## **Unimog 421 User Manual:**

**Operativo Independencia** Antonio Luis Sapienza Fracchia, 2024-06-30 Operativo Independencia Volume 1 covers the lengthy background of Operation Independence between 1955 and 1974 with a brief description of all subversive guerrilla groups the Argentine Security Forces organization and the ERP and Montoneros organizations International Marxist terrorism won the sympathy of many university students Catholic movements and intellectuals in Argentina in the 1960s and 1970s using terms such as dependency imperialism subjugation colonialism and dictatorship Many of these young people had been catechists linked to Third World priests but instead of taking the peaceful path of Christian preaching they chose the bloody path of arms Marxism Leninism managed to penetrate the minds of socially well off young people convincing them that armed struggle was the only valid alternative against military dictatorships and Yankee imperialism This is how they recruited hundreds of young people who later saw their lives and dreams cut short by a useless fight against a well armed and highly professional Army Although the first groups began to appear after the overthrow of General Juan Domingo Peron in 1955 the main guerrilla groups would only appear towards the end of the 1960s They would prepare the ground for Peron to return to the country and be President again Peron called them Wonderful Youth but he had created a monster he could not handle in his last years of life All these groups were inspired by the successful Cuban revolution led by Fidel Castro in 1959 with an Argentine Ernesto Guevara aka Che and unrealistically thought that they could seize power and turn Argentina into a socialist homeland in the best Cuban style But Argentina was not Cuba and the Argentine Armed Forces despite suffering deep divisions and internal conflicts were powerful well armed and well trained Their members were highly motivated to defend the political model at the time The subversive bands aimed to produce chaos in the country infiltrating the Peronist mass destroying institutions and supporting violence against the state To achieve their objectives the guerrilla groups resorted to the most despicable acts kidnapping politicians police and military officers diplomats and national or foreign businessmen or their relatives for ransom hijackings taking prisons to free their fellow terrorists bombing politicians or military officers houses foreign factories police stations and military bases to the assassination of politicians police and army officers including even a former president General Aramburu Everything had an objective to create chaos in the country to prepare for the coming of Peron When the military governments gave way to free elections with the Peronist candidate Hector C. Mpora winning in 1973 guerrilla activity did not decrease but instead increased significantly C. Mpora belonged to the Peronist left and was greatly influenced by his two Montonero sons so Montoneros held crucial government positions That cost him a severe reprimand from the Peronist leader and when General Peron assumed the presidency he declared these groups illegal and began to fight them But there was also the Peronist right wing in the CGT General Confederation of Labor and later the so called Triple A Argentine Anti Communist Alliance led by Jos L. pez Rega which would be in charge of avenging those murders and kidnappings of trade unionists by Marxist groups especially between 1973 and

1976 General Perón did not live much longer and it was his wife the vice president who upon assuming the presidency had to face the severe problem of the guerrillas. Although her government ordered Operation Independence she would not see the end of this story either which would occur in another military government led by Lieutenant General Videla towards the end of the 1970s. Operativo Independencia Volume 1 covers the long period that began after the overthrow of the government of Perón in 1955 until 1974 the year before the launch of Operativo Independencia. All the subversive groups that appeared in that period their prominent leaders and actions are covered. Of all of them only two would be protagonists of the most violent crimes in the mid 1970s in Argentina the People's Revolutionary Army ERP and the Montoneros whose organization is detailed in this volume.
