John Fay

Understanding Terrorism Challenges Perspectives And Issues 4th Edition:

Understanding Terrorism Gus Martin, 2013 With a particular emphasis on terrorist incidents this fourth edition has been fully updated to provide readers with a wide ranging and crucial resource on contemporary terrorism *Understanding Terrorism* Gus Martin, 2024-06-20 *Understanding Terrorism Challenges Perspectives and Issues* offers a multidisciplinary comprehensive exploration of domestic and international terrorism that helps students develop the knowledge and skills needed to critically assess the expressions and underlying causes of terrorism Martin explores theory and provides in depth analysis in an accessible engaging manner that helps readers develop the knowledge and skills they need to engage meaningfully with this robust course **Understanding Terrorism** , Extradition Laws in the International and Indian Regime Ananya Chakraborty, 2019-02-28 The book examines the international treaty regimes and the Indian laws in depth It also looks into the landmark cases decided by both the domestic courts in India and the international tribunals The book would give an understanding between the concepts of extradition in relation to terrorism related cases It would provide an in depth understanding of the inter relatedness of the various branches of International law and the municipal laws as well

Allegiance to Liberty Barry J. Balleck, 2014-11-25 This provocative volume explores how and why the word patriot has been appropriated by those who fight against the U S government sometimes advocating violence in support of their goals Today as in the past some patriot groups in America long for a return to traditional values and believe it is their duty to stop an intrusive government from whittling away at the freedoms that define the United States This book looks at the origins and current activities of such groups through an exploration of the dual nature of the patriot in American mythos the unquestioning lover of the country and its policies versus the man or woman who places the founding principle of limited government above all else Focusing on contemporary patriot groups and their impact on U S society the work offers insights into factors that have contributed to the rise of such groups in the past that are again manifesting themselves It explores the groups motivations and justifications and shows how these groups use the emotionally powerful sentiment of patriotism to agitate for change and promote political violence Perhaps most significant for readers is a discussion of the beliefs that divide the American public today as reflected in the ideologies of patriot groups and what this means for the future

Global Crime Philip L. Reichel, 2019-07-08 A definitive resource for understanding such far reaching and often interconnected crimes as cyber theft drug trafficking human smuggling identity theft wildlife poaching and sex tourism While many international corporations have benefited from the global economy and distribution of information globalization has also had serious negative consequences This important reference work offers students and general readers a critical understanding of how technology governments political unrest war and economic strife contribute to an increase in global crime This A Z encyclopedia covers key people events and organizations and includes key documents that will help readers to understand the numerous problems created by the many transnational crimes that are growing in severity and frequency

around the world Entries address perpetrators and their methods victims who really profits and law enforcement responses In addition to cyber theft and sales of weapons and narcotics the set provides a detailed look at global crimes not typically covered such as corruption fraudulent medicine illegal sports betting organ trafficking maritime piracy trafficking in cultural property and wildlife and forest crime Although some historical events and people are included the focus is on recent and contemporary topics

Hazard Mitigation in Emergency Management Tanveer Islam,Jeffrey Ryan,2015-08-08 Hazard Mitigation in Emergency Management introduces readers to mitigation one of the four foundational phases of emergency management and to the hazard mitigation planning process Authors Islam and Ryan review the hazard mitigation framework in both private sector and governmental agencies covering the regulatory and legal frameworks for mitigation as well as risk assessment processes and strategies and tools and techniques that can prevent or lessen the impact of disasters The book specifically addresses hazards posed by human activity including cyber threats and nuclear accidents as well as hurricanes floods and earthquakes Readers will learn about the framework for the mitigation process hazard identification risk assessment and the tools and techniques available for mitigation Coverage includes both GIS and HAZUS with tutorials on these technologies as well as case studies of best practices in the United States and around the world The text is ideal for students instructors and practitioners interested in reducing or eliminating the effects of disasters Takes an all hazards approach covering terror attacks and accidents as well as natural disasters Reviews the hazard mitigation framework in both private sector and governmental agencies covering the regulatory and legal frameworks for mitigation Provides a step by step process for creating a Hazard Mitigation Plan HMP Addresses the needs of local state and federal emergency management agencies and of the private sector including IT mitigation

Encyclopedia of Security Management John Fay,2007-05-02 The Encyclopedia of Security Management is a valuable guide for all security professionals and an essential resource for those who need a reference work to support their continuing education In keeping with the excellent standard set by the First Edition the Second Edition is completely updated The Second Edition also emphasizes topics not covered in the First Edition particularly those relating to homeland security terrorism threats to national infrastructures e g transportation energy and agriculture risk assessment disaster mitigation and remediation and weapons of mass destruction chemical biological radiological nuclear and explosives Fay also maintains a strong focus on security measures required at special sites such as electric power nuclear gas and chemical plants petroleum production and refining facilities oil and gas pipelines water treatment and distribution systems bulk storage facilities entertainment venues apartment complexes and hotels schools hospitals government buildings and financial centers The articles included in this edition also address protection of air marine rail trucking and metropolitan transit systems Completely updated to include new information concerning homeland security and disaster management Convenient new organization groups related articles for ease of use Brings together the work of more than sixty of the world s top security experts
