the region and the continuities with established patterns of political economic and social relations

The Contemporary Middle East in an Age of Upheaval James L. Gelvin, 2021-05-18 The US invasion of Iraq in 2003 and the Arab uprisings of 2010 11 left indelible imprints on the Middle East Yet these events have not reshaped the region as pundits once predicted With this volume top experts on the region offer wide ranging considerations of the characteristics continuities and discontinuities of the contemporary Middle East addressing topics from international politics to political Islam hip hop to human security This book engages six themes to understand the contemporary Middle East the spread of sectarianism abandonment of principles of state sovereignty the lack of a regional hegemonic power increased Saudi Iranian competition decreased regional attention to the Israel Palestine conflict and fallout from the Arab uprisings as well as offers individual country studies With analysis from historians political scientists sociologists and anthropologists and up to date discussions of the Syrian Civil War impacts of the Trump presidency and the 2020 uprisings in Lebanon Algeria and Sudan this book will be an essential guide for anyone seeking to understand the current state of the region

The Contemporary Middle East Karl Yambert, 2012-11-01 The *Contemporary Middle East* provides an accessible introduction to the region's most pressing concerns and enduring conflicts It includes provocative contributions by an impressive array of leading scholars journalists and policy advisors Contributors include notable academic authors Arthur Goldschmidt Jr the late William L Cleveland Shibley Telhami David W Lesch Bernard Reich and Phebe Marr complemented by selections from recent general interest books by Marwan Bishara Mark Perry and Eugene Rogan among others With twelve new chapters the third edition is a probing examination of the current affairs of the Middle East Its multiple readings on strategic pairings of topics Israel and the Palestinians Iraq and Iran Egypt and Syria illuminate the region's key issues from a variety of perspectives Part and chapter opening summaries help establish background and context and a new concluding chapter by Shibley Telhami written specifically for this volume candidly addresses fundamental questions about the United States and the Middle East today Student resources include an annotated table of contents a select bibliography a glossary brief biographies of notable persons a chronology and a summary of recent events in addition to numerous maps

Government and Politics of the Contemporary Middle East Tareq Y. Ismael, Jacqueline S. Ismael, 2012-10-02 This exciting new book for students of Middle Eastern politics provides a comprehensive introduction to the complexities of the region its politics and

people Combining a thematic framework for examining patterns of politics with individual chapters dedicated to specific countries the book explores current issues within an historical context Presenting information in an accessible and inclusive format the book offers coverage of the historical influence of colonialism and major world powers on the shaping of the modern Middle East a detailed examination of the legacy of Islam analysis of the political and social aspects of Middle Eastern life alienation between state and society poverty and social inequality ideological crises and renewal case studies on countries in the Northern Belt Turkey and Iran the Fertile Crescent Iraq Syria and Lebanon Israel and Palestine and those West and East of the Red Sea Egypt and the members of the Gulf Cooperation Council extensive pedagogical features including original maps and detailed further reading sections provide essential support for the reader A key introductory text for students of Middle Eastern politics and history at advanced undergraduate and postgraduate levels this book will also be a significant reference for policy makers and any motivated reader

The Modern Middle East, Third Edition Mehran Kamrava, 2013-10-05 From the fall of the Ottoman Empire through the Arab Spring this title offers a classic treatise on the making of the contemporary Middle East remains essential reading for students and general readers who want to gain a better understanding of this diverse region

The Oxford Handbook of Contemporary Middle-Eastern and North African History Jens Hanssen, Amal N. Ghazal, 2021 Features a mix of junior and senior scholars based in the Middle East South East Asia Australia North America and Europe Develops multidisciplinary approaches to history including environmental studies social anthropology law gender political science sociology religious studies and media studies Book jacket

Understanding Contemporary Ethiopia Gérard Prunier, Éloi Ficquet, 2015-09-15 When we think of Ethiopia we tend to think in clichés Solomon and the Queen of Sheba the Falasha Jews the epic reign of Emperor Haile Selassie the Communist Revolution famine and civil war Among the countries of Africa it has a high profile yet is poorly known How ever all clichés contain within them a kernel of truth and occlude much more Today's Ethiopia and its painfully liberated sister state of Eritrea are largely obscured by these mythical views and a secondary literature that is partial or propagandist Moreover there have been few attempts to offer readers a comprehensive overview of the country's recent history politics and culture that goes beyond the usual guidebook fare *Understanding Contemporary Ethiopia* seeks to do just that presenting a measured detailed and systematic analysis of the main features of this unique country now building on the foundations of a magical and tumultuous past as it struggles to emerge in the modern world on its own terms

Teaching Politics Beyond the Book Robert W. Glover, Daniel Tagliarina, 2012-11-22 To teach political issues such as political struggle justice interstate conflict etc educators rely mostly on textbooks and lectures However many other forms of narrative exist that can elevate our understanding of such issues This innovative work seeks new ways to foster learning beyond the textbook and lecture model by using creative and new media including graphic novels animated films hip hop music Twitter and more Discussing the opportunities these media offer to teach and engage students about politics the work presents

concrete ways on how to use them along with teaching and assessment strategies all tested in the classroom The contributors are dedicated educators from various types of institutions whose essays span a variety of political topics and examine how non traditional texts can promote critical thinking and intellectual growth among students in colleges and universities The first of its kind to discuss a wide range of alternative texts and media the book will be a valuable resource to anyone seeking to develop innovative curricula and engage their students in the study of politics Urban Unrest in the Middle East Guilain

Denoeux,1993-08-20 This book offers a systematic examination of the politics of Middle Eastern cities in a broad historical and comparative context Focusing on the contribution of informal networks the author examines four types He reveals that contrary to recent claims informal associations do not necessarily play a stabilizing role in urban politics but reveal themselves to be effective instruments for mobilizing popular dissent Denoeux identifies conditions under which these informal urban networks can change their role from system supportive to system challenging His analysis highlights the impact of Islam on contemporary forms of urban violence in the Middle East and emphasizes the destabilizing potential for the urban poor His approach sheds new light on the politics of Islamic fundamentalism and on the nature of urban unrest in a vital yet neglected region of the world and represents a very significant contribution to an emerging literature on informal political processes

Middle Eastern Civilization Gerard Jenner, The Middle East stands as one of humanity s most significant crossroads a region where three continents converge and where the earliest civilizations first flourished along the banks of great rivers This geographic positioning between Europe Asia and Africa has shaped the region s destiny as a bridge between worlds a meeting place of cultures religions and empires that continues to influence global affairs today Understanding the Middle East requires grappling with this fundamental reality of geographic centrality and its profound implications for the region s historical development and contemporary challenges The term Middle East itself reflects a Western perspective originally coined by British naval strategist Alfred Thayer Mahan in 1902 to describe the region between the Near East of the Ottoman Empire and the Far East of China and Japan This nomenclature reveals the colonial context in which much Middle Eastern studies developed highlighting the importance of examining the region through multiple lenses that include indigenous perspectives and narratives Alternative terms like Southwest Asia or the Arabic al Mashriq and al Maghrib offer different conceptual frameworks that emphasize regional rather than external viewpoints Geographically the Middle East encompasses the vast expanse from Morocco in the west to Iran in the east from Turkey in the north to Yemen in the south though scholars debate the precise boundaries This region includes the Arabian Peninsula the Fertile Crescent Anatolia the Iranian Plateau and North Africa each with distinct topographical features that have influenced settlement patterns economic development and political organization The presence of major mountain ranges like the Zagros Taurus and Atlas Mountains has created natural barriers and corridors that shaped migration routes and cultural exchange patterns throughout history

Adopting the Melody of Appearance: An Mental Symphony within **Understanding The Contemporary Middle East**

In some sort of consumed by monitors and the ceaseless chatter of immediate communication, the melodic beauty and psychological symphony developed by the written term often diminish into the backdrop, eclipsed by the persistent sound and disruptions that permeate our lives. However, situated within the pages of **Understanding The Contemporary Middle East** a marvelous fictional treasure full of fresh thoughts, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, this captivating masterpiece conducts viewers on a psychological journey, well unraveling the concealed melodies and profound impact resonating within each carefully constructed phrase. Within the depths with this poignant review, we shall examine the book is main harmonies, analyze its enthralling writing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
