1. As you read the passage, fill in the information you discover about the Soviet-American agreement below.

	What the Soviets Wanted	What the Americans Wanted
1. Would it make any sense to build space programs and rockets?	That U.S. support them economically (training, fuel, etc.)	Not really.
2. Would anyone benefit from the rockets and satellites they built?	They would certainly gain access to rockets that were better. They had a better delivery system than U.S. rockets. They could deliver the warheads to targets directly to the U.S.	They were worried about the fact of Communism being taken to the U.S. because the U.S. didn't know Communism. They thought it was a threat to the rest of the world. (Communism was a threat.)
3. Would anyone disagree with this?	Not really.	Some people in the U.S. were worried about Communism and the rockets.
4. Would the U.S. government agree to build rockets and satellites?	Yes. The government would be responsible. It would be a national project.	Yes. The government would be responsible. It would be a national project.

2. What do you think the Soviets thought of the Americans' agreement?
