Virgil's Aeneid Interpretation And Influence:

Virgil's Aeneid Michael C. J. Putnam, 2000-11-09 In this collection of twelve of his essays distinguished Virgil scholar Michael Putnam examines the Aeneid from several different interpretive angles He identifies the themes that permeate the epic provides detailed interpretations of its individual books and analyzes the poem's influence on later writers including Ovid Lucan Seneca and Dante In addition a major essay on wrathful Aeneas and the tactics of Pietas is published here for the first time Putnam first surveys the intellectual development that shaped Virgil's poetry He then examines several of the poem's recurrent dichotomies and metaphors including idealism and realism the line and the circle and piety and fury In succeeding chapters he examines in detail the meaning of particular books of the Aeneid and argues that a close reading of the end of the epic is crucial for understanding the poem as a whole and Virgil's goals in composing it **The Primacy of Vision in Virgil's Aeneid** Riggs Alden Smith, 2013-09-13 One of the masterpieces of Latin and indeed world literature Virgil's Aeneid was written during the Augustan renaissance of architecture art and literature that redefined the Roman world in the early years of the empire This period was marked by a transition from the use of rhetoric as a means of public persuasion to the use of images to display imperial power Taking a fresh approach to Virgil's epic poem Riggs Alden Smith argues that the Aeneid fundamentally participates in the Augustan shift from rhetoric to imagery because it gives primacy to vision over speech as the principal means of gathering and conveying information as it recounts the heroic adventures of Aeneas the legendary founder of Rome Working from the theories of French phenomenologist Maurice Merleau-Ponty Smith characterizes Aeneas as a voyant visible a person who both sees and is seen and who approaches the world through the faculty of vision Engaging in close readings of key episodes throughout the poem Smith shows how Aeneas repeatedly acts on what he sees rather than what he hears Smith views Aeneas' final act of slaying Turnus a character associated with the power of oratory as the victory of vision over rhetoric a triumph that reflects the ascendancy of visual symbols within Augustan society Smith's new interpretation of the predominance of vision in the Aeneid makes it plain that Virgil's epic contributes to a new visual culture and a new mythology of Imperial Rome *The Cambridge Companion to Virgil* Charles Martindale, 1997-10-02 Virgil became a school author in his own lifetime and the centre of the Western canon for the next 1800 years exerting a major influence on European literature art and politics This Companion is designed as an indispensable guide for anyone seeking a fuller understanding of an author critical to so many disciplines It consists of essays by seventeen scholars from Britain the USA Ireland and Italy which offer a range of different perspectives both traditional and innovative on Virgil's works and a renewed sense of why Virgil matters today The Companion is divided into four main sections focussing on reception genre context and form This ground-breaking book not only provides a wealth of material for an informed reading but also offers sophisticated insights which point to the shape of Virgilian scholarship and criticism to come **The Cambridge Companion to Virgil** Fiachra Mac Góráin, Charles Martindale, 2019-04-18 Presents stimulating

chapters on Virgil and his reception offering an authoritative overview of the current state of Virgilian studies Virgil and his Translators Susanna Braund,Zara Martirosova Torlone,2018-10-04 This is the first volume to offer a critical overview of the long and complicated history of translations of Virgil from the early modern period to the present day transcending traditional studies of single translations or particular national traditions in isolation to offer an insightful comparative perspective The twenty nine essays in the collection cover numerous European languages from English French and German to Greek Irish Italian Norwegian Slovenian and Spanish but also look well beyond Europe to include discussion of Brazilian Chinese Esperanto Russian and Turkish translations of Virgil While the opening two contributions lay down a broad theoretical and comparative framework the majority conduct comparisons within a particular language and combine detailed case studies with in depth contextualization and theoretical background showing how the translations discussed are embedded in their own cultures and historical moments The final two essays are written from the perspective of contemporary translators closing out the volume with a profound assessment not only of the influence exerted by the major Roman poet on later literature but also why translation of a canonical author such as Virgil matters not only as a national and transnational cultural phenomenon but as a personal engagement with a literature of enduring power and relevance God and the Land : The Metaphysics of Farming in Hesiod and Vergil Stephanie A. Nelson Boston University,1998-05-18 In this pathbreaking book which includes a powerful new translation of Hesiod s Works and Days by esteemed translator David Grene Stephanie Nelson argues that a society s vision of farming contains deep indications about its view of the human place within nature and our relationship to the divine She contends that both Hesiod in the Works and Days and Vergil in the Georgics saw farming in this way and so wrote their poems not only about farming itself but also about its deeper ethical and religious implications Hesiod Nelson argues saw farming as revealing that man must live by the sweat of his brow and that good for human beings must always be accompanied by hardship Within this vision justice competition cooperation and the need for labor take their place alongside the uncertainties of the seasons and even of particular lucky and unlucky days to form a meaningful whole within which human life is an integral part Vergil Nelson argues deliberately modeled his poem upon the Works and Days and did so in order to reveal that his is a very different vision Hesiod saw the hardship in farming Vergil sees its violence as well Farming is for him both our life within nature and also our battle against her Against the background of Hesiods poem which found a single meaning for human life Vergil thus creates a split vision and suggests that human beings may be radically alienated from both nature and the divine Nelson argues that both the Georgics and the Works and Days have been misread because scholars have not seen the importance of the connection between the two poems and because they have not seen that farming is the true concern of both farming in its deepest and most profoundly unsettling sense Citizens of Discord Brian Breed,Cynthia Damon,Andreola Rossi,2010-08-26 The volume brings together an international group of distinguished contributors and offers a broad basis of investigation of the phenomenon of Roman

civil wars encompassing literary texts documentary texts and material culture spanning the Greek and Roman worlds

Why Vergil? Stephanie Quinn, 2000-09-01 Why Vergil is a collection of forty three exemplary classic pieces that demonstrate Vergil's genius or illustrate his enduring influence a veritable feast for Vergilian scholars students and humanists

A Discourse of Wonders Stephen M. Wheeler, 1999-05-13 Wheeler proposes instead that Ovid represents himself in the poem as an epic storyteller moved to tell a universal history of metamorphosis in the presence of a fictional audience

From the Critic's Workbench Marianne Shapiro, 2005 This book comprises twenty two chapters including previously unpublished material written over the entire span of Marianne Shapiro's working life Its opening section on the European heritage begins with a long essay on the Aeneid that breaks new interpretative ground by examining the epic from the perspective of Virgil's implicit prescriptions for leaders and leadership Chapters on Dante add to the store of knowledge on his minor works as well as the Comedy and are followed by close readings of Petrarch and Provençal poetry The American and comparative literature section features an analysis of John Ashbery's New Spirit and a page by page commentary on Nabokov's Lolita and Pnin The book is rounded out by three chapters in a semiotics section the highlight of which is an analysis of the Christian Trinity based on a deep understanding of Peirce's sign theory

Fables of the Self Rosanna Warren, 2008 Fables of the Self traces ideas of imagined selfhood through the lyric poetry of classical Greece and Rome the modernist poetry of France and modern and contemporary English and American lyrics Rosanna Warren's work emerges from the tradition of British and American poet critics such as William Empson Donald Davie and Randall Jarrell Her readings of Sappho Virgil Baudelaire Melville Rimbaud Mark Strand and Louise Glück among others combine Helen Vendler's passionate attention to detail and something of Harold Bloom's panoramic view Warren opposes both the literalizing autobiographical approach to self in so called confessional poetry and the other extreme of avant garde erasures of self Framing her critical studies between a memoir of childhood and a concluding journal entry Warren has composed an occult autobiography showing the imagination as a transfiguring and potentially moral force

Heroism and the Christian Life Brian Stewart Hook, Russell R. Reno, 2000-01-01 This volume is a literary and cultural investigation of the discord and resonance between classical ideals of heroic action and the imperatives of the Christian life from the Homeric epic to the present day Its central theme is the difficulty of recognizing imitating and participating in heroic excellence a difficulty that has been a concern for classical Renaissance and modern writers alike

God and the Land Stephanie A. Nelson, 2008-12-01 In this pathbreaking book which includes a powerful new translation of Hesiod's Works and Days by esteemed translator David Grene Stephanie Nelson argues that a society's vision of farming contains deep indications about its view of the human place within nature and our relationship to the divine She contends that both Hesiod in the Works and Days and Vergil in the Georgics saw farming in this way and so wrote their poems not only about farming itself but also about its deeper ethical and religious implications Hesiod Nelson argues saw farming as revealing that man must live by the sweat of his brow and that

good for human beings must always be accompanied by hardship Within this vision justice competition cooperation and the need for labor take their place alongside the uncertainties of the seasons and even of particular lucky and unlucky days to form a meaningful whole within which human life is an integral part Vergil Nelson argues deliberately modeled his poem upon the Works and Days and did so in order to reveal that his is a very different vision Hesiod saw the hardship in farming Vergil sees its violence as well Farming is for him both our life within nature and also our battle against her Against the background of Hesiod's poem which found a single meaning for human life Vergil thus creates a split vision and suggests that human beings may be radically alienated from both nature and the divine Nelson argues that both the Georgics and the Works and Days have been misread because scholars have not seen the importance of the connection between the two poems and because they have not seen that farming is the true concern of both farming in its deepest and most profoundly unsettling sense

Abused Bodies in Roman Epic Andrew M. McClellan, 2019-07-11 The first full study of corpse mistreatment and funeral violation in Greco Roman epic poetry illuminating many major texts **Amor Belli** Giulio Celotto, 2022-03-09 Compelled by the emperor Nero to commit suicide at age 25 after writing uncomplimentary poems Latin poet Lucan nevertheless left behind a significant body of work including the Bellum Civile Civil War Sometimes also called the Pharsalia this epic describes the war between Julius Caesar and Pompey Author Giulio Celotto provides an interpretation of this civil war based on the examination of an aspect completely neglected by previous scholarship Lucan's literary adaptation of the cosmological dialectic of Love and Strife According to a reading that has found favor over the last three decades the poem is an unconventional epic that does not conform to Aristotelian norms Lucan composes a poem characterized by fragmentation and disorder lacking a conventional teleology and whose narrative flow is constantly delayed Celotto's study challenges this interpretation by illustrating how Lucan invokes imagery of cosmic dissolution but without altogether obliterating epic norms The poem transforms them from within condemning the establishment of the Principate and the Julio Claudian dynasty

Reflections in a Serpent's Eye Micaela Janan, 2009-10-22 Ovid's extraordinary story of Thebes founding and bloody unravelling spans two books of his epic poem the Metamorphoses His bizarre refractions of the well ordered community engage Ovid's own Rome and the mythohistory of the Eternal City's origins most particularly as framed in Vergil's Aeneid Vergil's poem attained nonpareil status as the Latin epic soon after publication The Aeneid has regularly been read as

persuasively formulating how and why Rome will stride forward into history into manifest destiny and into empire without end The *Metamorphoses* strangely fantastical surface reflects what is already inherently perverse in that master narrative disclosing the narrative's internal contradictions Ovid rigorously and sceptically not only interrogates the existing Roman political order claimed as lasting truth but also the very possibility of organizing any polity into a harmonious organically unified lasting institution

The Closure of Space in Roman Poetics Victoria Rimell, 2015-06-05 An ambitious analysis of the Roman literary obsession with retreat and closed spaces in the context of expanding empire *The Epic Gaze* Helen Lovatt, 2013-06-27 The epic genre has at its heart a fascination with the horror of viewing death Epic heroes have active visual power yet become objects turned into monuments watched by two main audiences the gods above and the women on the sidelines This stimulating ambitious study investigates the theme of vision in Greek and Latin epic from Homer to Nonnus bringing the edges of epic into dialogue with celebrated moments the visual confrontation of Hector and Achilles the failure of Turnus gaze revealing epic as massive assertion of authority and fractured representation Helen Lovatt demonstrates the complexity of epic constructions of gender from Apollonius Medea toppling Talos with her eyes to Parthenopaeus as object of desire She discusses mortals appropriating the divine gaze prophets as both penetrative viewers and rape victims explores the divine authority of epic ecphrasis and exposes the way that heroic bodies are fragmented and fetishised

Feeling History Francesca D'Alessandro Behr, 2007 *Feeling History* is a study of apostrophe i.e. the rhetorical device in which the narrator talks directly to his characters in Lucan's *Bellum Civile* Through the narrator's direct addresses irony and grotesque imagery Lucan appears not as a nihilist but as a character deeply concerned about ethics The purpose of this book is to demonstrate how Lucan's style represents a criticism of the Roman approach to history epic ethics and aesthetics The book's chief interest lies in the ethical and moral stance that the poet narrator takes toward his characters and his audience To this end Francesca D'Alessandro Behr studies the ways in which the narrator communicates ethical and moral judgments Lucan's retelling of this central historical epic triggers in the mind of the reader questions about the validity of the Roman imperial project as a whole An analysis of selected apostrophes from the *Bellum Civile* allows us to confront issues that are behind Lucan's disquieting imagery how can we square the poet's Stoic perspectives with his poetically conveyed emotional urgency Lucan's approach seems inspired by Aristotle especially his *Poetics* as much as by Stoic philosophy In Lucan's aesthetic project participation and alienation work as phases through which the narrator leads the reader to a desired understanding of his work of art At the same time the reader is confronted with the ends and limits of the aesthetic enterprise in general Lucan's long acknowledged political engagement must therefore be connected to his philosophical and aesthetic stance In the same way that Lucan is unable to break free from the Virgilian model neither can he develop a defense of morality outside of the Stoic mold His philosophy is not a crystal ball to read the future or a numbing drug imposing acceptance The philosophical vision that Lucan finds intellectually and aesthetically compelling does not insulate his characters and readers

from suffering nor does it excuse them from wrongdoing Rather it obligates them to confront the responsibilities and limits of acting morally in a chaotic world
