David Farnell,Norman L. Geisler,Joseph M. Holden,William C. R. Miller, 2017-04-20 *Elders Lead a Healthy Family* explores the biblical paradigm for shared leadership elders as the spiritual big brothers and shepherds to the family of God This book is a fresh biblical alternative to the standard fare of pragmatic church leadership Delivered in a winsome and irenic style the book addresses the key concerns of our day including pastoral burnout women as elders women and the pastoral gift power in leadership abuse of power in ministry ministerial pay and fostering missional leadership structures The answer to so many of the problems facing the church is not more coaching or better education The answer requires our churches to change the very structures that foster abuse isolation and burnout If we hope to save our pastors then we need our pastors to abandon the pastor as CEO model of leadership If we want to reach the lost we need a systemic change in the way we plant grow and maintain our churches Instead of putting a solo leader at the top of Church Incorporated we need to build teams of elders doing ministry together as they lead the family of God **Jude on the Attack** Alexandra Robinson, 2017-12-14 Alexandra Robinson examines the letter of Jude in the light of repeated scholarly references to this source as an invective a polemic and an attack speech with a dependence on both Jewish and Greco Roman sources Moving beyond the Hellenism Judaism divide Robinson specifies what these elements are and how they relate to the harsh nature of the discourse This study shows how where and why Jude borrows from these contemporary genres with a detailed survey of Greco Roman invectives and Jewish judgement oracles comparing and contrasting them to the epistle of Jude with consideration of structure aims themes and style Robinson argues that Jude has constructed a Jewish invective and that his epistle is a polemical text which takes the form structure aims and style of a typical Greco Roman invective but is filled with Jewish content themes and allusions drawing on Israel s heritage for the benefit of his primarily Jewish Christian audience

To Save Sinners Michael Riccardi, 2023-04-12 The atoning work of the Lord Jesus Christ on the cross stands as the very epicenter of Christianity the very heart of the gospel Because of this one does not stray far from the heart of the Christian faith when he asks For whom has Christ accomplished so great a salvation Answers to that question have historically fallen in two broad categories Either Jesus died for all people without exception or he died only for those whom the Father has chosen to save Recently a mediating view has arisen arguing that we should not choose between these options but that Jesus died with multiple intentions for all without exception and for the elect alone In this book Michael Riccardi offers a critical evaluation of the multiple intentions view from the perspective of classic particularism The book demonstrates that while the third way proposed is attractive at first blush beneath the surface it faces insurmountable biblical and theological problems including the redefinition of the nature of the atonement itself Riccardi demonstrates that particular redemption is the teaching of the text of Scripture against the objections of one of its strongest opponents
