United Arab Emirates Policy Making Contemporary:

The United Arab Emirates Kristian Coates Ulrichsen, 2016-12-01 Led by Dubai and Abu Dhabi the UAE has become deeply embedded in the contemporary system of international power politics and policy making Only an independent state since 1971 the seven emirates that constitute the UAE represent not only the most successful Arab federal experiment but also the most durable However the 2008 financial crisis and its aftermath underscored the continuing imbalance between Abu Dhabi and Dubai and the five northern emirates Meanwhile the post 2011 security crackdown revealed the acute sensitivity of officials in Abu Dhabi to social inequalities and economic disparities across the federation The United Arab Emirates Power Politics and Policymaking charts the various processes of state formation and political and economic development that have enabled the UAE to emerge as a significant regional power and major player in the post Arab Spring reordering of Middle East and North African Politics as well as the closest partner of the US in military and security affairs in the region It also explores the seamier underside of that growth in terms of the condition of migrant workers recent interventions in Libya and Yemen and latterly one of the highest rates of political prisoners per capita in the world The book concludes with a discussion of the likely policy challenges that the UAE will face in coming years especially as it moves towards its fiftieth anniversary in 2021 Providing a comprehensive and accessible assessment of the UAE this book will be a vital resource for students and scholars of International Relations and Middle East Studies as well as non specialists with an interest in the United Arab Emirates and its global position

Dynamics of Arab Foreign Policy-Making in the Twenty-First Century Hassan Hamdan Al-Alkim, 2012-04-16 The Arab world's strategic location and its considerable material and human potential should allow it to play a major role in world affairs However in addition to sharing language culture and history Arab states also face common challenges authoritarian regimes ethnic and social cleavages economic underdevelopment and the need for security from the West Hassan Hamdan al Alkim examines the dynamics of Arab foreign policy making in the twenty first century taking account of the current political developments in the Arab world since January 2011 Through an insightful analysis of pivotal issues such as the Middle East Peace Process the food and water crisis and Saudi Arabia's foreign policy Alkim brings us closer to a nuanced understanding of contemporary Arab politics and its role in world affairs This balanced and discerning study is essential reading for policy makers academics and students of Middle Eastern politics

Stabilising the Contemporary Middle East and North Africa Victor Gervais, Saskia van Genugten, 2019-08-28 This book examines the changing dynamics of stabilisation efforts in the Middle East and North Africa Written by recognised scholars and practitioners in the field this volume provides a rich overview of the broader spectrum of stabilisation The topics range from a comprehensive set of lessons learned in Afghanistan and Iraq to transitional justice and reconciliation efforts in Tunisia and international attempts to protect the region's cultural heritage Ultimately this edited collection presents a comprehensive look at the attempts to increase stability in the MENA region

Policy-Making in the

GCC Neil Quilliam, Mark C. Thompson, 2017-09-11 The GCC is a major player in the post 2011 reordering of the Middle East. Despite the rise in prominence of individual Gulf states especially Kuwait, Qatar, Saudi Arabia and the United Arab Emirates and the growth of the GCC as a collective entity, surprisingly little attention has been paid to the actual mechanics of policy making in the region. This book analyses the vital role that institutions are coming to play in shaping policy in the Gulf Arab states. The research coincides with two key developments that have given institutions new importance in the policy process: the emergence of a new generation of leaders in the Gulf and the era of low oil prices. Both developments along with dramatic demographic change have compelled state and citizens to re-evaluate the nature of the social contract that binds them together. Contributors assess the changing relationship between state and citizen and evaluate the role that formal and informal institutions play in mediating such change and informing policy. The book shows how academic, social and economic institutions are responding to the increasingly complex process of decision making where citizens demand better services and further empowerment and states are obliged to seek wider counsel although wanting to retain ultimate authority. With contributions from both academics and practitioners, this book will be highly relevant for researchers and policymakers alike.

The Making of Contemporary Kuwait Mahjoob Zweiri, Sinem Cengiz, 2024-06-03 This book explores the contemporary history, governance, foreign policy, political economy, culture and society of Kuwait. It highlights the dynamics of the country, putting forward both an overview of each subject covered and new research findings. It begins by providing a historical understanding of state formation and goes on to examine state structure, including the ruling monarchy, state legitimacy and the creation of the Constitution and the National Assembly. It considers foreign policy, including the tools of diplomacy, the state's regional and international approach and the factors that have formed and reformed Kuwait's strategic policy in the global arena. It assesses the economy, including rentierism, the labour market both for locals and for migrants, the class system and the process of Kuwaitization, and it discusses Kuwaiti society and national identity as well as investigates issues of women, civil society, youth and the Bidoon minority. Overall, the book provides a full and detailed analysis of contemporary Kuwait and of the factors which are bringing about new developments.

Contemporary American Foreign Policy Richard Mansbach, Kirsten L. Taylor, 2015-12-16 *Contemporary American Foreign Policy: Influences, Challenges and Opportunities* looks at today's most pressing foreign policy challenges from a U.S. perspective as well as from the vantage point of other states and peoples. It explores global issues such as human rights, climate change, poverty, nuclear arms proliferation and economic collapse from multiple angles, not just through a so-called national interest lens. Authors Richard Mansbach and Kirsten L. Taylor shed new light on the competing forces that influence foreign policy decision making, outline the various policy options available to decision makers and explore the potential consequences of those policies. All to fully grasp and work to meet contemporary foreign policy challenges.

Fixing Illicit Financial Flows between Nigeria, the United Kingdom and the United Arab Emirates Gbenga Oduntan, Iris Bousiakou, 2025-10-06 This book delves into one of the most pressing

challenges in global finance illicit financial flows IFFs This groundbreaking book examines how vast sums of Nigeria's wealth vanish into the financial systems of the UK and UAE depleting the country's economic resources With a focus on multinationals real estate banking and professional sectors the authors critically assess the existing laws and regulations in all three countries and explore the gaps that allow bribery corruption and money laundering to thrive Supported by empirical research the book highlights the urgent need for reform in international financial practices and offers innovative solutions to curb the outflow of illicit wealth from Nigeria This book is a must read for policymakers legal scholars and anyone interested in the intersection of law finance and development in Africa

Policy Styles and Policy-Making Michael Howlett, Jale Tosun, 2018-10-26 Richardson et al's respected and seminal *Policy Styles in Western Europe* 1982 shed valuable light on how countries tend to establish long term and distinctive ways to make policies that transcend short term imperatives and issues This follow up volume updates those arguments and significantly expands the coverage consisting of 16 carefully selected country level case studies from around the world Furthermore it includes different types of political regimes and developmental levels to test more widely the robustness of the patterns and variables highlighted in the original book The case studies covering countries from the United States Canada Germany and the UK to Russia Togo and Vietnam follow a uniform structure combining theoretical considerations and the presentation of empirical material to reveal how the distinct cultural and institutional features of modern states continue to have implications for the making and implementation of public policy decisions within them The book is essential reading for students and scholars of public policy public administration comparative politics and development studies

The UAE after the Arab Spring Khalifa Al-Suwaidi, 2023-03-23 Why did the Gulf monarchies and the UAE in particular avoid the upheavals and challenges of the Arab uprisings This book examines how the UAE survived the waves of regional unrest It departs from attributing regime survival to rentier state theory and instead offers a more nuanced approach to understanding the pillars of regime legitimacy upon which the UAE now rests In doing so the book sheds light on the transformation of the UAE from a quietist state which relied almost entirely upon an overseas security guarantor to an assertive regional power in its own right Written by an Emirati author who understands the internal dynamics of the country the book examines the state's proactive foreign policy and the changing domestic and regional environment influencing its decisions The book argues that the UAE leadership encouraged a new national identity to evolve amid the pressures of modernity particularly at a time when young Emiratis had access to information beyond government control via social media This is also part of its shift away from a country based on a rentier economy to a situation where the citizens take more initiative learn more skills and increasingly enter the private sector to help the country prosper This has given rise to a new Emirati identity that is politically conservative economically neo liberal and socially liberal In providing an analysis of the policies of the UAE leadership before and after the Arab Spring this book is a vital contribution to the literature on Emirati domestic and foreign policy and points to where the country
