Unisa Prospector For 2015:

Teacher Education in Diverse Settings Larry Prochner, Ailie Cleghorn, Anna Kirova, Christine Massing, 2016-09-27 Teacher Education in Diverse Settings presents a study of initial educator preparation in three social contexts a training program for immigrant child care educators in Canada a pre and lower primary specialization in a teacher education program in Namibia and a partnership between the Misak indigenous communities in Colombia and the University of Cauca to deliver courses for educators within their communities In each setting the book explores the relationships between indigenous ways of thinking and western discourse in reference to the preparation of educators whether they be teachers community leaders or newly arrived immigrants in Canada In each case the authors focus is on the tensions between the local understandings and global ideas and the creation of space for diverse but intersecting worldviews The book's goal is to investigate ways that teacher educators parents and communities can better prepare children for the realities of schooling while preserving the integrity of local norms and values through educator preparation programs

The Future of Accessibility in International Higher Education Alphin Jr., Henry C., Chan, Roy Y., Lavine, Jennie, 2017-05-17 Education is the foundation to almost all successful lives and it is important that a high level of schooling be available on a global scale Studying the trends in accessibility in education will allow educators to improve their own teaching techniques as well as expand their influence to more remote areas in the world The Future of Accessibility in International Higher Education is a comprehensive reference source for the latest scholarly material on emerging methods and trends in disseminating knowledge in university settings Featuring extensive coverage on relevant topics such as e learning economic

perspectives and educational technology this publication is ideally designed for educators academics students and researchers interested in expanding their knowledge of global education *Oxford Textbook of Creative Arts, Health, and Wellbeing* Stephen Clift,Paul M. Camic,2018-02-15 There is growing interest internationally in the contributions which the creative arts can make to wellbeing and health in both healthcare and community settings A timely addition to the field the Oxford Textbook of Creative Arts Health and Wellbeing is the first work of its kind to discuss the role the creative arts have in addressing some of the most pressing public health challenges faced today Providing an evidence base and recommendations for a wide audience this is an essential resource for anyone involved with this increasingly important component of public health practice The textbook offers key insights for developing new creative arts based approaches to health and wellbeing and shows how these can augment established practices within a variety of social settings Theoretically grounded and with a strong evidence base this book brings together contributions from both practitioners and researches to provide a comprehensive account of the field Using international examples the textbook elucidates the various approaches that have successfully led to improvements in public health whilst case studies in healthcare practices evaluate the impact of arts based initiatives in a multitude of international settings life course stages and social milieus The Oxford Textbook of Creative Arts Health and Wellbeing is a comprehensive resource that will be essential to anyone with an interest in this increasingly important component of public health practice Decolonising Media and Communication Studies Education in Sub-Saharan Africa Selina Linda Mudavanhu,Shepherd Mpofu,Kezia Batisai,2023-10-27 The book provides insights on decolonising media and communication studies education from diverse African scholars at different stages of their careers These academics located on the continent and in the diaspora share an interest in decolonising higher education broadly and media and communication studies teaching and learning in particular Although many African countries gained flag independence from different European colonial powers between the 1950s and the 1970s this book argues that former colonies remain ensnared in a colonial power matrix Many African universities did not jettison ways of teaching and learning established during colonialism and even those journalism communication and media studies training programmes which were established after the attainment of flag independence did not place decolonial agendas at the front and centre when setting them up Starting with big picture thematic questions around decolonisation the book goes on to consider what the implications of change would be for students and instructors before reflecting on how far it is possible to decolonise curricula and syllabi and what this might look like in practice across a range of subject areas and country contexts Overall this book presents a nuanced picture of what a decolonised media and communication studies education could look like in sub Saharan Africa This book is essential for researchers in Africa in disciplines such as media and communication studies journalism film studies cultural studies and higher education studies More broadly the concepts and ideas on decolonising teaching and learning discussed in the book are relevant to instructors in any discipline who are interested in doing the decolonial work of
