Unfortunate Sons A True Story Of Young Men And War:

Unfortunate Sons Larry Don James, 2005-11 The first account of one of the most devastating ambushes of the Vietnam War Unfortunate Sons goes inside the killing zone of an ambush of 92 American soldiers that in just 8 minutes leaves 49 of them dead and 28 wounded The current war in Iraq provides a compelling reason to revisit this ambush to show what war is like so that the next time Americans are called upon to decide whether to go to war they will know what they are asking of their sons and daughters Historical Dictionary of the War in Vietnam Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War **A Bibliography of Justin Winsor**, Alfred Claghorn Potter, William Frederick Yust, 1909

Catalogue of English and American Chapbooks and Broadside Ballads in Harvard College Library Harvard University. Library, 1905 **Bibliographical Contributions** Harvard University. Library, 1905 **Homer's Iliad: The Real Story** John D. Martin, 2021 For the nearly three millennia since its creation the Iliad's Real Story has gone undiscovered Homer a blind poet as antiquity believed him to be created a powerful war story which must have enthralled his listening audiences But this story concealed another one far grander in design and immensely more clever in execution which can be discovered only by careful examination of the written text Living in an age where literacy was minimal Homer created this story for the gods and undoubtedly never expected any mortal to understand it Homer's imaginative fantasy radically undermines traditional Trojan War mythology and exposes the speciousness of war's glory the folly of the warriors who supposedly fight for it and the amorality of the gods who help them do so Homer's great war poem great indeed war poem indeed is in its depths antiwar In piecing together the Iliad's web of secret plans deeply hidden motives and subtle lies and deceptions and in the process identifying and discarding post Homeric corruptions to the text we will find an Iliad which is not a prelude to Achilles glorious early death and the Fall of Troy but the opposite In a concealed ending towards which the

entire story has been leading Homer's own words will tell us how Achilles as supplicated by Priam chooses a long life without renown and goes home The Greek army unwilling to fight without its greatest warrior leaves also sparing peaceful holy Troy Zeus favorite city and best hope for mankind Homer tells this story with a brilliance that is almost unimaginable until one actually encounters it The Real Iliad is an immense intellectual challenge and an inexhaustible source of surprises Far from a formalistically heroic epic as has long been thought it is an imaginative expression of the full creative powers of Western antiquity's greatest author

Bibliographical Contributions William Coolidge Lane, 1909 **Reluctant Warrior** Michael Hodgins, 2010-12-29 ONE OF THE BEST VIETNAM WAR STORIES I'VE EVER READ one damn good compelling read It's almost something out of a Clancy novel yet it's true The best thing I can say about it is I didn't want it to end Col David Hackworth New York Times bestselling author of About Face By the spring of 1970 American troops were ordered to pull out of Vietnam The Marines of 1st Reconnaissance Battalion commanded by Lieutenant Colonel Wild Bill Drumright were assigned to cover the withdrawal of 1st Marine Division The Marines of 1st RECON Bn operated in teams of six or seven men Heavily armed the teams fought a multitude of bitter engagements with a numerically superior and increasingly aggressive enemy Michael C Hodgins served in Company C 1st RECON Bn Rein as a platoon leader In powerful graphic prose he chronicles his experience as a patrol leader in myriad combat situations from hasty ambush to emergency extraction to prisoner snatch to combined arms ambush THIS MEMOIR IS GRIPPING American Way
