Kris Van den Branden

Visible Learning Into Action International Case Studies Of Impact:

Visible Learning into Action John Hattie, Deb Masters, Kate Birch, 2015-10-30 Recently at the Visible Learning Conference Professor John Hattie stood up in his opening address and said I'm looking at you all and thinking What if I got this wrong I feel the same way when educators ask to visit and I always end up in the same place that Keilor Views is a living breathing example that he didn't Charles Branciforte Principal of Keilor Views Primary School Melbourne Australia Visible Learning into Action takes the next step in the evolving Visible Learning story It translates one of the biggest and most critically acclaimed education research projects ever undertaken into case studies of actual success stories implementing John Hattie's ideas in the classrooms of schools all around the world The evidenced case studies presented in this book describe the Visible Learning journeys of fifteen schools from Australia USA Hong Kong UK Sweden New Zealand and Norway and are representative of the VL international community of schools in their quest to ensure all of their students exceed their potential for academic success Each school's story will inform and inspire bringing to life the discussions actions and reflections from leaders teachers students and families This book features extensive interactive appendices containing study guide questions to encourage critical thinking annotated endnotes with recommendations for further reading and links to YouTube and relevant websites Drawing on the latest research into the major principles and strategies of learning this essential resource is structured into five parts Know thy impact Effective feedback Visible learners Inspired and passionate teachers The Visible Learning School Visible Learning into Action is aimed at any student teacher or parent requiring an up to date commentary on how research into human learning processes can inform our teaching and what goes on in our schools

Great Teaching by Design John Hattie, Vince Bustamante, John Almarode, Douglas Fisher, Nancy Frey, 2020-11-05 Turn good intentions into better outcomes by design Why leave student success up to chance By combining your intuition and experience with the latest research on high impact learning practices you can evolve your teaching from good to great and make a lasting difference for your students Organized around the DIIE framework Great Teaching by Design takes you step by step from intention to implementation to accelerate the impact your teaching has on student learning Inside you'll find A deep dive into the four stages of the DIIE model Diagnosis and Discovery Intervention Implementation and Evaluation A fresh look at the Visible Learning research which identifies the most powerful strategies for teaching and learning Stories of best practices in action and examples from classrooms around the world Great teaching may come by chance but it will come by design Whether you're new to teaching or looking to give your instruction a boost take up the challenge and discover a new framework for teaching with true intentionality **Digital-Age Teaching for English Learners** Heather Rubin, Lisa Estrada, Andrea Honigsfeld, 2021-12-28 Bridge the Digital Divide with Research Informed Technology Models Since the first edition of this bestselling resource many schools are still striving to close the digital divide and bridge the opportunity gap for historically marginalized students including English learners And the need for technology infused lessons specifically

aligned for English learners is even more critically needed Building from significant developments in education policy research and remote learning innovations this newly revised edition offers unique ways to bridge the digital divide that disproportionately affects culturally and linguistically diverse learners Designed to support equitable access to engaging and enriching digital age education opportunities for English learners this book includes Research informed and evidence based technology integration models and instructional strategies Sample lesson ideas including learning targets for activating students prior knowledge while promoting engagement and collaboration Tips for fostering collaborative practices with colleagues Vignettes from educators incorporating technology in creative ways Targeted questions to facilitate discussions about English language development methodology Complete with supplementary tools and resources this guide provides all of the methodology resources needed to bridge the digital divide and promote learning success for all students Handbook of Technological Pedagogical Content Knowledge (TPACK) for Educators Michael Phillips,Evrin Baran,Punya

Mishra,Matthew J. Koehler,2025-11-24 The third edition of the Handbook of Technological Pedagogical Content Knowledge TPACK for Educators addresses the concept and implementation of technological pedagogical content knowledge One of the most highly cited and widely recognized frameworks in educational technology the TPACK construct provides teachers with the knowledge and skills they need to meaningfully integrate technology into teaching in specific content areas This thorough substantive revision explores the emerging theoretical developments empirical efforts digital technologies and diverse contextual factors that impact TPACK s evolution and enactment around the world Critical perspectives on TPACK research on its deployment across specific content areas and integration into teacher education and professional development frame a variety of new and updated chapters covering research methods contextual knowledge artificial intelligence and more The Handbook of Technological Pedagogical Content Knowledge TPACK for Educators is simultaneously a mandate and a manifesto on engagement with technology in today s classrooms **Rethinking Class Size: The complex story of impact**

on teaching and learning Peter Blatchford,Anthony Russell ,2020-11-12 The debate over whether class size matters for teaching and learning is one of the most enduring and aggressive in education research Teachers often insist that small classes benefit their work But many experts argue that evidence from research shows class size has little impact on pupil outcomes so does not matter and this dominant view has informed policymaking internationally Here the lead researchers on the world s biggest study into class size effects present a counter argument Through detailed analysis of the complex relations involved in the classroom they reveal the mechanisms that support teachers experience and conclude that class size matters very much indeed Drawing on 20 years of systematic classroom observations surveys of practitioners detailed case studies and extensive reviews of research Peter Blatchford and Anthony Russell contend that common ways of researching the impact of class size are limited and sometimes misguided While class size may have no direct effect on pupil outcomes it has they say significant force through interconnections with classroom processes In describing these connections the book

opens up the everyday world of the classroom and shows that the influence of class size is everywhere It impacts on teaching grouping practices and classroom management the quality of peer relations tasks given to pupils and on the time teachers have for marking assessments and understanding the strengths and challenges for individual pupils From their analysis the authors develop a new social pedagogical model of how class size influences work and identify policy conclusions and implications for teachers and schools

Teaching Strategies That Create Assessment-Literate Learners Anita Stewart McCafferty, Jeffrey S. Beaudry, 2018-04-12 Merely focusing on assessment with no connection to teaching and learning is to overlook the power of assessment for learning This book pulls together several models 1 the five keys of quality assessment 2 Hattie s work on Visible Learning and 3 the seven strategies of assessment for learning

Learning to Teach in the Secondary School Susan Capel, Marilyn Leask, Sarah Younie, 2019-04-11 For all undergraduate postgraduate and school based routes to qualified teacher status *Learning to Teach in the Secondary School* is an essential introduction to the key skills and knowledge needed to become a secondary teacher Underpinned by evidence informed practice and focussing on what you need to know to thrive in the classroom the eighth edition is fully updated in light of changes in the field covers new topics and provides additional guidance on topics such as developing your resilience using digital technologies closing the achievement gap and using data to inform your teaching and pupil learning The text includes a wealth of examples and tasks to demonstrate how to successfully apply theory to practice and how to critically reflect on and analyse your practice to maximise pupil learning The wide range of pedagogical features supports both school and university based work up to Masters level Written by experts in the field the 37 concise units create unit by unit coverage that can be dipped into offering guidance on all aspects of learning to teach including Managing your workload Lesson planning Curriculum Motivating pupils Promoting behaviour for learning Assessment marking and feedback Special educational needs and disabilities SEND Applying for jobs developing as a professional and networking *Learning to Teach in the Secondary School* provides practical help and guidance for many of the situations and potential challenges you are faced with in school The text is extended by a companion website that includes additional information as well as specific units covering England Northern Ireland Scotland and Wales Supported by the subject specific titles in the *Learning to Teach Subjects in the Secondary School Series* it is an essential purchase for every aspiring secondary school teacher

Progression and Progress in Physical Education Susan Capel, Margaret Whitehead, Julia Lawrence, 2024-11-25 How well do I take account of the needs of different classes and individual learners to facilitate and enhance progress Do I plan for progress based on where learners are currently at Does the curriculum facilitate and enhance progress Exploring these questions and more this book examines what progress in physical education looks like and conditions for facilitating and enhancing the progress of individual learners across different domains of learning *Progression and Progress in Physical Education* contains 12 units each of which highlights an aspect of progression or progress in physical education Throughout the book emphasises that it is individual learners that make

progress therefore highlighting the importance of catering for the holistic individual learner Grouped into four sections units cover What is meant by progression progress and learning The holistic nature of individual learners The Physical Cognitive and Affective Domains of learning Teaching to facilitate and enhance progress Recognising and charting progress The role of the curriculum in facilitating and enhancing progress The broader context in which physical education teachers work Filled throughout with examples of existing good practice and useful tips this text will support all primary and secondary physical education teachers in facilitating and enhancing learner progress in physical education **Rethinking Schools and**

Renewing Energy for Learning Kris Van den Branden, 2019-01-25 Rethinking Schools and Renewing Energy for Learning presents a comprehensive view on the major challenges educators face in the 21st century and the ways in which schools can make a difference It describes key principles that can serve as guidelines for tackling those challenges in an effective and manageable way looking both at what children should learn and what they want to learn Drawing on research policy related literature and a wide range of practice based examples the book addresses various topics such as goals pedagogy assessment equity policy and the role of technology in learning The book suggests that schools can be as rewarding and fulfilling as they have been in the past and gives examples of how this can be accomplished Rethinking Schools and Renewing Energy for Learning will be of great interest to academics postgraduate students teacher educators and scholars in the field of education specifically interested in primary education secondary education teacher education and education policy

Why Context Matters in Educational Leadership Colin Evers, Gabriele Lakomski, 2022-02-20 Why Context Matters in Educational Leadership A New Theoretical Understanding is unique in the field of educational leadership studies This book offers a systematic account of educational leadership from the perspective that context matters It argues that studies of leadership in education can only progress if the importance of context is understood and presents context as a set of constraints under which leadership is exercised A theoretical book that offers at last three major challenges to dominant positions in the field in a systematic way it provides a new coherent and more realistic way to think about leadership in context The chapters offer concrete steps for complex problem solving in schools and will help schools tailor solutions to local constraints and circumstances Written by leading scholars Colin W Evers and Gabriele Lakomski this book will be essential reading for students and researchers working in the fields of education educational administration and leadership **Landscape**

Model of Learning Jennifer D. Klein, Kaponi Ciotti, 2022-06-14 Help students take the lead on reaching their own personal highest level of success by shifting from the current paradigm of education to create a more meaningful and inclusive learning ecosystem This essential guide offers the landscape model and its three elements understanding what students bring to the ecosystem defining the horizon and charting the pathway Access practical strategies for drawing on students experiences and strengths to create a more meaningful and inclusive educational ecosystem Educators committed to lifelong learning diversity equity and inclusion will Retire the inadequate goal of access and move education toward the higher and

more urgent equitable goal of helping every student reach their highest possible level of individual success Embrace the concept of inclusive prosperity which goes beyond diversity to accepting and supporting all students their experiences gifts and challenges to build communities where all students belong Receive practical research based strategies for developing agency and engagement so that students become the protagonists of their journey through the learning ecosystem Design systems for student protagonism by implementing student centered strategies for cognitive and cultural inclusion Obtain reproducible tools to deepen understanding and implementation of the material Learn how to successfully implement the model despite common hurdles and potential challenges such as traditional academic contexts and economically disenfranchised schools

Contents Introduction Part 1 Understanding the Landscape Model Chapter 1 The Landscape Model s Three Elements Chapter 2 Eight Guiding Principles Part 2 Implementing the Landscape Model Chapter 3 Element One The Ecosystem Chapter 4 Element Two The Horizon Chapter 5 Element Three The Pathway Part 3 Leading the Landscape Model Chapter 6 Student Growth Assessment on the Landscape Chapter 7 Challenges of Implementation Chapter 8 Landscape Model Implementation for Long Term Success Chapter 9 Opportunities for the Future Epilogue Why This Work Matters Appendix References and Resources Index

Make It Happen Kim Bailey,Chris Jakicic,2018-12-07 Ensure every educator is engaged in the right work with a collective focus on improved student learning Aligned to the Professional Learning Communities PLC at Work model this resource includes instructional coaching tools processes protocols templates tips and strategies designed to support the multidimensional work of instructional coaches and PLC training Each chapter includes action steps and reflective coaching activities as well as suggestions for navigating some of the most common issues instructional coaches face Use this book to understand the unique requirements of instructional coaches in building a school that answers the four critical questions of a PLC at Work Learn how to provide PLC training and professional development for collaborative teacher teams Study three major variables that will affect instructional coaching capacity culture and context and four major actions that will act as guiding principles Explore issues that can arise in PLC schools as well as teacher coaching strategies to help resolve these issues Deepen your understanding of instructional coaching in a PLC with helpful online reproducibles and teacher coaching tools Acquire capacity building strategies aligned to the four PLC questions

Contents Introduction Chapter 1 How to Get Started as an Instructional Coach Chapter 2 What Do We Want Students to Know and Be Able to Do Chapter 3 How Will We Know if They Have Learned It Chapter 4 How Will We Respond When Some Students Do Not Learn Chapter 5 How Will We Extend the Learning of Students Who Are Already Proficient Epilogue Maintaining the Momentum and Sustaining the Process References and Resources Index

Reforms and Innovation in Education Alexander M. Sidorkin,Mark K. Warford,2017-10-05 This book investigates the interrelationship between educational reforms and pedagogical and technological innovations as well as the implications of this relationship for the quality of human capital By analyzing recent educational reforms in Russia and the US the authors shed new light on

how these reforms may help or hinder innovations such as the introduction of computer technologies into classrooms new methods of teacher evaluation constructivist teaching methods and governance in public schools Taking labor economics as a useful lens for conceptualizing the diffusion of innovation in the first part of the book the authors analyze how certain power arrangements can block educational innovations in schools In the second part they examine recent educational reforms in the US and Russia The final part presents a vision of the next generation of educational reforms which may enable innovation diffusion rather than hamper it Scientific Advances in Positive Psychology Meg A. Warren, Stewart I.

Donaldson, 2017-05-18 This book examines the range of new theories research and applications in the most generative areas of positive psychology at the dawn of a new wave of positive psychology scholarship one that is increasingly sensitive to real world issues adversity culture and context In the 17 years since the inception of the movement the field of positive psychology has grown tremendously and inspired research and practice across a range of sub areas Scientific Advances in Positive Psychology showcases the wide range of new theories research applications and explorations in what can be termed the next wave of positive psychology presenting novel findings and theories that acknowledge and mainstream sensitivity to real world issues adversity culture and context in fresh new ways The contributors to the work among the best known and most experienced in the field trace the growth of new developments in each of the key foci of positive psychology including happiness character strengths and gratitude and document the latest research theory and applications The volume focuses on the contributions and development of positive psychology sub fields such as positive organizational psychology and positive youth development as well as their primary application areas such as positive education Demystifying Educational Leadership and Administration in the Middle East and North Africa Khalid Arar, Selahattin Turan, Sedat

Gümüş, Abdellatif Sellami, Julia Mahfouz, 2023-12-01 This volume explores how educational leadership and administration ELA is constructed in the Middle East and North African region MENA and charts the development of ELA as a discipline Against the backdrop of rapid growth and interest in the educational restructuring educational reforms policy and leadership landscape of the region chapters investigate issues concerned with the production and utilization of knowledge in the field and analyse the future of ELA in relation to the educational policies and practices in MENA countries Featuring a broad range of geographically dispersed specialist contributors involved in leadership policy and administration the volume ultimately sheds light on this little researched area of study to demystify common tropes and misunderstandings surrounding ELA in the MENA region This book will be of use to scholars researchers and postgraduate students involved with international and comparative education higher education management and education policy and politics more broadly
