Lektuurgids ,1972 **Vlaanderen** ,1972 **Vikings. Goden; Het Vikingskind; Sigurd** ,1969 *Jeugdomnibus van sagen en legenden* ,1971 **God of Vengeance** Giles Kristian,2015-01-16 Norway 785 AD It began with the betrayal of a lord by a king But when King Gorm puts Jarl Harald s family to the sword he makes one terrible mistake he fails to kill Harald s youngest son Sigurd On the run unsure who to trust and hunted by powerful men Sigurd wonders if the gods have forsaken him his kin are slain or prisoners his village attacked its people taken as slaves Honour is lost And yet he has a small band of loyal men at his side and with them he plans his revenge All know that Odin whose name means frenzy is drawn to chaos and bloodshed just as a raven is to slaughter In the hope of catching the All Father s eye the young Viking endures a ritual ordeal and is shown a vision Wolf bear serpent and eagle come to him Sigurd will need their help if he is to make a king pay in blood for his treachery Using cunning and war craft he gathers together a band of warriors including Olaf his father s right hand man Bram who men call Bear Black Floki who wields death with a blade and the shield maiden Valgerd who fears no man and convinces them to follow him For whether Odin is with him or not Sigurd will have his vengeance And neither men nor gods had best stand in his way **Wings of the Storm** Giles Kristian,2016-12-01 A Viking saga of warmongering honour and loyalty from the Sunday Times bestselling author of Lancelot Giles Kristian Perfect for fans of Bernard Cornwell and Games of Thrones A fitting end to a trilogy that fans of Bernard Cornwell should devour THE TIMES The master storyteller whose books throw the reader headlong into the Viking age BEN KANE This remains Viking writing at its best thrilling in it truest sense heart rendering and yes glorious MANDA SCOTT Probably the best Viking saga I have ever read Reader review Wonderfully written and researched the whole series makes the entire Nordic world come alive Reader review This trilogy is gripping from start to finish Reader review THE GODS MUST BE FAVOURED Norway AD 785 A wild place a place of blood a place where the gods hold sway Sigurd Haraldarson and his oathsworn band are winning fame and reputation But to confront his hated enemy the oath breaker and betrayer King Gorm they must win riches too When a daring raid goes wrong Sigurd finds himself a prisoner of the powerful Jarl Guthrum Bound like a slave he is taken to the sacred temple at Ubsola to face the sacrificial knife But here Sigurd discovers a potent relic Gungnir a great spear that would give him the power to

assemble a host strong enough to challenge King Gorm and avenge the betrayal of his father and the murder of his family The roar of Odin and the wild hunt will be as nothing compared to Sigurd s rage for he and his warriors will be borne on the wings of the storm Wings of the Storm concludes the Viking saga started in God of Vengeance and Winter s Fire *Winter's Fire* Giles Kristian,2016-04-07 Norway AD 785 a vow of vengeance must be kept Sigurd Haraldarson has proved himself a great warrior and a dangerous enemy He has gone a long way towards avenging the murder of his family And yet the oath breaker King Gorm who betrayed Sigurd s father still lives And so long as he draws breath the scales remain unbalanced The sacred vow to avenge his family burns in Sigurd s veins but he must be patient and bide his time He knows that he and his band of warriors are not yet strong enough to confront the treacherous king They need silver they need more spear brothers to rally to the young Viking s banner but more than these they need to win fame upon the battlefield And so the fellowship venture west to Sweden to fight as mercenaries And it is there in the face of betrayal and bloodshed on a journey that will take him all too close to the halls of Valhalla that Sigurd s destiny will be forged There in the inferno of winter s fire The Vikings return in this thrilling thunderous sequel to Giles Kristian s God of Vengeance *The Story of Sigurd the Volsung* William Morris,2021-10-10 Excerpt The story of Sigurd is important to English people not only for its wondrous beauty but also on account of its great age and of what it tells us about our own Viking ancestors who first knew the story The tale was known all over the north of Europe in Denmark in Germany in Norway and Sweden and in Iceland hundreds of years before it was written down Sometimes different names were given to the characters sometimes the events of the story were slightly altered but in the main points it was one and the same tale If we look at a map of Europe showing the nations as they were rather more than a thousand years ago we see the names of Saxons Goths Danes and Frisians marked on the lands around the Baltic Sea Those who bore these names were the makers of the tale of Sigurd The name of the Saxons is of course the best known to us and next in importance come the people we call Danes or Northmen or Vikings who attacked the coasts of the Saxon kingdoms in England The Saxons came from part of the land that is now known as Germany and the Vikings from Denmark and from Scandinavia A third important tribe was that of the Goths who dwelt first in South Sweden and then in Germany All these people resembled one another in their way of life in their religion and in their ideas of what deeds were good and what were evil Their lands were barren too mountainous or too cold to bring forth fruitful crops and their homes were not such as would tempt men never to leave them So though they built their little groups of wooden houses in the valleys of their lands and made fields and pastures about them these were often left to the care of the women and the feeble men while the strong men made raids over the sea to other countries where they engaged in the fighting which they loved and whence they brought back plunder to their homes North South East and West they went till few parts of Europe had not learnt to know and fear them Their ships were long and narrow driven often by oars as well as sails and outside them along the bulwarks the crew hung their round shields made of yellow wood from the lime tree The men wore byrnies or breast

plates and helmets and they were armed with swords long spears or heavy battle axes They were enemies none could afford to despise for they had great stature and strength of body joined to such fierceness and delight in war that they held a man disgraced if he died peacefully at home Moreover they knew nothing of mercy to the conquered Courage not only to fight but also to bear suffering without impatience or complaint and the virtue of faithfulness were the qualities they most honoured To be wanting in courage was disgraceful in their eyes but it was equally disgraceful to refuse to help kinsfolk to lie to deceive or to desert a chief If they put their enemies to death with fearful tortures they did not treat them more severely than the traitors they discovered among themselves and if they had no pity for those they conquered yet they knew well how to admire great leaders and how to serve them faithfully But we can best realise their ideas on these matters by considering their religion and their stories They worshipped one chief god Odin and other gods and goddesses who were his children Odin was often called All father because he was the helper and friend of human beings and appeared on earth in the form of an old man one eyed and seeming ancient with cloud blue hood and grey cloak He had courage strength and wondrous wisdom for he knew all events that happened in the world and he understood the speech of birds and all kinds of charms and magic arts Men served him by brave fighting in a good cause and when they perished in battle he received their souls in his dwelling of Valhalla in the city of Asgard where they spent each day in warfare and where at evening the dead were revived the wounded healed and
