VIRTUE ETHICS

RICHARD TAYLOR

Virtue Ethics Prometheus Lecture Series

Roberto Frega, Steven Levine

Virtue Ethics Prometheus Lecture Series:

Varieties of Virtue Ethics David Carr, James Arthur, Kristján Kristjánsson, 2016-11-30 This book explores recent developments in ethics of virtue While acknowledging the Aristotelian roots of modern virtue ethics with its emphasis on the moral importance of character this collection recognizes that more recent accounts of virtue have been shaped by many other influences such as Aquinas Hume Nietzsche Hegel and Marx Confucius and Lao tzu The authors also examine the bearing of virtue ethics on other disciplines such as psychology sociology and theology as well as attending to some wider public professional and educational implications of the ethics of virtue This pioneering book will be invaluable to researchers and students concerned with the many contemporary varieties and applications of virtue ethics *The Post-Secular in Question* Philip Gorski, David Kyuman Kim, John Torpey, Jonathan VanAntwerpen, 2012-03-12 The Post Secular in Question considers whether there has in fact been a religious resurgence of global dimensions in recent decades This collection of original essays by leading academics represents an interdisciplinary intervention in the continuing and ever transforming discussion of the role of religion and secularism in today s world Foregrounding the most urgent and compelling questions raised by the place of religion in the social sciences past and present The Post Secular in Question restores religion to a more central place in social scientific thinking about the world helping to move scholarship beyond unbelief Contributors Courtney Bender Craig Calhoun Michele Dillon Philip S Gorski Richard Madsen Kathleen Mahoney Tomoko Masuzawa Eduardo Mendieta John Schmalzbauer James K A Smith John Torpey Bryan S Turner Hent de Vries *Virtue Ethics* Richard Taylor, 2002-03 In this fresh evaluation of Western ethics noted philosopher Richard Taylor argues that philosophy must return to the classical notion of virtue as the basis of ethics To ancient Greek and Roman philosophers ethics was chiefly the study of how individuals attain personal excellence or virtue defined as intellectual sophistication wisdom strength of character and creativity With the ascendancy of the Judeo Christian ethic says Taylor this emphasis on pride of personal worth was lost Instead philosophy became preoccupied with defining right and wrong in terms of a divine lawgiver and the concept of virtue was debased to mean mere obedience to divine law Even today in the absence of religious belief modern thinkers unwittingly continue this legacy by creating hairsplitting definitions of good and evil Taylor points out that the ancients rightly understood the ultimate concern of ethics to be the search for happiness a concept that seems to have eluded contemporary society despite unprecedented prosperity and convenience Extolling Aristotle s Nicomachean Ethics Taylor urges us to reread this brilliant and still relevant treatise especially its emphasis on an ethic of aspiration *A Companion to Greek and Roman Political Thought* Ryan K. Balot, 2012-12-26 A COMPANION TO GREEK AND ROMAN POLITICAL THOUGHT Justice virtue and citizenship were at the center of political life in ancient Greece and Rome and were frequently discussed by classical poets historians and philosophers This Companion illuminates Greek and Roman political thought in all its range diversity and depth Thirty four essays from leading scholars in history classics philosophy and political science

provide stimulating discussions of classical political thought ranging from the Archaic Greek epics to the final days of the Roman Empire and beyond These essays strike a judicious yet thought provoking balance between theoretical and historical perspectives A Companion to Greek and Roman Political Thought is an authoritative guide to the ancient Greek and Roman political questions that continue to shape and challenge the modern world A Good Way to Go Colin G.

Jamieson,2013-06-25 A Good Way to Go considering self determination mercy self termination tackles the difficult subjects of living dying suicide and euthanasia but concentrates on the care that can be given The book is aimed at the general public not so much to be authoritative as provide original thoughts and comprehensive enough to provide helpful material to stimulate discussions and provide an overview that might facilitate wholesome changes in our society It is said to be well written and raising new and interesting points The plea for a more merciful society begins with pastoral help to the dying a better understanding of suicide acceptance of self termination a look at ethics health services and the law in regard to euthanasia It is written from a Christian Western perspective because that is what has brought us to this place of confusion and anxiety about death and dying It is important that we take our bicultural and multicultural future very seriously in an ever increasing secular world and it would be audacious to speak on any other cultures behalf **The Routledge**

Companion to Virtue Ethics Lorraine Besser-Jones,Michael Slote,2015-02-20 Virtue ethics is on the move both in Anglo American philosophy and in the rest of the world This volume uniquely emphasizes non Western varieties of virtue ethics at the same time that it includes work in the many different fields or areas of philosophy where virtue ethics has recently spread its wings Just as significantly several chapters make comparisons between virtue ethics and other ways of approaching ethics or political philosophy or show how virtue ethics can be applied to real world problems *Environmental Virtue Ethics*

Ronald D. Sandler,Philip Cafaro,2005 There is one certainty regarding the human relationship with nature there is no getting away from it But while a relationship with nature is a given the nature of that relationship is not Environmental ethics is the attempt to determine how we ought and ought not relate to the natural environment A complete environmental ethic requires both an ethic of action and an ethic of character Environmental virtue ethics is the area of environmental ethics concerned with character It has been an underappreciated and underdeveloped aspect of environmental ethics until now The selections in this collection consisting of ten original and four reprinted essays by leading scholars in the field discuss the role that virtue and character have traditionally played in environmental discourse and reflect upon the role that it should play in the future The selections also discuss the substantive content of the environmental virtues and vices and apply them to concrete environmental issues and problems This collection establishes the indispensability of environmental virtue ethics to environmental ethics It also enhances the breadth and quality of the ongoing discussion of environmental virtue and vice and the role they should play in an adequate environmental ethic Lectures and Essays on Natural Theology and Ethics

William Wallace,1898 **Routledge Handbook of Religion and Ecology** Willis J. Jenkins,Mary Evelyn Tucker,John

Grim,2016-07-22 The moral values and interpretive systems of religions are crucially involved in how people imagine the challenges of sustainability and how societies mobilize to enhance ecosystem resilience and human well being The Routledge Handbook of Religion and Ecology provides the most comprehensive and authoritative overview of the field It encourages both appreciative and critical angles regarding religious traditions communities attitude and practices It presents contrasting ways of thinking about religion and about ecology and about ways of connecting the two terms Written by a team of leading international experts the Handbook discusses dynamics of change within religious traditions as well as their roles in responding to global challenges such as climate change water conservation food and population It explores the interpretations of indigenous traditions regarding modern environmental problems drawing on such concepts as lifeway and indigenous knowledge This volume uniquely intersects the field of religion and ecology with new directions within the humanities and the sciences This interdisciplinary volume is an essential reference for scholars and students across the social sciences and humanities and for all those looking to understand the significance of religion in environmental studies and policy

The Individual in Business Ethics T. Kavaliauskas,2010-11-24 Today we are witnessing social and political dominance of large corporations They provide for its employees moral values and business principles Moreover they institutionalize their codes of ethics The theory of Business Ethics provides the moral guideline and standards for corporate life and concrete business organizations apply those standards to practice The individual employee as a member of a business organization accepts those standards Therefore it is important to examine the foundation of the individual s moral value in Business Ethics in order to understand on what the foundation of the moral value depends on This highly interdisciplinary text is a critique of Business Ethics as an ideology and life politics The author discloses how contemporary business ethics grovels before corporations how it is too weak to create a truly critical voice of American capitalist economy The individual s treatment in corporate life is revealed through the eyes of American Protestant culture and its coercive work tradition where efficiency value usurps values of individual choice and freedom This book suggests a new concept of an out corporate individual

John Dewey's Ethics Gregory Fernando Pappas,2008 A thorough definitive account of Dewey s ethics

A Companion to Ayn Rand Allan Gotthelf,Gregory Salmieri,2021-11-08 The first volume to offer a comprehensive scholarly treatment of Rand s entire corpus including her novels her philosophical essays and her analysis of the events of her times this Companion provides vital orientation and context for scholars and educated readers grappling with a controversial and understudied thinker whose enduring influence on American and world culture is increasingly recognized The first publication to provide an in depth scholarly treatment ranging over the whole of Rand s corpus Provides informed contextual analysis for scholars in a variety of disciplines Presents original research on unpublished material and drafts from the Rand archives in California Features insightful and fair minded interpretations of Rand s controversial positions

The Poverty of Ethics Anat Matar,2022-07-12 Why the left should reclaim ethics and morality for itself The Poverty of Ethics

stands the usual moral political dichotomy on its head It argues that moral principles do not in fact underlie or inform political decisions It is rather the conceptual primacy of political discourse that rescues ethics from its poverty Our ethical convictions receive their substance from historical narratives political analyses empirical facts literary educational models political activity and personal experience Yet morality essentially doesn't leave room for relativity not every ethos deserves to be titled moral Hence the book argues further it is the left ethos as it has evolved over years which forms the basis for ethics morality is left wing Clarifying and justifying this seemingly odd statement is the main purpose of this essay Appealing to philosophical ideas on the essence of language on meaning on understanding and persuasion this book scrutinizes the system of concepts and attitudes informing our common view of the relationship between the moral and the political It argues that the traditional conception of morality is far too narrow to form a basis for political thought and political action Its carefully unfolded argument concludes that none of the current philosophical accounts of morality can be translated into terms of political will much less into direct political action Being too general and elastic neither abstract moral principles ethical aesthetic sensibilities nor the ethical demand emanating from an Other can fulfill these tasks Instead the false primacy of the ethical over the political and the infinite flexibility of vacuous moral discourse are often mobilized to launder wrongs and delegitimize radical left politics Gratification of the moral high ground becomes an implement of depoliticization and thus a powerful political instrument in the hands of those seeking to shore up the existing order

John Dewey's Ethical Theory Roberto Frega, Steven Levine, 2020-09-03 This book provides a wide ranging systematic and comprehensive approach to the moral philosophy of John Dewey one of the most important philosophers of the 20th century It does so by focusing on his greatest achievement in this field the Ethics he jointly published with James Hayden Tufts in 1908 and then republished in a heavily revised version in 1932 The essays in this volume are divided into two distinct parts The first features essays that provide a running commentary on the chapters of the 1932 Ethics written by Dewey Each chapter is introduced situated within a historical perspective and then its main achievements are highlighted and discussed The second part of the book interprets the Ethics and demonstrates its contemporary relevance and vitality The essays in this part situate the Ethics in the broader interpretive frameworks of Dewey's philosophy American pragmatism and 20th century moral theory at large Taken together these essays show that far from being a mere survey of moral theories the 1932 Ethics presents the theoretical highpoint in Dewey's thinking about moral philosophy This book features contributions by some of the most influential Dewey scholars from North America and Europe It will be of keen interest to scholars and students of American pragmatism ethics and moral philosophy and the history of 20th century philosophy

On the teaching of modern languages in theory and practice, 2 lectures Charles Colbeck, 1887

Being Truly Human David W. Gooding, John C. Lennox, 2018-07-06 We need a coherent picture of our world Life's realities won't let us ignore its fundamental questions but with so many opposing views how will we choose answers that are reliable In this series of books David Gooding and John

Lennox offer a fair analysis of religious and philosophical attempts to find the truth about the world and our place in it By listening to the Bible alongside other leading voices they show that it is not only answering life s biggest questions it is asking better questions than we ever thought to ask In Book 1 Being Truly Human Gooding and Lennox address issues surround ing the value of humans They consider the nature and basis of morality compare what morality means in different systems and assess the dangerous way freedom is often devalued What should guide our use of power What should limit our choices And to what extent can our choices keep us from fulfilling our potential **Finding Ultimate Reality** David W. Gooding,John C. Lennox,2018-11-16 We need a coherent picture of our world Life s realities won t let us ignore its fundamental questions but with so many opposing views how will we choose answers that are reliable In this series of books David Gooding and John Lennox offer a fair analysis of religious and philosophical attempts to find the truth about the world and our place in it By listening to the Bible alongside other leading voices they show that it is not only answering life s biggest questions it is asking better questions than we ever thought to ask In Book 2 Finding Ultimate Reality they remind us that the authority behind ethics cannot be separated from the truth about ultimate reality Is there a Creator who stands behind his moral law Are we the product of amoral forces left to create moral consensus Gooding and Lennox compare ultimate reality as understood in Indian Pantheistic Monism Greek Philosophy and Mysticism Naturalism and Atheism and Christian Theism **On the Teaching of Modern Language in Theory and Practice. Two Lectures Delivered in the University of Cambridge...1887** Charles Colbeck,1887 **Biblical Christian Ethics** David Clyde Jones,1994-06-01 After examining what Scripture teaches about the goal and motive of the Christian life the author addresses moral dilemmas human life issues sexuality economic justice and truthfulness Historical Dictionary of Ethics Daniel Bonevac,2023-10-15 Ethics the practical part of philosophy tries to answer three questions central to human life What kind of person should I be What should I do How should I decide It defines describes and explains the important terms concepts theories and thinkers from all areas and eras of the history of ethics from Abba Mika el to Zhuangzi from the Abilene Paradox to Zen Buddhism including such central figures as Aristotle Hegel Kant and Plato as well as lesser known thinkers such as Clarke Fichte Meinong and Xenophon It covers Western and non Western traditions and presents detailed treatments of ancient and medieval ethics including discussions of each of Plato s dialogues that concerns ethical topics It covers both analytic and continental approaches to contemporary moral thinking Historical Dictionary of Ethics Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on the important terms concepts theories and thinkers from all areas and eras of the history of ethics This book is an excellent resource for students researchers and anyone wanting to know more about ethics
