Unequal Health How Inequality Contributes To Health Or Illness

Hans A. Baer, Merrill Singer, Ida Susser

Unequal Health How Inequality Contributes To Health Or Illness:

Unequal Health Grace Budrys, 2010 *Unequal Health* asks why some individuals are living longer and enjoying better health than others By considering popular beliefs about the relevance of such factors as sex race poverty and health habits Grace Budrys moves beyond factors that receive a great deal of media attention such as smoking diet exercise and even genetic inheritance and examines those factors that are far more difficult to identify and track such as relative income and relative social status

Unequal Before Death Marcelline Block, Christina Staudt, 2012-03-15 Death has been deemed the great equalizer but each journey towards our shared ultimate fate is unique The length of our lives the quality of our last days how our deaths are perceived by others and the handling of our remains are governed by nature and many socio cultural factors *Unequal Before Death* is an edited collection that addresses inequalities surrounding death from the perspectives of scholars in a wide range of humanistic and social science disciplines including art history anthropology Film and media studies political science popular culture psychology religion sociology and statistics The majority of the chapters of this interdisciplinary anthology are revised versions of papers presented at the second Austin H Kutscher Memorial Conference entitled *Unequal Before Death* organized by the Columbia University Seminar on Death in March 2010 and attended by leading experts in academia healthcare and the not for profit sector The purpose of this volume is to bring attention to the many inequalities affecting the end of life experience and to encourage collaborative research and action that can improve the experience for the dying and those around them This volume does not question the truism of death as the ultimate equalizer but rather seeks to explore the many ways in which the final journey is not equal

Introducing Medical Anthropology Merrill Singer, Hans Baer, 2011-11-04 This new edition introduces students to the growing field of medical anthropology It reviews the basic perspectives and concepts and the latest debates in the field in a more comprehensive fashion than many other comparable works

The Jossey-Bass Reader on the Brain and Learning Jossey-Bass Publishers, 2014-07-30 This comprehensive reader presents an accessible overview of recent brain research and contains valuable insights into how students learn and how we should teach them It includes articles from the top thinkers in both the brain science and K 12 education fields such as Joseph LeDoux Howard Gardner Sally Shaywitz and John Bransford This rich and varied volume offers myriad perspectives on the brain mind and education and features twenty six chapters in seven primary areas of interest An overview of the brain The brain based learning debate Memory cognition and intelligence Emotional and social foundations The arts When the brain works differently

Social Justice and the Urban Obesity Crisis Melvin Delgado, 2013-05-14 Melvin Delgado focuses on urban obesity in populations of colour dissecting the issue from individual family group community and policy perspectives After surveying the history of urban obesity anti obesity policies and programs and the role of social work in addressing this threat Delgado moves through social ecological environmental and spatial aggravators such as the food industry s nefarious advertising strategies

Handbook of the

Sociology of Health, Illness, and Healing Bernice A. Pescosolido, Jack K. Martin, Jane D. McLeod, Anne Rogers, 2010-12-17 The Handbook of the Sociology of Health Illness Healing advances the understanding of medical sociology by identifying the most important contemporary challenges to the field and suggesting directions for future inquiry The editors provide a blueprint for guiding research and teaching agendas for the first quarter of the 21st century In a series of essays this volume offers a systematic view of the critical questions that face our understanding of the role of social forces in health illness and healing It also provides an overall theoretical framework and asks medical sociologists to consider the implications of taking on new directions and approaches Such issues may include the importance of multiple levels of influences the utility of dynamic life course approaches the role of culture the impact of social networks the importance of fundamental causes approaches and the influences of state structures and policy making

Corporate Power, Oligopolies, and the Crisis of the State Luis Suarez-Villa, 2014-12-09 The largest wealthiest corporations have gained unprecedented power and influence in contemporary life From cradle to grave the decisions made by these entities have an enormous impact on how we live and work what we eat our physical and psychological health what we know or believe whom we elect and how we deal with one another and with the natural world around us At the same time government seems ever more subservient to the power of these oligopolies providing numerous forms of corporate welfare tax breaks subsidies guarantees and bailouts while neglecting the most basic needs of the population In Corporate Power Oligopolies and the Crisis of the State Luis Suarez Villa employs a multidisciplinary perspective to provide unprecedented documentation of a growing crisis of governance marked by a massive transfer of risk from the private sector to the state skyrocketing debt great inequality and economic insecurity along with an alignment of the interests of politicians and a new minuscule but immensely wealthy and influential corporate elite Thanks to this dysfunctional environment Suarez Villa argues stagnation and a vanishing public trust have become the hallmarks of our time

Medical Anthropology and the World System Hans A. Baer, Merrill Singer, Ida Susser, 2013-05-23 Now in its third edition this textbook serves to frame understandings of health health related behavior and health care in light of social and health inequality as well as structural violence It also examines how the exercise of power in the health arena and in society overall impacts human health and well being Medical Anthropology and the World System Critical Perspectives Third Edition includes updated and expanded information on medical anthropology resulting in an even more comprehensive resource for undergraduate students graduate students and researchers worldwide As in the previous versions of this text the authors provide insights from the perspective of critical medical anthropology a well established theoretical viewpoint from which faculty researchers and students study medical anthropology It addresses the nature and scope of medical anthropology the biosocial and political ecological origins of disease health inequities and social suffering and the nature of medical systems in indigenous and pre capitalist state societies and modern societies The third edition also includes new material on the relationship between climate change and health Finally this textbook explores

health praxis and the struggle for a healthy world The Meritocracy Myth Stephen J. McNamee, Robert K. Miller Jr., 2013-07-18 The Meritocracy Myth challenges the widely held American belief in meritocracy that people get out of the system what they put into it based on individual merit The third edition has been revised and streamlined with fresh examples and updated statistical information throughout Chapters eight and nine have been combined into a comprehensive chapter about discrimination as a non merit barrier to upward mobility The book also features a new section on The Great Recession The Meritocracy Myth examines talent attitude work ethic and character as elements of merit and evaluates the effect of non merit factors such as social status race heritage and wealth on meritocracy A compelling book on an often overlooked topic The Meritocracy Myth has become a classroom classic to introduce students to this provocative topic
