Successful Public Meetings, 2nd ed. Elaine Cogan,2018-01-12 The author explains why it s essential to begin the preparations by deciding what the meeting is intended to accomplish That in turn determines what kind of meeting you should conduct informational advisory or problem solving The author breaks down the essential tasks involved and even suggests the right type of person to handle each one She describes various types of troublesome meeting attendees from accusers and apathetics to fence sitters and know it alls and offers advice on how to deal tactfully but firmly with them all The author also tackles working effectively with the media a subject that terrifies most planners True stories of public meetings both good and bad add humor to her no nonsense narrative Follow her step by step checklist and leave nothing to chance Novel insights in rehabilitation of neglect, 2nd Edition Stefan Van Der Stigchel,Tanja Nijboer,2015-01-09

Hemispatial neglect is the failure to report respond to or orient to novel or meaningful stimuli presented in the contralesional visual field It constitutes one of the most invalidating neurological disorders that can occur after stroke It is therefore important to treat neglect as adequate as possible and much of the research dedicated to neglect therefore focuses on rehabilitation In this special topic you will find 29 articles on the rehabilitation of neglect This Research Topic has opened new perspectives and has given us an indication of where the field is going Although some of the current rehabilitation techniques have proven to be beneficial there is limited agreement on the most valuable technique or the mechanisms underlying the ameliorating effects *Judaism and the Visual Image* Melissa Raphael,2009-02-19 The widespread assumption that Jewish religious tradition is mediated through words not pictures has left Jewish art with no significant role to play in Jewish theology and ethics Judaism and the Visual Image argues for a Jewish theology of image that among other things helps us re read the creation story in Genesis 1 and to question why images of Jewish women as religious subjects appear to be doubly suppressed by the Second Commandment when images of observant male Jews have become legitimate

even iconic representations of Jewish holiness Raphael further suggests that devout beholding of images of the Holocaust is a corrective to post Holocaust theologies of divine absence from suffering that are infused by a sub theological aesthetic of the sublime Raphael concludes by proposing that the relationship between God and Israel composes itself into a unitary dance or moving image by which each generation participates in a processive revelation that is itself the ultimate work of Jewish art
