Prescriptive Analytics Jeffrey M. Keisler, 2024-08-24 This book combines the quantitative decision informing techniques of management science and operations research with the data centric techniques found throughout the world of analytics. The material uses only standard Excel spreadsheet features and functions for creating models. Using a step by step approach, readers learn a unified architecture for sensitivity, scenario, simulation, decision and optimization analysis. Spreadsheets with numerous screenshots support visual hands on learning and provide some surprising innovations. Special influence diagrams and non intimidating but accurate terminology help explain the logic of the models and calculations. Well structured chapters include guideposts, enrichment and curated links to valuable external resources. Readers are encouraged to own their learning and think about future trajectories for themselves and the field. This book helps all readers quickly learn tools and concepts to use right away and to expand throughout a career. The book includes access to a companion website featuring workbooks and other valuable materials to support learning. Information Visualization IEEE Computer Society, 1999 This volume offers coverage of the 1999 international conference on information visualization. Topics include augmented and virtual reality visualization in construction, computer aided geometric design, design visualization, digital art, graphical modelling and applied visualization. **Whitaker's Cumulative Book List**, 1984 Bibliography of Agriculture, 1992
